CONCONULLY, WASH., February 13, 1907.

To the Honorable President of the Senate and Speaker of the Assembly of the State of California:

GENTLEMEN: The Conconully (Washington) Commercial Club requests that you have placed on file the enclosed memorial, which has been introduced in the Washington Legislature. The Legislature of your State is asked to pass a similar memorial.

Yours most respectfully,

CONCONULLY COMMERCIAL CLUB.

WASHINGTON LEGISLATURE, TENTH REGULAR SESSION.

MEMORIAL NO. —

To His Excellency, Theodore Roosevelt, President of the United States of America; to the Honorable Senate and House of Representatives of the United States; and to the Honorable Secretary of Agriculture:

We, your memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled (tenth regular session), most respectfully represent and pray as follows:

WHEREAS, The people of the State of Washington, in common with the people of the other States of the Union, are free and liberty-loving; and

WHEREAS, Arbitrary power and despotism are abhorrent to them; and

WHEREAS, The Honorable Secretary of Agriculture of the United States of America has usurped the powers, duties and functions of the law-making power of the government of the United States of America in issuing an arbitrary edict, or ukase, promulgated as a criminal code for the government of Federal Forest Reserves; and

WHEREAS, Said Secretary of Agriculture, in pursuance of his assumed and usurped autocratic power, has caused to be arrested, prosecuted, humiliated and disgraced a citizen of the State of Washington for an alleged violation of one of the provisions of said one-man made criminal code (see *United States vs Matthews*, 146 Fed. Rep. 306); and

WHEREAS, Said Secretary now threatens to criminally prosecute all citizens alleged to have violated his said criminal code; and

WHEREAS, The Congress of the United States has no constitutional power to delegate to any one man the making of criminal laws; and

WHEREAS, The Congress of the United States passed an Act entitled "An Act to provide for the entry of agricultural land within forest reserves," approved June 11, 1906 (34 Stat. 233); and

WHEREAS, Said Act, while beneficial to a limited extent, the same is wholly inadequate to accomplish the purposes for which it was enacted. Under said Act, a prospective homesteader (who is generally a man of limited means), coming from the East to the West to make settlement upon lands within the forest reserve, is not permitted to select for himself non-mineral land, such as to him is satisfactory for a permanent home, but is subjected to long delays, lasting months or years, before he can make his settlement, during which time there is an element of uncertainty as to whether or not he will ever be able to select the homestead desired by him; and as to whether or not a given piece of land is suitable for a homestead must be determined by some subordinate of the Agricultural Department, who, perhaps, is wholly ignorant of the local needs and necessities. Such intending homesteader is subject to the mere caprice, whim or lack of knowledge of such inspector as to the adaptability of the land for agricultural purposes; and said prospective settler, rather than be subjected to endless "rules and regulations," intolerable "red tape," and persistent petty exactions and pestering by departmental officers and underlings, is compelled to migrate to Canada in search of a home of his own for himself and family; and

WHEREAS, Boards of trade, commercial bodies, "booster" clubs and railway companies have distributed millions of pages of literature to induce settlers to acquire homes of their own on the public lands of the United States under the homestead laws; and

WHEREAS, In response to said advertising, tens of thousands of families have deserted their homes in the East, and now find themselves in a new country among strangers, with limited means, and are confronted with the fact that hundreds of thousands of

acres of public land suitable to be taken for homesteads have recently been withdrawn from settlement as forest reserves; and

WHEREAS, Now the serious question arises, "What shall such citizens and their families do?" and

WHEREAS, It is a gross injustice to make wholesale withdrawals of public lands from homestead settlement under the guise of "temporary withdrawals," with no regard as to whether or not such lands embrace timber or prairie lands, or lands necessary for forest reserve purposes; and

WHEREAS, Large portions of such lands so withdrawn are essentially agricultural lands; and

WHEREAS, The making of forest reserves out of lands less than 4500 feet in altitude above sea level retards and prevents the settlement and prosperity of the West, by reason of the facts, among other things, that home builders in the forest reserve will be isolated, without hope of near school or church privileges; without reasonable expectation of the making of suitable roads or the keeping of them in proper repair without extortionate individual expense and running the gauntlet of "red tape"; and

WHEREAS, For like reasons, to a large extent, there is a confiscation of the property of those who have heretofore acquired rights or titles to lands now within the forest reserve, it being a matter of common knowledge that the denser the population in a given community, the higher is the price of land; and conversely, the more isolated, the less valuable; and anything retarding or preventing settlement correspondingly decreases the value of the land; and

WHEREAS, There are large numbers of settlers who, for years, have resided upon unsurveyed lands who now find themselves within the boundaries of forest reserves, who, if from sickness or other unavoidable casualty are compelled to leave their homestead claims, will virtually lose the results of years of toil and their improvements, for the reason that when they quit their premises before making final proof, their lands will revert to the forest reserve; and in most instances no purchaser of the improvements can be found who is willing to become entangled in the meshes of forest reserve regulations; and

WHEREAS, Under the laws of this State, the possessor of land must surround it with a lawful fence, in order to recover damages to crops by cattle; therefore, the farmer or stock man living within or adjacent to a forest reserve, in order to protect his crops and pasturage from forest reserve cattle, must be to the expense of erecting and maintaining a lawful fence, while a forest reserve is not fenced, and is not proposed to be fenced; and the owner of outside cattle must, at his peril, fence or herd his cattle from out the forest reserve, or pay such price from year to year as shall suit the varying caprice of forest officers; and

WHEREAS, The making of forest reserves necessitates new and untried procedure, with consequent uncertainties and delays, in order for the settler on unsurveyed land therein to secure the survey of his land, before which he can not acquire title; and

WHEREAS, In 1866 Congress passed an Act, a portion of which now exists as Section 2477 of the United States Revised Statutes, which grants a free right-of-way across the public lands for the construction of highways, and which enables citizens and local state authorities to speedily construct roads as the necessities of new and quickly growing communities require, (see *Okanogan County vs. Cheetham*, 37 Wash. 682); and

WHEREAS, Said section does not apply to forest reserves; and

WHEREAS, Communities existing on opposite sides of a forest reserve are subject to intolerable delays in attempting to satisfy the requirements of far-distant officers of the government, in order to obtain a public highway between such communities and across such forest reserve, thereby retarding the development and prosperity of the country thus victimized; and

WHEREAS, It often happens that part of a homesteader's claim, by such indiscriminate withdrawals for forest reserves, is placed partly within and partly without the forest reserve, thereby harassing him with two sets of land laws, a variety of "regulations," and the usual governmental delays; and

WHEREAS, If such lands were in private ownership, they would be subjected to state and local taxation, and thereby contribute to the support of government in new states and new communities, where public revenues are generally inadequate to meet present needs; and the present makeshift provided by Congress as an offset for the loss of such just revenues from taxation being wholly inadequate and uncertain for the object intended hereby; and

WHEREAS, It has been the wise policy of the government for more than half a century to grant free water rights upon the public lands; and

WHEREAS, Very recently it has been determined to hamper the acquisition of water rights and rights-of-way within forest reserves, to the great detriment of the general public; and

WHEREAS, As great protection against the ravages of forest fires can be given outside of forest reserves as within them; and

WHEREAS, The Congress of the United States, in pursuance of a wise and liberal policy, in 1875 (18 Stat. 482), passed an Act granting to railroad companies generally rights-of-way across the public domain, with the right to take from adjacent land, material, earth, stone, and timber necessary for the construction of such railroads, etc., which Act has aided materially in the upbuilding of the West; and

WHEREAS, The Act of Congress of March 3, 1899 (30 Stat. 1233), granting rights-of-way for railroads across forest reserves does not grant the right to such railroad companies to

take material, earth, stone or timber necessary for the construction of such railroads; and WHEREAS, The making of a forest reserve segregates the land therein contained from the category of public land; and therefore said Act of March 3, 1875 (18 Stat. 482) does not apply thereto; and

WHEREAS, The needs of the people require the speedy building of electric railways; and

WHEREAS, The great source of water power for the operation of such railways, and the providing of electric lights and power for cities and towns, and for the operation of mines, is situated within the limits of forest reserves; and

WHEREAS, The present federal restrictions tend materially to defeat the accomplishment of these benign purposes, on account of such forest reserves; and

WHEREAS, The stock industry is impeded and discouraged by the creation of forest reserves, among other things, by the imposition of a pasturage tax and the uncertainty from year to year as to the amount of such tax, and the arbitrary and petty exactions inflicted by forest officers, high and low; and

WHEREAS, It is the avowed purpose of the forestry service to make the same self-supporting without any appropriation from Congress therefor and to recruit and organize an army of forestry officers, who must be supported and maintained from the income of the reserve, which means that the communities adjacent to such a forest reserve must pay the bill; and

WHEREAS, More than \$700,000 were wrested from such communities for such purposes during the last year, as against \$60,000 the year before; and

WHEREAS, It is now proposed to increase such exactions in like ratio from year to year; and

WHEREAS, Many hundreds of thousands of acres of land have been placed in forest reserves in a single county in this State, namely, Okanogan County, against the unanimous protest of the citizens of that county, as far as the recent temporary withdrawals are concerned; and

WHEREAS, The people of a local community can best be trusted to decide what is for their best interests and those of their children and their children's children;

THEREFORE, We most earnestly and respectfully protest against the making of said temporary withdrawals permanent, and ask that they be immediately set aside and that the lands therein described be at once restored to the public domain.

The Secretary of State is hereby directed to immediately transmit a certified copy of this memorial to His Excellency the President of the United States of America, to the President of the Senate and to the Speaker of the House of Representatives of the United States, to the Honorable Secretary of Agriculture, and to each of the Senators and Representatives in Congress from this State.

REPORT OF JOINT COMMITTEE.

The following report of joint committee was received and read:

ON MEMORIAL RESOLUTIONS FOR THE LATE HON. JOHN J. BURKE.

We, your Joint Committee, appointed to draw up resolutions of respect to the memory of the late John Joseph Burke, beg leave to report as follows:

WHEREAS, In the course of divine destiny, the hand of death has claimed from among us an honored and beloved member, John Joseph Burke, and

WHEREAS, As a mark of respect to his memory, and in accordance with the wishes of our hearts to express the deep feeling of bereavement in our loss, we desire to make record thereof; now, therefore, be it

Resolved, That in the untimely demise of John Joseph Burke, the Legislature of California lost from its number a member of unimpeachable integrity, possessed of ability

of high order, tireless energy, and unselfish and high ideals. He had a genial wit, a solicitude for the rights of others, and a most lovable and kind disposition. His was a hand ever ready to assist where assistance was needed; his, a heart ready with sympathy, reaching beyond the lines of creed or party. Standing, as he did, at the threshold of a career, brilliant with promise, honored by attainment in the past, he was a type and symbol of the glory of a free land where no prince gives knighthood, but going forth with the accolade of a good mother, a man's deeds and manners confirm in him the only nobility we recognize, the nobility of personal worth. In thus feebly expressing the sentiment of our hearts, and handing down a record thereof for the years that are to come, we extend to the bereaved family of the deceased, our deep and sincere sympathy in their loss, and commend to ourselves and the generation of which he made one, the sweetness and genuine worth of his all too brief career; and be it further

Resolved, That a copy of this resolution be recorded in the Journal of this House, and a copy thereof be engrossed and sent to the family of the deceased.

MOTION.

On motion of Senator Willis, the following was ordered printed in the Journal:

PRELIMINARY REPORT OF SENATE JUDICIARY SUB-COMMITTEE ON CODE REVISION ON THE MUNICIPAL CORPORATIONS BILL.

SACRAMENTO, February 27, 1907.

To the Senate Judiciary Committee.

GENTLEMEN: Your sub-committee on code revision bills beg leave to make this preliminary report, explaining the provisions of the Municipal Corporations Bill, Senate Bill No. 863:

The subject of the title has been changed from "The Government of Cities" to "Municipal Corporations," and the latter phrase has been employed generally throughout the title, instead of the word "cities," "city and county," or "towns." There can be no confusion as between cities and counties, from the use of this term, the Supreme Court having held that counties are not municipal corporations within the meaning of Section 6, Article XI of the Constitution (*People vs. Sacramento*, 45 Cal. 692; *People vs. McFadden*, 81 Cal. 489), and that the city and county of San Francisco is a municipal corporation within the meaning of said section and article. (*Dennan vs. Broderick*, 111 Cal. 96; *Kahn vs. Sutor*, 114 Cal. 316; *People vs. Babcock*, 114 Cal. 559.)

The chapters of the title have also been rearranged and renumbered, which was rendered necessary by the incorporation of the general provisions of the Act of March 13, 1883, "to provide for the organization, incorporation and government of municipal corporations" (Stats. 1883, 93), and of numerous other Acts hereinafter referred to. That portion of the Municipal Corporations Act providing forms of charters for the various classes of cities is of doubtful utility, since the amendment of Section 8, Article XI, of the Constitution, allowing any city containing a population of more than thirty-five hundred inhabitants to frame a charter for its own government, and of Section 6, Article XI, providing that such charters, in so far as they relate to "municipal affairs," take precedence over general laws. It seems useless to cumber the code with matter so little likely to be of benefit, and those charters applicable to cities of the first, second, third and fourth classes (all such cities being included in constitutional privilege of framing their own charters) have, therefore, been omitted. The charters applicable to cities of the fifth and sixth classes have been retained, as many cities are now operating under those provisions.

Sec. 4350. When may incorporate.

Sec. 4351. How may incorporate.

Sec. 4352. Election, how conducted.

Sec. 4353. How may reincorporate.

Sec. 4354. Effect of reorganization.

The preceding five sections were Sections 1, 2, 3, 4, and 5 of the Municipal Corporations Act of March 13, 1883. (Stats. 1883-93.)

Sec. 4355. Reorganization of city acting under charter.

The preceding section was Section 1 of the Act of March 27, 1897 (Stats. 1897, 200). While it is deemed of doubtful utility, it is inserted for the consideration of the Legislature.

Sec. 4355a. City acting under charter may change fiscal year.

The above section was the Act of March 26, 1895 (Stats. 1895, 128).

Sec. 4356. Validation of incorporation, and acts of.

This section was Section 1 of the Act of March 17, 1897 (Stats. 1897, 168). Similar Acts were passed March 11, 1891 (Stats. 1891, 92), March 16, 1889 (Stats. 1889, 203), March 15, 1887 (Stats. 1887, 150), and March 9, 1885 (Stats. 1885, 31). The repeal of all of said statutes is recommended, as their provisions are substantially the same as those of the more recent enactment, here inserted.

Sec. 4357. Reorganization as city of the higher class.

The amendment here presented was embodied in the Act of March 20, 1899 (Stats. 1899, 141), with only such changes as are necessary to make the phraseology conform to that adopted throughout the title. On March 8, 1899, a bill that had been duly passed by the Legislature became a law without the Governor's approval (Stats. 1899, 75), which related to the same subject as the foregoing section. That Act, however, applied only to municipal corporations of the sixth class and in several respects conflicted with the provisions of the later Act of March 20. Said Act of March 8 is therefore not codified, and its repeal is recommended.

Sec. 4358. Disincorporation of.

The above section was the amendatory Act of February 17, 1899 (Stats. 1899, 13). The principal difference between said Act and the section as originally codified, consists in the provisions for the redemption from tax sales and for the execution of deeds for the property of delinquent taxes and assessments. The Act applied only to municipal corporations of the sixth class, but is here made general.

Sec. 4358a. Winding up affairs of disincorporated municipality.

This section and the three following constituted the Act of February 18, 1899 (Stats. 1899, 17), with slight modification.

Sec. 4358b. Board of supervisors shall cause proportion of property and debts to be ascertained.**Sec. 4358c. Bonded indebtedness, how paid.**

See note to Section 4358a.

Sec. 4358d. Delinquent taxes, redemption of, or tax deed.

See note to Section 4358a.

Sec. 4359. Classes of, defined.

This section was Section 1 of the Act of March 2, 1883 (Stats. 1883, 24), as amended March 5, 1901 (Stats. 1901, 94).

Sec. 4359a. Certificate of classification to be filed in office of Secretary of State.

The above section is new and is deemed desirable in order to provide an official record of the classification of municipal corporations within the State.

CHAPTER II.

This chapter includes such portions of Chapters II, III, and IV of the original code as were necessary to be incorporated. Since the adoption of the Municipal Corporations Act, and of the several amendments to the Constitution hereinbefore referred to, it is not necessary to retain many of the provisions of said chapters, for the reason that they are contained in the charters, general or special, under which municipal corporations exist. The case of *Buck vs. City of Eureka*, 109 Cal. 504, in which it was held that certain provisions of said chapters were a part of the charter of said city, while not decided until after, was commenced prior to the adoption of the present charter of said city, and of the amendment to section 6, Article XI, of the Constitution, which gave city charters precedence over general laws in municipal affairs. The case of the *City of Los Angeles vs. Teed*, 112 Cal. 319, where it was held that certain sections of the chapters referred to applied to all cities, was also decided before the amendment above referred to had been carried at the election in 1896. It is not deemed necessary to retain any of the provisions of Sections 4385 to 4392, inclusive, as they are all fully covered by the charters or special laws governing the cities to which they would apply.

Sec. 4361. Municipal corporation body politic and corporate.

The amendment to the above section consists principally in referring to city charters instead of "special laws" for the specific powers of municipal corporations. The number of the section has also been changed, as have most of those found in the original chapters, and incorporated herein. The definitions are new.

Sec. 4362. Officers, and selection of.

This section is new, and is inserted in harmony with the constitutional provisions that municipal affairs shall be governed by charter and not by general laws.

Sec. 4363. Official oath and bond.

The above section is drawn from the original sections 4373 and 4374.

Sec. 4364. Election of officers upon failure to elect under charter.**Sec. 4365. Appointment of commissioners.**

Sec. 4366. Powers of commissioners.

Sec. 4367. Election returns.

Sec. 4368. Canvassing returns.

Sec. 4369. Officer qualifying.

Sec. 4370. Effect of elections.

Sec. 4371. Resolution as to organization.

The preceding eight sections constituted the Act of March 14, 1885 (Stats. 1885, 136). The Act was originally limited to cities of the sixth class, but if there be any necessity for its retention, it should apply to other classes as well, and is therefore made general.

Sec. 4371a. Duty of outgoing officers.

This section was Section 6 of the Municipal Corporations Act of March 13, 1883 (Stats. 1883, 93).

Sec. 4372. Division of powers.

This section is practically new, although a small portion thereof is taken from old Section 4355.

Sec. 4373. What and how exercised.

This section is new, and intended to introduce the following sections: 4374 et seq., which authorize the performance of specific acts, and provide the manner of such performance.

Sec. 4374. May take its census.

Sec. 4375. How census taken.

The two preceding sections were Sections 1 and 2 of the Act of February 25, 1897 (Stats. 1897, 28), with slight modifications.

Sec. 4376. Effect of taking census.

The preceding section is partly new and partly drawn from Section 2 of the Act of March 2, 1883 (Stats. 1883, 24).

Sec. 4377. May change boundaries by annexing or excluding territory.

The preceding section is a combination of the first sections of two Acts, both passed March 19, 1889, that for the annexation of territory (Stats. 1889, 358), and that for the exclusion of territory (Stats. 1889, 356). It also covers the provisions of the Act of March 20, 1889 (Stats. 1889, 433), which was a duplicate of Section 1 of the Act of March 19, 1889, for excluding territory. The method of determining the amount of indebtedness due from excluded territory to the municipality from which it was excluded is provided in the Code of Civil Procedure, Title XIV, Section 122a, *et seq.*

Section 2 of the Act for the exclusion of territory (Stats. 1889, 356) is omitted, as it is not only vague and uncertain in its meaning, but, if capable of being carried into effect, might result in great hardship to the municipality. There has also been incorporated in the section the provisions of Section 1 of an Act which became a law without the Governor's approval on March 2, 1889 (Stats. 1889, 37), which Act provided for the annexation of uninhabited territory. The remaining sections of said last named Act will be found embodied in Sections 4378 and 4379.

Sec. 4378. Altering boundaries of wards.

The above is Sections 2 and 3 of the Act for the annexation of territory, amended so as to apply also in the case of excluded territory (Stats. 1889, 358).

Sec. 4379. Expenses, how paid.

This was Section 4 of the Act last above referred to. There has been added a reference to the statute providing a method of determining indebtedness of the excluded territory, which Act has been carried into the Code of Civil Procedure (1822a, *et seq.*).

Sec. 4380. Consolidation of municipal corporations.

The above is Section 8 of the Act of March 13, 1883 (Stats. 1883, 93).

Sec. 4381. May acquire private property for municipal uses, or for parks or boulevards.

The above section is substantially the same as was provided by old Section 4372 and by Section 1 of the Act of March 19, 1889 (Stats. 1889, 361), and the Act of March 14, 1891 (Stats. 1891, 102).

Sec. 4382. Where such land may be located. Jurisdiction over.

The above section is drawn from Section 2 of the Act of March 19, 1889 (Stats. 1889, 361), and from the Act of March 1, 1897 (Stats. 1897, 47), which became a law on that date without the Governor's approval. The remainder of the Act of March 19, 1889, above referred to, is covered by the provisions of the Act of March 19, 1889 (Stats. 1889, 399), and the repeal of the same is therefore recommended.

Sec. 4383. May construct roads and grant franchises outside city limits.

The preceding section is drawn from the statutes of March 1, 1897 (Stats. 1897, 45 and 46).

Sec. 4384. May accept or reject gifts, bequests, etc.

This section is drawn from the Act of February 10, 1881 (Stats. 1881, 2). The Act of April 3, 1880 (Stats. 1880, 20), gave to the State, counties, cities and counties, cities or towns, power to receive donations, and provided that in case no designation was made of the uses and purposes of such donation, the same should be paid into the common school fund. The Act of 1881 applied to counties and cities, and provided for the disposition by the council, or other governing body, when no provision was made by the donor as to the purpose of the gift. The subject matter of the latter statute, so far as same related to municipal corporations, is embodied here, and the recommendation is

made that both the statute of 1880 and of 1881 be amended so as to apply only to the State in the first instance, and to the counties in the second instance, and that as so amended they be carried into the Code in their proper place. The statute of March 9, 1885, relating to donations for parks (Stats. 1885, 38), should be repealed, as it is covered by the more general provisions of this section, and by the terms of the new charter for the City of San Francisco.

Sec. 4385. May levy tax for maintenance of parks.

The preceding section was Sections 1 and 2 of the Act of March 8, 1887 (Stats. 1887, 52), here amended by striking out the provision limiting the levy of such a tax for use on parks of not less than ten acres. The provision as to counties is omitted.

Sec. 4387. May destroy municipal bonds, when.

The above section was the statute approved February 26, 1897 (Stats. 1897, 34).

Sec. 4388. May acquire gravel beds and quarries.

This section was the Act of March 27, 1897 (Stats. 1897, 217).

Sec. 4388a. May lease lands to associations of veterans.

This section was the Act of March 11, 1897 (Stats. 1897, 113).

Sec. 4388b. May acquire and control lands for cemeteries.

This section is drawn from the Act of February 21, 1899 (Stats. 1899, 22). The inhibition as to cities of the first class has been removed, so as to harmonize this section with Section 3108 (*ante*).

Sec. 4389. May grant franchises and privileges, for what.

The above is old Section 4410 combined with Section 1 of the Act of March 13, 1897 (Stats. 1897, 135).

Sec. 4390. Reservations and conditions.

This was old Section 4411, with slight amendments. Old Section 4412 is omitted here, its provisions having been partly overruled by the Act of March 26, 1895 (Stats. 1895, 191), embodied in Section 4392, *post*.

Sec. 4391. Same.

This was old Section 4418, with necessary amendments.

Sec. 4392. May contract for gas, electricity, and water.

This was old Section 4412, amended by adding electricity and striking out the five-year clause.

Sec. 4393. Restrictions and conditions.

Sec. 4394. Contracts must be let to the lowest bidder.

Sec. 4395. Bids, how made. Length of contract.

The preceding three sections comprised the Act of March 26, 1895 (Stats. 1895, 191), as amended March 27, 1897 (Stats. 1897, 210).

Sec. 4396. May fix rates for water, heat, light, or power.

The above section is substantially Section 1 of the Act of March 7, 1881 (Stats. 1881, 54), and is intended to enable municipal corporations to control and regulate the price of other utilities, as well as of water. The statute of March 8, 1878 (Stats. 1877-78, 107), to regulate the quality and price of gas in the City of San Francisco, should be repealed, as the subject-matter thereof is provided for in the new charter of said city. The remainder of the Act of 1881 is here incorporated, with such changes as were necessary to make it apply to heat, light, and power, as well as to water.

Sec. 4397. Annual statements to be made by water companies, etc.

Sec. 4398. Additional statement.

Sec. 4399. Refusal to make statement a misdemeanor.

Sec. 4400. Copy of statement to be filed.

Sec. 4401. Rates to be equal.

Sec. 4402. Excess in charging rates, forfeits, franchises, etc.

Sec. 4403. Penalty to council neglecting to enforce Act.

Sec. 4404. May provide for sale of excess water.

This section is the Act of March 23, 1897 (Stats. 1897, 182), with necessary amendments.

Sec. 4405. Must provide for annual vacations for the police and firemen.

The above section is the Acts of February 24, 1891 (Stats. 1891, 47), and of March 26, 1895 (Stats. 1895, 76), here combined so as to apply to both police and fire departments, together with the Act of March 4, 1899 (Stats. 1899, 57), which became a law without the Governor's approval, on that date.

Sec. 4406. Of certain classes, may increase police force.

This section is the Act of February 24, 1891 (Stats. 1891, 10). Its provisions were originally limited to cities of the first, second, or fourth classes, but are here made general.

Sec. 4407. Quorum.

This is old Section 4406.

Sec. 4408. Power over its own members.

This is old Section 4407. Old Section 4408 has been retained as Section 4421f. The provision as to second expulsion is omitted for obvious reasons.

Sec. 4409. May incur indebtedness.

Sec. 4410. Manner of procedure.

Sec. 4411. Publication of intention.

Sec. 4412. Plans and estimates of improvements.

Sec. 4413. Limit of indebtedness.

Sec. 4414. Character of bonds.

Sec. 4415. Form of bond.

Sec. 4416. Rate of interest.

The last preceding section is amended by requiring the place of payment of said bonds to be at the office of the treasurer of the municipality. This is rendered necessary by the decision of the Supreme Court in the case of *The City of Los Angeles vs. Teed*, 112 Cal., 319.

Sec. 4417. Tax levy.

Sec. 4418. Duty of corporation as to maintenance of improvements.

Sec. 4419. Letting of contracts.

The foregoing ten sections were comprised in the Act of March 19, 1889 (Stats. 1889, 399), as amended March 11, 1891 (Stats. 1891, 84 and 94), March 19, 1891 (Stats. 1891, 132), and March 1, 1893 (Stats. 1893, 61). On March 9, 1897 (Stats. 1897, 75), an Act was passed authorizing any incorporated city or town, other than cities of the first class, to refund its indebtedness. This Act specifically provided that "Chapter 52 of the Statutes of 1883" (Stats. 1883, 370), "Chapter 48 of the Statutes of 1893" (Stats. 1893, 61), and Chapter 176 of the Statutes of 1895, "all being laws in conflict herewith, are hereby repealed." Chapter 82 of the Acts of 1883, and Chapter 176 of the Acts of 1895, were in conflict with said Act of 1897 (Stats. 1897, 75), but Chapter 48 of the Acts of 1893 was not in conflict therewith, being an Act for the issuing of improvement bonds, and not connected with or appertaining to the Act of 1897, which is the Refunding Act. Chapter 47 of the Acts of 1897 (Stats. 1897, 59), is an Act appertaining to the refunding of municipal indebtedness, and it was evidently a clerical error on the part of the Legislature in providing for the repeal of Chapter 48, the manifest intention being to repeal Chapter 47. The Supreme Court has held in the case of *The City of Los Angeles vs. Hance*, that Section 6 of the Act of March 19, 1889 (Stats. 1889, 399), as amended March 1, 1893 (Stats. 1893, 61), was not repealed by the Act of March 9, 1897 (Stats. 1897, 399). The provisions of said Chapter 48, which will be found embodied in Sections 4415 and 4417, have, therefore, been retained. Both of the chapters referred to should be repealed upon the adoption of this Code, as should also the Act of 1889, as amended, its provisions being included herein. Section 11 of said Act is omitted here, for the reason that it is sufficiently covered by Section 4363, *ante*.

Sec. 4420. May refund indebtedness.

Sec. 4421. Duty of treasurer.

The two preceding sections are drawn from the Act of March 9, 1897 (Stats. 1897, 75), referred to in the note to Section 4419, *ante*. Said Act excepted from its operations cities of the first class, but that exception has been stricken out, as there seems to be no good reason for excluding any class of municipal corporations from the privilege of refunding its indebtedness at a lower rate of interest, if possible.

The provisions of old Sections 4445, 4446, 4447, and 4448 are sufficiently covered by the two preceding sections, if, indeed, the provisions of said old sections have any validity or force. For a thorough discussion of said sections, see *City of Los Angeles vs. Teed*, 112 Cal., 319. Section 4449 has been omitted as unnecessary and useless.

Sec. 4421a. How franchises are granted.

Sec. 4421b. Extension and forfeiture of franchises.

Sec. 4421c. Violation of provisions a misdemeanor.

The preceding four sections constituted the Act of March 13, 1897 (Stats. 1897, 135). The only amendment of importance is embodied in the provision for raising bids at the time of opening and reading the same. The minimum bid is not changed, while opportunity is given for offers more advantageous to the public to be accepted.

The Act of March 19, 1897 (Stats. 1897, 177), and the Act of March 23, 1893 (Stats. 1893, 288), amended thereby, should both be repealed as their provisions are fully covered by the said Act of March 13, 1897, and the provisions of the County Government Law.

The above and the following sections are made to apply to the case of franchises granted by counties, by proper reference hereto in the provisions of the Code relating to the powers of boards of supervisors, and the government of counties.

Sec. 4421d. When street railway franchises may not be granted.

This section was the Act of February 24, 1893 (Stats. 1893, 29). It originally applied only to counties and cities and counties. It is here made general in its application. Its provisions are probably of very doubtful utility, but if desirable at all should certainly apply to all municipalities. Application to counties is stricken out, as the chapter deals only with municipal corporations, and counties are included in its provisions by proper reference to the section. See note to preceding section.

Sec. 4421e. Franchises for bicycles, etc. Paths and roads.

This section was the Act of March 27, 1897 (Stats. 1897, 191). It applied to the counties as well, but is here limited to municipal corporations, and made to apply to counties by other provisions. See note to Section 4421d.

Sec. 4421*f*. Other powers.

This was old Section 4408. The first two subdivisions have been omitted. There was added to Subdivision 11 the provisions of the statute of March 23, 1893 (Stats. 1893, 234), as amended in 1895 (Stats. 1895, 157), relating to the removal of human remains. In *Ex parte Campbell*, 74 Cal., 20, the Supreme Court held that old Section 4408 was unconstitutional, but as this was dictum in that case, the section is retained.

Sec. 4421*g*. All ordinances must be presented to mayor. How passed over veto.

The above section was the Act of March 27, 1897 (Stats. 1897, 190), and is here substituted in the place of old Section 4414, which related to the same subject-matter. Said statute was, perhaps unnecessarily prolix, but as it makes some changes in the former Code section, notably that of requiring three fourths, instead of two thirds of the votes of all the members to pass an ordinance over the mayor's veto, and because it is so late an expression of the legislative will, it is inserted here without change, except to omit the definitions of certain terms therein used, and which are deemed unnecessary.

Sec. 4421*h*. Disposal of surplus money raised for public improvements.

The above section is new, and was the Act which became a law without the Governor's approval on March 16, 1899 (Stats. 1899, 105).

ARTICLE III.

In the preparation of this article, for municipal corporations of the first class, the provisions of the charter of San Francisco relating to police courts have been adopted for incorporation in the statutes. For municipal corporations of the second class, the provisions of the so-called Whitney Act (Stats. 1885, 213), slightly modified, have been adopted, omitting from said Act Section 6½ thereof, as adopted in 1893 (Stats. 1893, 41), on the ground of unconstitutionality. For municipal corporations of the third and fourth classes, the provisions of the statutory charter for cities of the third class have been adopted, the same being more simple and more satisfactory than those pertaining to cities of the fourth class. As the statutory charters for municipal corporations of the fifth and sixth classes have been carried into the Code, it was not deemed necessary to do more than refer to the provisions thereof as to the judicial powers of cities of those classes.

Sec. 4422. In what courts vested.

This section is new.

Sec. 4423. In municipal corporations of the first class.

CHAPTER IV.

Articles I, II, and III of this chapter are drawn from the so-called Vrooman Act, being the Act of March 18, 1885 (Stats. 1885, 147), and the amendments of said Act. Article IV was the Act of March 6, 1889 (Stats. 1889, 70). Article V was the Act of March 11, 1893 (Stats. 1893, 153), and Article VI was the Act of February 27, 1893 (Stats. 1893, 33).

Sec. 4430. Definitions.

The above definitions were originally included in Section 34 of the Act from which this chapter is drawn (Stats. 1885, 147). Subdivisions 1 and 4 of said section will be found incorporated herein as Sections 4431g and 4431h, respectively. Subdivision 14 is omitted, as no longer applicable.

Sec. 4430a. Public streets.

Sec. 4430b. Council may order street work.

Sec. 4430c. Procedure for doing street work.

Sec. 4430d. Owners may petition for street work.

Sec. 4430e. Sealed bids for street work.

Sec. 4430f. Street superintendent to make contracts.

The amendment proposed to the above section, as codified, consists in adding thereto, and as a part thereof, the provisions of an Act approved February 21, 1899 (Stats. 1899, 23). It has been added to Section 4430f rather than carried as a new section, because it appertains directly to the subject-matter of said section.

Sec. 4430g. Expense of street work, how assessed.

Sec. 4430h. Street superintendent to make assessment.

Sec. 4430i. Form of warrant.

Sec. 4430j. Payment to be demanded.

Sec. 4430k. Owners may object to assessment.

Sec. 4430l. Contractor may sue, when.

Sec. 4430m. Partial assessment may be made.

Sec. 4430n. Street repairs, duty of superintendent

Sec. 4430o. Lien for cost of repairs.

Sec. 4430p. Cumulative remedy.

Sec. 4430q. "Owner" defined.

Sec. 4430r. Rights of tenant to pay assessment.

Sec. 4430s. Effect of records of street superintendent.

Sec. 4430t. Service of notices.

Sec. 4430u. City to keep accepted streets in repair.

Sec. 4430v. Superintendent to keep office and records.

Sec. 4430w. City not liable for damages.

Sec. 4430x. Power of council not stayed by objection.

Sec. 4430y. Street contingent fund and its application.

Sec. 4430z. Cost of street work may be paid out of the treasury.

Sec. 4431. Cost of sewer may be paid from assessment district or from street contingent fund.

Sec. 4431a. Bonds may be issued for sewer work.

The time for which bonds may run has been increased to forty years in accordance with the general law.

Sec. 4431b. Condition of sewer bonds.

Sec. 4431c. How sewer bonds sold.

Sec. 4431d. May be sold at not less than par, without notice.

Sec. 4431e. Surplus proceeds may be transferred to general fund.

Sec. 4431f. How contracts for sewer work let.

Sec. 4431g. Duties of city engineer.

Sec. 4431h. Notices, how published or posted.

The two preceding sections were Subdivisions 1 and 4 of Section 34 of the original Act. The remainder of said section dealt only with definitions of terms used therein, and will be found embodied in Section 4430; subdivision 14 of said Section 34 has been omitted as no longer necessary.

Sec. 4431i. Street superintendent may appoint inspector.

Section 36, providing for repeal of Act of March 6, 1883, and for completion of work commenced under said Act, is omitted as unnecessary.

Sec. 4431j. Work commenced under former Acts, not affected thereby.

Sec. 4431k. Sewer districts outside municipalities, petition and notice.

Of March 8, 1899, an Act became a law, under constitutional provision, without the Governor's approval (Stats. 1899, 81), which said Act provided for the creation and establishment of sewer districts adjacent to municipal corporations.

The Act also provides for connecting the sewers of such a district with a sewerage system of such adjacent municipality, and as all other provisions of law relating to sewers are found in connection with the subject of municipal corporations, this Act has been codified as a part of this title. The above section was Section 1 of said Act.

Sec. 4431l. Levy and collection of taxes.

This was Section 2 of the Act above referred to.

Sec. 4431m. Construction of, and connection with said sewers.

This was Section 3 of said Act.

Sec. 4431n. Connections of said sewers with municipal system.

This was Section 4 of said Act.

Sec. 4431o. Construction of sewers, issuance of bonds, etc.

In the Act above referred to, no provision was made for the administration of said Act, and as it might be inoperative without such provisions, the other sections of this title have been made applicable to the proceedings provided for in said Act, imposing upon the proper county officers the duties therein devolving upon the municipal authorities.

ARTICLE III.

The following Sections 4432 to 4432g, constituted Sections 38 to 51 of the Vrooman Act, being the amendment of March 9, 1893 (Stats. 1893, 89). There have been made such additions as were necessary to provide the method of selling lands for delinquent street assessments. The Act is complicated, and much of it is necessarily repeated in the following article upon the opening, widening, etc., of streets. It has not been deemed best, however, to amend the article by substituting any more simple or desirable procedure.

Sec. 4432. Change of grade of streets.

Sec. 4432a. Owner may file petition for damages.

Sec. 4432b. Board of commissioners, of whom composed.

Sec. 4432c. Same. Must assess benefits and damages.

Sections 41 and 42 of the original Act have been combined and inserted as one section.

Sec. 4432d. Same. Must report to council.

Sec. 4432e. Report must be in writing; what to contain.

Sec. 4432f. Report to be filed. Notice thereof to be given.

Sec. 4432g. Objections may be filed and heard.

Sec. 4432h. Assessment, how made.

The above section was amended by striking out the portion thereof providing that certain portions of the original Act were not applicable.

Sec. 4432i. Report of commissioners to be assessment roll.

Sec. 4432j. Street superintendent to give notice of receipt of assessment roll.

The above section is a portion of Section 49 of the Act, the remainder of which will be found in Section 4432o, *post*. It has been deemed necessary to embody here so much of the former provisions for the sale of lands for delinquent State and county taxes as may be necessary for the sale of lands delinquent for street assessments. The amendments of 1895 to the revenue laws provided that the State should purchase all lands sold for delinquent taxes. Therefore, it is no longer sufficient to provide that the sales contemplated in this chapter shall be "in the same manner as is, or may be, provided for the collection of State and county taxes." Such sections and parts of sections of the old code have therefore been added here as will provide a means of disposing of the lands sold for delinquent street assessments.

Sec. 4432k. Sale may be postponed—how conducted.

This section is drawn from old Sections 3771 and 3772.

Sec. 4432l. Owner may designate what portions to be first sold.

Sec. 4432m. Street superintendent to give certificate of sale.

The above is old Section 3776.

Sec. 4432n. Redemption, how made.

The above is old Section 3780, amended.

Sec. 4432o. Street superintendent to give deed.

Sec. 4432p. Warrant for amount of damages.

Sec. 4432q. If warrant not accepted, premises may be condemned.

Sections 52 and 53 of the Act are omitted, as unnecessary.

Sec. 4433. Council has power over streets.

Sec. 4433a. Resolution of intention to perform street work.

Sec. 4433b. Street superintendent to post notice.

Sec. 4433c. Interested persons may file objections.

- Sec. 4433d. Decision of council to be final.
- Sec. 4433e. Jurisdiction.

- Sec. 4433g. Expenses to be a charge upon the particular work required.
- Sec. 4433h. Viewing of land; examination of witnesses.
- Sec. 4433i. Report of council accompanied with a plat of the assessment district.
- Sec. 4433j. Report, what must specify.
- Sec. 4433k. When set down to unknown owners.
- Sec. 4433l. Filing of report and plat, and publication thereof.
- Sec. 4433m. Objections must be in writing.
- Sec. 4433n. Duty of clerk of council.
- Sec. 4433o. Duty of superintendent of streets on receiving certified copy of report.
- Sec. 4433p. Payments for land and improvements, when and how made.
- Sec. 4433q. Proceedings to condemn on refusal to accept payment.
- Sec. 4433r. Duty of treasurer on payment of warrants.
- Sec. 4433s. Supplementary assessments, when may be ordered.
- Sec. 4433t. Proceedings when boundaries of districts affect the whole city.

Section 23 of the original Act, except Subdivisions 2 and 8 thereof, is omitted for the reason that it is covered by Section 4430. Sections 24 and 25 are also omitted as unnecessary.

- Sec. 4433u. Notices to be posted when publication can not be had.

The preceding section was Subdivisions 2 and 8 of Section 23 of the original Act. See note to preceding section.

- Sec. 4434. Provisions for planting trees and trimming hedges.
- Sec. 4434a. Resolution of intention and notices.
- Sec. 4434b. Majority of owners may file written objections.
- Sec. 4434c. Jurisdiction, when acquired.
- Sec. 4434d. Bids, and the letting of contracts.
- Sec. 4434e. Bond of contractor.

The requirement that justification of sureties should be before the recorder or justice of the peace has been omitted.

- Sec. 4434f. Duty of street superintendent.
- Sec. 4434g. Payments to be by installments.
- Sec. 4434h. Assessment, diagram, and warrant.
- Sec. 4434i. Warrant to be delivered to contractor.
- Sec. 4434j. Jurisdiction of council over hedges, fences, etc.
- Sec. 4434k. Council to replace and care for trees.
- Sec. 4434l. Application of article.

- Sec. 4435. "Street-work Act" defined.

The above section is amended so as to refer to the proper Act as codified. The municipal body or officer referred to is sufficiently indicated by the definitions in Section 4430.

- Sec. 4435a. Serial bonds may be issued for street work, when.

The above section was Section 1 of an Act which became a law without the Governor's approval on March 2, 1899 (Stats. 1899, 40) which said Act was amendatory of the Act of February 27, 1893 (Stats. 1893, 33), the so-called "Bond Act." The amendment consists in reducing the amount per front foot which will authorize the issuance of a bond, from one dollar to fifty cents.

- Sec. 4435b. Resolutions and notices to contain description of bonds.

The above was Section 2 of the Act referred to in the note to the preceding section.

- Sec. 4435c. Duty of street superintendent and treasurer. Form of bond.

The above was Section 3 of the Act above referred to.

- Sec. 4435d. Land may be sold for default in payment of principal or interest.

The above was Section 4, of the Act hereinbefore referred to. The procedure provided herein is similar in many respects to that provided in Section 4432j, but as that relates to delinquent assessments and is enforced by the street superintendent, while this relates to default in the payment of bonds, and is enforced by the treasurer, it has been deemed best to retain both sections.

- Sec. 4435e. Proceeding when railroad tracks on street ordered to be improved.

Section 7 of the original Act is omitted, because included in Section 4430, and Section 8 is not inserted because unnecessary.

CHAPTER V.

This chapter is drawn from the Act of April 26, 1880 (Stats. 1880, 231). No changes are suggested except such as are deemed necessary to adapt it to present conditions and a place in the Code.

Sec. 4436. Municipality may levy and collect taxes for.

Sec. 4436a. Money received shall constitute "library fund."

Sec. 4436b. Property for library purposes shall vest in municipality.

Sec. 4436c. Board of Trustees in cities of the first class.

This was Section 6 of the Act from which the chapter is drawn, and is made to precede Section 5 of said Act, because it deals with the higher class of municipalities. It has been amended to accord with the present classification of cities, and to limit its application to such municipalities as have made no provision upon the subject in their charters.

Sec. 4436d. Board of trustees in cities of other classes.

The wording of portions of the law as it now stands has caused no little confusion and uncertainty in its execution. By one reading of Section 5 it has been presumed that the legislative intent was to make the term of library trustees four years, and that a part be elected at each municipal election, just as town trustees are now chosen.

On the other hand, it is certainly inferable that the entire board of five shall be chosen at each and every biennial election, and this is the general practice.

But this opens the library to the danger of being entirely revolutionized each two years; and what is practically much worse, very frequently throws the institution into the hands of a board composed exclusively of new men, none of whom are acquainted with the workings or needs of the library. Inevitably there is a loss to public and library until the new members accustom and acquaint themselves with the needs and duties involved.

There seems no sufficient reason for excluding women from taking part in the management of libraries, and the amendment in this regard is important.

Sec. 4436e. Character and term of office of trustee.

In Section 7 of the law the provision that "trustees hold office during good behavior" evidently refers to those appointed for cities of over one hundred thousand population; yet in this section alone is found the provision that trustees serve without compensation, and in that particular at least it applies both to trustees appointed and elected. The slight changes suggested will obviate all uncertainties.

Sec. 4436f. Duties of trustees.

Sec. 4436g. Powers of trustees.

Sec. 4436h. Demands of trustees to be paid by treasurer.

Sec. 4436i. Annual report of trustees and secretary.

Sec. 4436j. Powers of council.

Section 13 of the original Act has been omitted as unnecessary.

Sec. 4436k. Provisions apply to libraries heretofore established.

CHAPTER VI.

This chapter is drawn from the Municipal Corporations Act of March 13, 1883 (Stats. 1883, 93), being Chapter VI of said Act, with slight modifications and amendments, which are noted where they occur. See note at beginning of title on municipal corporations, Section 4350, *ante*.

Sec. 4437. General powers enumerated.

Sec. 4438. Officers enumerated.

Sec. 4438a. Election and terms of office.

The provision as to the classification of the board of trustees has been stricken out as no longer necessary. There has been added a provision for trustees of a free public library and reading room in accordance with the Act of April 1, 1897. (Stats. 1897, 403).

Sec. 4438b. Official bonds.

Sec. 4438c. Vacancies.

The provision for filling vacancies in the office of library trustee was a part of the Act of April 1, 1897 (Stats. 1897, 403). See note to Section 4438a.

Sec. 4438d. Compensation.

The provision preventing the reduction of the compensation of officers has been stricken out. The Constitution expressly allows such reduction.

Sec. 4439f. Board to audit demands.

Sec. 4439g. Indebtedness not to exceed moneys provided.

Sec. 4439h. Incurring of indebtedness to be decided at an election.

The above section was amended twice at the legislative session of 1889 (Stats. 1889, 371 and 397); the amendments were substantially the same, the only provision of importance which was not included in the above amendment being a proviso limiting interest to seven per cent.

Sections 769 and 770 of the Act are omitted from this place. Section 769 is carried in as Section 4443a, and 770 was duplicated by Section 812 of the Act. (See Section 4443b, *post*.)

Sec. 4441c. Powers of boards.

The amendments to the above section were made in an Act which became a law without the Governor's approval, on March 14, 1899 (Stats. 1899, 98), and consist chiefly in adding to the powers of the board that of maintaining primary, kindergarten and evening schools and of dismissing the superintendent of schools.

Sec. 4441d. Board may sue and be sued.

Sec. 4441f. Demands.

Sec. 4446*a*. Meetings.

Sec. 4446*b*. Rules.

Sec. 4446*c*. Franchises and resolutions.

The words "for any purpose" have been added after the word "ordinance," to remove the doubt as to the true construction of this section, raised in the case of *Derby vs. The City of Modesto*, wherein it was contended that the restriction as to time applied only to "ordinances and resolutions granting a franchise." As amended it is in harmony with the corresponding section in charters for cities of the fifth class. See Section 4439*c*, *ante*.

COMMUNICATION.

The following communication was presented by the Acting President and ordered printed in the Journal:

THE MERCHANTS' ASSOCIATION OF SAN FRANCISCO,
SAN FRANCISCO, CAL., February 25, 1907.

To the Honorable, the Senate and Assembly, Sacramento, California.

GENTLEMEN: The insurance situation with which San Francisco is confronted in its period of reconstruction is a serious one, and it will require considerable tact to meet it effectively.

Probably in none of the large cities of the world is it possible for merchants to secure all the insurance which they think it proper to carry in order to be reasonably safe. The difficulties in the way of securing adequate insurance in San Francisco, however, are greater than they were before the fire of last April. One well-known English company, which paid its San Francisco losses in full, has recently decided to cancel one million dollars of its San Francisco insurance, and another good and strong company has decided to cancel two million dollars of its insurance here. Difficulties in the way of securing adequate insurance raised by such conservative policy upon the part of insurance companies will be still further increased if any drastic legislation be adopted at the present session of the State Legislature.

We have all suffered more or less from the so-called "welchers," and under the circumstances the temptation is naturally very strong to adopt a class of legislation which will reach these companies. The difficulty with such legislation, however, is that it may also injuriously affect the dollar-for-dollar companies. Any legislation which will have the effect of driving good companies from the field or deterring other companies from entering California will be particularly unfortunate in its effects upon the rebuilding of San Francisco.

Many of the merchants and property owners here who are now putting forth heroic efforts to rebuild and reestablish themselves have been largely assisted by the insurance moneys which they have been able to collect. However, if the margin between the insurance carried and the value of property insured is too wide, a second general conflagration will do much to cripple San Francisco and her people. Good insurance companies should be encouraged to remain in California, and other good companies should be encouraged to come here. It is hoped and expected that outside capital may be induced to enter San Francisco, but it should be remembered that capital cannot well be encouraged to enter a field where insurance facilities are inadequate.

With these general ideas in mind, we beg leave to submit to you the following suggestions:

Cash Deposits by Foreign Companies.

1st. We believe it would be a mistake to pass any law requiring foreign insurance companies to deposit \$200,000 with the State as a condition precedent to the transaction of business here. California ought not to enact any insurance legislation which it would not be equally proper for other states to pass. If every state in the Union were to pass a deposit law like this one, companies would be required to deposit the sum of \$8,800,000 in the various states as a condition precedent to doing business there. This amount is in excess of the capital stock, surplus, and reserve of many companies which paid dollar for dollar in the recent fire.

Senate Bill No. 53.

2d. We think it would be an error to pass Senate Bill No. 53. Under the laws of New York, insurance companies may provide for two funds—(a) a guaranty surplus fund and (b) a special reserve fund, upon the filing of a certificate therefor with the Superintendent of Insurance. Any company which provides for such funds must indicate it on the face of its policy. These funds are created out of the surplus profits. While these funds are being built up no dividends can be declared in excess of seven per cent. until each of the two funds are equal in amount to the company's capital stock. In case of a general conflagration, the capital stock plus the guaranty surplus fund are liable for the payment of losses in the general conflagration and all losses accrued to that date. The special reserve fund, together with unearned premiums on outstanding losses thereupon constitutes a special fund for the payment of unearned premiums on any canceled policies which may be canceled thereafter, and for the payment of any fire losses occurring thereafter. In view of the fact that this special reserve fund with the guaranty surplus fund is built up through the economy of the company by limiting its dividends, it would appear to be a benefit rather than an evil. The guaranty surplus fund which is built up simultaneously with the special reserve fund is for the benefit of the policy holders in the general conflagration, so that this law appears to develop these

two funds in a spirit of equality. Senate Bill No. 53 is probably aimed at one Wisconsin company, but the effect of it would be to drive from the State of California six New York companies, one of which paid one hundred cents on the dollar, three of which paid ninety-eight cents on the dollar, the fifth of which paid from ninety to ninety-eight cents on the dollar, most of its settlements being at the latter figure, and the sixth of which paid from seventy-five to eighty cents at first, but which settled most of its losses from between ninety-five to ninety-eight cents. One of these New York companies which paid ninety-eight cents waived the effect of an earthquake clause. These statements as to the settlements of these New York companies are taken from the report of Professor Whitney to the San Francisco Chamber of Commerce. These companies, we are informed, paid in all at least twelve and one half million dollars to San Francisco policy holders. We think it would be a mistake to drive these companies from the field by any legislation designed to reach the Wisconsin company, which, under a similar law to that of New York, settled with its policy holders on a basis of seventy cents on the dollar, which settlement, by the way, in the last few days that company has increased by an extra dividend, which makes its total settlement approximate seventy-five cents.

Standard Form of Policy.

3d. When it comes to a question of standard forms of fire insurance policy, we do not believe a standard form should be adopted which is such a wide departure from existing standard forms that all advantage is lost from existing judicial construction of the phraseology in existing standard forms. A form which departs very widely from existing forms presents a large number of questions which cannot easily be settled except by judicial construction. The New York standard form has many objections to it, but we believe that the most satisfactory standard form could be secured by taking the New York standard as a basis, and by eliminating or modifying the objectionable features of that. We enclose herewith, for your consideration, a standard form which has been prepared along the lines of this suggestion. It is very closely a copy of Senate Bill No. 21 and Assembly Bill No. 224. The particulars wherein the enclosed form differs from these Senate and Assembly bills are indicated by underscoring.

Mutual Insurance.

4th. The insurance question, however, will not be entirely settled by the absence of drastic legislation and the passing of fair and conservative laws, and we are, therefore, in favor of the passing of some law designed to facilitate the organization of mutual insurance companies which can write risks that insurers otherwise may find some difficulty in having insured.

Valued Policy Law.

5th. We believe that a valued policy law would be unwise. The result of such a law would be to raise insurance rates, and existing rates are high enough at the present time to tax insurers seriously.

Respectfully submitted,

THE MERCHANTS' ASSOCIATION OF SAN FRANCISCO.

ANDREW M. DAVIS, Vice-President.

L. M. KING, Secretary.

An Act to establish a standard form of fire insurance policy, and to prevent variations therefrom except under certain stated conditions and restrictions.

The people of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The following is adopted as a standard form of fire insurance policy for the State of California:

CALIFORNIA STANDARD FORM—FIRE INSURANCE POLICY.

No. Amount \$.....
Expires 19..... \$..... Other insurance permitted.
At noon

THE INSURANCE COMPANY.

This entire policy shall be void (a) if the insured has misrepresented in writing or otherwise, or has failed to disclose any fact concerning this insurance or the subject thereof, which might have been material in estimating the risk; or (b) if

after loss, the insured makes any false statement or affidavit in reference thereto, or to his interest in the insured property, or in response to any inquiry on behalf of the insurer, or if he conceals any matter material to the ascertainment of the circumstances of the loss, or the amount thereof; or (c) if the interest of the insured in the property be not as above stated; or (d) if the insured now has, or hereafter procures, *other* insurance, whether valid or not, on any property covered in whole or in part by this policy exceeding \$.; or (e) if unless otherwise stated above, the insured is not the sole and unconditional owner of the property described herein; or (f) if *unless otherwise stated above* the subject of insurance be a building on ground not owned by the insured in fee simple; or (g) if *unless otherwise stated above* the subject of insurance be personal property, and it be or become incumbered by a chattel mortgage; or (h) if with the knowledge of the insured, foreclosure proceedings be commenced, or notice be given of the sale of any property covered by this policy, pursuant to any deed of trust or mortgage; or (i) if any change other than by death of and insured take place in the interest, title or *actual* possession of the subject of the insurance, (except change of occupants without increase of hazard, and *except a change in the interest or title arising from attachment or a judgment lien*) whether by legal process or judgment, or by voluntary act of the insured, or otherwise; or (j) if this policy be assigned before a loss. (k) If a building fall or such part thereof as would render it or its contents more shalable to take fire, insurance by this policy, whether on the building or its contents, shall immediately cease.

II. *Matters suspending the insurance.*

Insurance by this policy is suspended in any of the following events or conditions during their continuance, and for twenty-four hours after they have ceased: (a) if by any means within the knowledge and control of the insured, the hazard be increased; or (b) if the property cease to be used or operated for the purposes mentioned herein for more than ten consecutive days; or (c) if mechanics be employed in building, altering or repairing the premises hereby insured, or containing the insured property for more than fifteen days at any one time; or (d) if illuminating gas or vapor be generated in the described building or adjacent thereto for use therein; or (e) if (any usage or custom of trade or manufacture to the contrary notwithstanding) there be kept, used or allowed in the above described premises, or brought therein, benzene or gasoline in excess of one-half gallon, benzole, dynamite, ether, fireworks, Greek fire, gunpowder exceeding twenty-five pounds, naphtha, nitro-glycerine or other explosives, phosphorus or petroleum; or (f) if lamps or oil stoves be filled within ten feet of any fire or artificial light, except electric light; or (g) if a building herein described, whether intended for occupancy by owner or tenant be or become vacant or unoccupied and remain so for ten days, but when occupation is resumed liability hereunder immediately re-attaches.

III. *Risks not insured.*

This company will not be liable for loss caused directly or indirectly by (a) invasion, (b) insurrection, (c) riot, (d) civil war or commotion, (e) military or usurp power, or (f) by order of any civil authority, or (g) by neglect of the insured to use all reasonable means to save and preserve the property at and after the fire when property is endangered by fire; or (h) (unless fire ensues, and in that event for the damage by fire only) by explosion of any kind; or (i) by theft. *But the company will be liable when the property is destroyed by civil or military authority to prevent the spread of fire which otherwise probably would have destroyed the insured property.*

IV. *Specific losses not covered.*

This policy unless specifically provided for herein does not insure against loss of (a) accounts, (b) bills, (c) currency, (d) deeds, (e) evidences of death, (f) money, (g) notes, or (h) securities, or (i) against loss by interruption of business or manufacturing, (j) the loss of rents or use or occupation of premises, or (k) against loss occasioned by ordinance or law *regulating* the construction or repairs of buildings.

V. *Warranties—Breaches avoid policy.*

Any statement or *promise* in this policy, or (if signed by the insured) in any application for this insurance as to description, location, character or use of the insured property or any building containing it, constitutes a warranty, and if untrue in any material respect, avoids this policy.

VI. *Cancellation of policy.*

(a) This company at any time may cancel this policy, but such cancellation will not take effect until five days after receipt of written notice thereof by the insured or his agent if delivered personally. Notice thereof may be sent by registered mail to the address of the insured or his agent, and if so sent, the cancellation takes effect five days after receipt of such notice by the insured or his agent, or at the residence or place of business of either. Upon cancellation by the company it will immediately repay to the insured the portion of the premium corresponding with the unexpired part of the term of the policy, if paid. (b) The insured may cancel this policy by returning it to the company, and thereupon the company will repay all of the premium that has been paid excepting the customary short rate for the term the risk has run.

VII. Duty of insured in case of loss.

The insured must (a) give to this company written notice of any loss without unnecessary delay thereafter; (b) protect the property from further damage; (c) forthwith separate the damage and undamaged personal property, and put the latter in the best possible order; (d) make a complete inventory stating as far as possible the quantity and cost of each article, and the amount claimed thereon.

(e) The insured shall then keep the property as far as possible unchanged in condition, except as above provided, and subject to inspection and examination of the company for thirty days after preliminary proof of loss has been received by it, but he is not bound to keep it longer, unless the company requests in writing that it be kept for a specified time thereafter, and agrees in such writing to pay the expenses of keeping said property, including rent, storage and caretaking when necessary, and depreciation if any, and in case of buildings, the rental value of the ground for the time that the insured is prevented from using or improving the same by such request. (f) If any of the insured property is sold after the fire, the insured shall render to the company a true account of such sales. (g) Within sixty days after the fire, unless the time is extended in writing by this company, the insured will render to the company preliminary proof of loss consisting of a written statement signed and sworn to by him, stating: (1) His knowledge and belief as to the origin of the fire; (2) the interest of the insured, and of all others in the property; (3) the cash value of each item thereof, and the amount of loss thereon; (4) all incumbrances thereon; (5) all other insurance, whether valid or not, covering any of said property; (6) a copy of the descriptions and schedules in all other policies, unless similar to those of this policy, and in that event, a statement as to the amount for which each of the several items is insured in each of the other policies; (7) any changes of title, use, occupation, location, possession or exposures of said property since the issuance of this policy; (8) by whom and for what purpose any building herein described, and the several parts thereon, were occupied at the time of the fire; (9) and shall furnish, if required, as far as it is possible to obtain the same, verified plans and specifications of any buildings, fixtures or machinery destroyed or damaged. (h) Said notice and preliminary proof of loss may be delivered or sent by registered mail to the general agent of the company in California, or may be sent by registered mail to the company addressed to it at its home office, or may be served in any other manner if actually received by said agent or the company. (i) The insured as often as required shall exhibit to any person designated by this company all that remains of any property herein described, unless previously disposed of as above provided, and shall submit to examination under oath by any person named by this company, and subscribe the same, and as often as required, shall produce for examination all books of account, bills, invoices and other vouchers or certified copies thereof, if obtainable, if originals be lost, and permit extracts and copies thereof to be made. If the insured will furnish a convenient place for examination thereof at his own place of business, he is not required to remove his books, bills or vouchers therefrom, and in no event is he required to take or produce them or to appear for examination outside of the county of the fire, or more than fifty miles distant in the same county from the place of the fire.

VIII. Amount for which the company is liable.

The company is liable only for the actual cash value of the property at the time of loss or damage estimated with proper deductions for depreciation, but not exceeding the amount which it would cost the insured to repair or replace the same with material of like kind and quality within a reasonable time after such loss or damage, and estimated without allowance for any increased cost of repairs or reconstruction by reason of any ordinance or law regulating the construction or repair of such buildings.

IX. Ascertainment of amount of loss.

Unless the company assents to the amount of loss claimed by the insured in his preliminary proof hereinbefore provided for, it shall within fifteen days after receipt thereof, notify him in writing of its disagreement thereto, and demand an appraisal and name a competent and disinterested appraiser, and the insured within five days after receipt of such name shall appoint a competent and disinterested appraiser and notify the company thereof in writing, and the two so chosen shall meet without unnecessary delay and select a competent and disinterested umpire. If the appraisers cannot agree on an umpire within one week after the insurer receives notice of the appointment by the insured, the parties hereto or either of them may apply to the Presiding Judge of the Superior Court of the county in which the loss occurred, to appoint an umpire. After such selection or appointment, the appraisers together shall estimate and appraise the loss, stating separately the sound value and damage, and if they fail to agree, they shall submit their differences to the umpire, and the award in writing of any two shall determine the amount of such loss. The parties hereto shall pay the appraisers respectively appointed by them and shall bear equally the expense of the appraisal and umpire. If the company fails to make the appointment as above provided, or if for any reason not attributable to the insured, or to the appraiser appointed by him, an appraisal is not had and completed within sixty days after said preliminary proof of loss is received by said company, the insured is not to be prejudiced by the failure to make an appraisal, and may prove the amount of his loss in any action brought without such appraisal.

X. Option of company to rebuild or replace, or take damaged property or salvage.

The company at any time not later than *thirty days after receipt of the preliminary proof of loss herein provided for by notice in writing to the insured of its intention to do so*, may elect to repair, rebuild or replace the property lost or damaged with other of like quality, within a reasonable time; *provided*, if agreement as to value or appraisement is had before the property damaged has been removed or disposed of as hereinbefore provided, the company may take all or any part of the articles at such ascertained or appraised value, but there can be no abandonment of any property to this company.

XI. In case of removal to avoid fire.

If property covered by this policy is so endangered by fire as to *justify* removal to a place of safety, and is so removed, the property, if any, left at the original location is deemed to be insured by this policy for such part of its value as the amount of this policy bears to the total insurance thereon, and if the amount of this policy exceeds *the amount of this insurance applied by the foregoing provision* to the property in the original location, the excess is applicable to the property removed for five days only, and if such property be removed to several places, such excess shall for five days be apportioned to the several new locations covering the property at each in the proportion that the value in each such new location bears to the value in all of them.

XII. Pro-rating with other insurance.

This company shall not be liable under this policy for a greater proportion of any loss on the described property, or for loss by, and expenses of, removal from premises endangered by fire, than the amount hereby insured bears to the entire insurance covering such property whether valid or not, or by solvent or insolvent insurers.

XIII. Loss when payable.

The loss hereunder shall be payable sixty days after receipt by the company of the preliminary proof of loss herein provided for.

XIV. Agents.

In any matter relating to this insurance, no person unless duly authorized in writing shall be deemed the agent of this company.

XV. All waivers must be in writing.

No statement or representation made or information given, to the person soliciting this insurance or issuing this policy, shall be binding on the company, or in any manner affect its rights, unless contained in a written application or endorsed on or added to this policy, and no officer, agent or other representative of this company shall have power to waive any provision or condition of this policy, except in writing endorsed hereon or added hereto.

XVI. Subrogation.

If this company shall claim that the fire or loss was caused by the act or neglect of any person or corporation, private or municipal, this company shall on payment of the loss be subrogated to the extent of such payment to all right of recovery by the insured for the loss resulting therefrom, and such right shall be assigned to the company by the insured on receiving such payment.

XVII. Rights of others than insurers herein.

If the amount payable under this policy or any part thereof shall be made payable to any one other than the insured, unless the rights of such are expressly made subject to the conditions and forfeitures of this policy, no act or default of any person other than such payee or his agent or those claiming under him unless done with the payee's consent shall affect such payee's right to recover; provided that the payee shall on demand pay according to the established scale of rates for any increase of risks not paid for by the insurer.

But if the company pays such payee under circumstances under which it is not liable to the insured, the payee must subrogate the company to the extent of its payment to his rights and remedies in connection with the obligation or property of the insured to protect which this insurance was issued.

XVIII. Definitions.

The word "insured" when used in this policy includes the executors or administrators of the insured; and the word "loss" herein includes "loss or damage."

XIX. Time for commencement of action.

No suit on this policy shall be sustained until after full compliance by the insured with the foregoing requirements, nor unless commenced within twelve months next after the fire. Delay in serving preliminary proof of loss shall not prevent recovery by the insured but shall postpone the accrual of his cause of action until sixty days after such service.

On motion of Senator Anderson, Senate Bill No. 595 was temporarily passed on file, to retain its place.

SENATE CONCURRENT RESOLUTION No. 10.

Relative to the formation of rifle clubs throughout California, under Act of Congress, approved March 3, 1905, and message of President of the United States, dated December 3, 1906.

WHEREAS, The State of California is upon the exposed and unprotected western frontier of the United States; and

WHEREAS, The President of the United States, in the message to Congress, dated December 3, 1906, (last paragraph), recommends as follows:

"The Congress has most wisely provided for a National Board for the Promotion of Rifle Practice. Excellent results have already come from this law, but it does not go far enough. Our Regular Army is so small that in any great war we should have to trust mainly to volunteers; and in such event these volunteers should already know how to shoot; for if a soldier has a fighting edge, and ability to take care of himself in the open, his efficiency on the line of battle is almost directly proportionate to excellence in marksmanship. We should establish shooting galleries in all the large public and military schools, should maintain national target ranges in different parts of the country, and should in every way encourage the formation of rifle clubs throughout all parts of the land. The little Republic of Switzerland offers us an excellent example in all matters connected with building up an efficient citizen soldiery," and

WHEREAS, Californians, according to the records, signally fail, both at home and abroad, to sustain the traditions of western sharp-shooting; and

WHEREAS, In California, there is a universal ignorance of the new United States army rifle, known as the Springfield No. 2, and of its ammunition, and

WHEREAS, The Congress of the United States enacted the following law, approved March 3, 1905:

"An Act to promote the efficiency of the reserve militia and to encourage rifle practice among the members thereof.

"Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled,

"That the Secretary of War is hereby authorized to sell, at the prices at which they are listed for the army, upon the request of the governors of the several states and territories, such magazine rifles belonging to the United States as are not necessary for the equipment of the army and the organized militia, for the use of rifle clubs formed under regulations prepared by the National Board for the Promotion of Rifle Practice and approved by the Secretary of War.

"That the Secretary of War is hereby authorized in his discretion to sell to the several states and territories, as prescribed in Section 17 of the Act approved January twenty-first, nineteen hundred and three, for the use of said clubs, ammunition, ordnance stores, and equipments of the government standard at the prices at which they are listed for the army.

"The practice of the rifle clubs herein provided shall be carried on in conformity to regulations prescribed by the National Board for the Promotion of Rifle Practice, approved by the Secretary of War, and the results thereof shall be filed in the office of the Military Secretary of the Army."

Therefore, be it resolved by the Senate, the Assembly concurring, That the formation of such rifle clubs is hereby urged upon the boards of supervisors of all counties of California, and upon the Grand Army of the Republic, United Spanish War Veterans, Native Sons of the Golden West, Sons of the American Revolution, and all other patriotic associations of California; and be it further

Resolved, That, for the formation of such clubs, they are hereby urged to communicate with Lieutenant Albert S. Jones, Secretary National Rifle Association of America, 299 Broadway, New York City, N. That Section 27, Article III, of the said charter of the said City of Vallejo, be amended so as to read as follows:

No order, resolution or ordinance shall have effect without the approval of the mayor except as hereinafter provided.

In case of orders the approval shall be presumed, unless at the same meeting, the mayor causes his disapproval, with the reasons therefor, to be spread upon the minutes. All resolutions or ordinances, after passage, must be certified by the president of the board and the city clerk, and submitted to the mayor, who shall within five days after he has received the same, endorse his approval or disapproval thereon, giving the reasons for his disapproval in writing. If the mayor endorses his approval it shall then become an ordinance or an effective resolution, as the case may be. If the resolution or ordinance is returned without the approval of the mayor, the board, within thirty days thereafter, may proceed to consider and vote on the same. If the resolution or ordinance is again passed by a vote of at least four-fifths of the members of the board of trustees, it shall take effect as a resolution or ordinance, as the case may be, as if the mayor had approved the same. If the resolution or ordinance shall fail, on being reconsidered, to receive an affirmative vote of at least four-fifths of the members of the board of trustees, it shall then be finally lost. If the resolution or bill is not returned with such approval or disapproval within five days after it is received by the mayor, then it shall take effect as a resolution or ordinance, as the case may be, the same as if the mayor had approved the same.

One of the signers of each paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the board of city trustees shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. AMENDMENT NO. 21.

That said charter of said City of Vallejo be amended by adding a new article thereto to be known as Article No. XXII, to read as follows:

Section 220.—All streets, lanes, alleys, places or courts, in the city, now open or dedicated or which may hereafter be opened or dedicated to public use, shall be deemed and held to be open public streets, lanes, alleys, places or courts for the purposes of this article; and the trustees are hereby empowered to fix the width and grade thereof, and to order to be done therein and thereon any and all street work and street improvement under the proceedings hereinafter described.

Section 221.—Application for the doing of any such work or improvement must in the first instance, except where otherwise provided in this article, be made in writing to the board of public works; and if the expense thereof is to be assessed upon private property, the board shall investigate the same; and if it determine that such improvement is expedient, it shall so report to the trustees; and the trustees shall not order any such improvement until the same has been recommended by said board. When the construction of any sewer or drain shall involve a cost of more than five dollars per lineal foot for any block, it shall not be authorized except by an ordinance passed by the affirmative vote of not less than four-fifths of the members of the board of trustees. If an application is made for any work or improvement of which the expense is to be paid by the city, and the board of public works shall not approve of such application, it shall report to the trustees its reasons for such disapproval, and the trustees may then, after having obtained from the board of public works an estimate of the expense of said work or improvement, by ordinance passed by the affirmative vote of not less than four-fifths of the members of the board of trustees, order the doing of said work, or the making of said improvement.

The board of public works may also, except as herein prohibited, recommend any improvement, the expense of which is to be paid by the city, though no application may have been made therefor, and must make, with said recommendation to the trustees, an estimate of the expense, and in such case the trustees may order the same done.

No street work or street improvements of any kind shall be ordered to be done by the trustees unless a written recommendation to do the same has been made to them by the board of public works, and all such recommendations shall be made matters of record in the office of said board.

When the board shall recommend any work to be done on a street intersection or crossing, where the streets do not intersect each other at right angles, it shall in each such case determine what lots in the blocks adjacent to such intersection or crossing will be benefited by said work, and shall cause a map to be made on which shall be delineated the lots so to be benefited. Such map shall be transmitted to the trustees with said recommendation.

Section 222.—Before recommending to the trustees the ordering of any work or improvement, the expense of which, or any part thereof, is to be assessed upon private property, the board of public works shall pass a resolution of its intention to recommend the same, specifying the work to be recommended, and shall fix a day when it shall take final action upon said resolution.

Upon the passage thereof the secretary of the board shall forthwith, without any further authority, cause a copy of said resolution to be posted conspicuously for five days in the office of said secretary, and to be published for a period of ten days (legal holidays excepted) and cause a copy to be deposited in the postoffice at the city, with postage prepaid, addressed to each person represented on the assessment book of the city for the next preceding fiscal year as being owner of land liable to be assessed for said improvement; but if said lot stand on said book in the name of unknown owners, such notice need not be sent.

The board shall also cause to be conspicuously posted along the line of said contemplated improvement, at points not more than one hundred feet in distance apart, notices not less than three in all, of the passage of said resolution. Each of said notices shall be headed "Notice of Street Work," in letters of not less than two inches in length, and shall in legible characters state the fact of the passage of said resolution, its date, and, briefly, the work or improvement proposed, and refer to the resolution of intention for further particulars.

Section 223.—The owners of a majority of the frontage of the property fronting on said proposed work or improvement, and in the case of a district, those owning more than one-half of the superficial area of the district, may make written objections to the same within ten days after the expiration of the time of the publication of said resolution of intention, which objections shall be delivered to the secretary of the board of public works, who shall endorse thereon the date of its reception by him. Such objections shall be a bar for six months to any further proceedings in relation to the doing of said work or making said improvement, unless the owners of the one-half or more of the frontage or of the district, as aforesaid, shall mean-

while petition for the same to be done, and the same shall, after the expiration of said six months, be continued under the resolution of intention first passed if said board shall deem proper.

If however, the owners of at least two-thirds of the property fronting on said proposed work or improvement, and, in the case of a district, those owning at least two-thirds of the superficial area of the district, shall make written objections to the same within said six months, no further proceedings shall be taken under the aforesaid resolution of intention.

When the work or improvement proposed to be done is the construction of sewers, manholes, culverts or cesspools, and the objections thereto are signed by the owners of a majority of the frontage or of the district as aforesaid, the board shall at its next meeting, fix a time for hearing said objections, not less than one week thereafter. The secretary shall thereupon notify the persons making such objections, by depositing a notice thereof in the post office at the city, postage prepaid, and addressed to each objector or his agent when he appears for such objector. At the time specified the board shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive; and if said objections are overruled the proceedings shall be continued as though no objections had been made.

At any time before the making of the assessment as hereinafter provided, all owners of lots of land liable to assessment therein, who, after the first publication of the aforesaid resolution of intention, may feel aggrieved, or who may have objections to any proceedings in relation to the performance of the work described in said resolution, may file with the secretary a petition of remonstrance, wherein they shall state in what respect they feel aggrieved or the proceedings to which they object. Such petition or remonstrance shall be passed upon by the board, and its decision thereon shall be final and conclusive.

Section 224.—When the contemplated work or improvement in the opinion of the board of public works is of more than local or ordinary public benefit, it may recommend to the trustees that the expense of such work or improvement be made chargeable upon a district, and said board shall in its resolution of intention set out the district benefited by said work or improvement and to be assessed to pay the expense thereof. Objections to the extent and boundaries of the district of lands to be benefited by said work or improvement may be made by any interested party, in writing, within ten days after the expiration of the time of publication of the resolution of intention.

The secretary of the board shall lay said objections before it, and the board shall, at its next meeting, fix a time for hearing said objections not less than one week thereafter. The secretary shall thereupon notify the persons making such objections by depositing a notice thereof in the post office at the city, postage prepaid, addressed to each objector. At the time specified the board shall hear the objections urged and pass upon the same, and if said objections are overruled, its decision shall be final and conclusive as to the extent and boundaries of the district.

If the objections are sustained, the board shall proceed to set out another district to the extent and boundaries of which objections may be made and a hearing had thereon as above provided; and so on in like manner until a district has been set out to the extent and boundaries of which all objections shall be overruled by the board—its decision in that behalf to be final and conclusive; and thereupon the proceedings shall continue the same as if no objections had been made. In its report to the trustees the board shall accompany its report with a diagram on which shall be delineated each separate lot, piece or parcel of land, the area in square feet of each of such lots, pieces or parcels of land, and the relative location of the same to the work or improvement proposed to be done within the limits of the district. Such diagram shall be certified to be correct by the secretary of the board.

Section 225.—When the work under any contract shall have been completed, the contractor shall make and file in the office of the board of public works an affidavit to the effect that he has not entered into any private agreement, verbal or written, with any person liable to be assessed for said work, or with anyone on his behalf, to accept a price from him less than the price named in said contract, or to make any rebate or deduction to him from such price. Any such agreement shall be deemed a fraud upon all persons liable to be assessed for such work other than the property owners who were parties to the agreement, and shall make void, as to such persons so defrauded, any assessment made for the work done under such contract; and where there is more than one contractor each contractor shall make such affidavit.

Section 226.—When any work in or upon any public street shall have been completed according to contract, and the affidavit mentioned in the next preceding section shall have been made, the board shall make an assessment to cover the sum due for the work performed and specified in said contract (including all incidental expenses), in conformity with the provisions of this article, according to the nature and character of the work. The assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot (if known to the board, and if not known, the word "unknown" shall be written opposite the number of the lot and the amount assessed thereon); the number of each lot assessed, and shall

have attached thereto a diagram exhibiting the street or street crossing on which the work has been done, and showing the relative location of each distinct lot to the work done, numbered to correspond with the numbers in the assessment, and showing the number of front feet assessed for said work. A mistake in the name of the owner shall not invalidate any assessment.

When the expense for such work falls in part upon any person, company or corporation having railroad tracks upon the street where such work has been done, said assessment shall include an assessment against said person, company or corporation, for its legal proportion of said expense, and the same shall constitute a lien upon the road-bed, rolling-stock, franchises and other property of such person, company or corporation, for a period of two years from the date of recording the warrant, assessment and diagram hereinafter provided for.

Section 227.—The expense of all work or improvement done upon any part of said streets, lanes, alleys, places or courts under the order of the trustees, shall be borne and paid for as follows:

First—The city shall pay out of the general fund the expense: (a) Of all work done on streets, crossings and intersections of streets that have been or may be accepted by the city, after the acceptance of the same, and all repairs and improvements deemed of urgent necessity that may be made upon the public streets and highways. (b) Of all work done in front of, or that may be assessed to property owned by the city, or by any department thereof. (c) Of all work done in front of, or that may be assessed to property owned by the United States.

Second—The expense of all sewers, cesspools, manholes, culverts and drains, and of all grading, planking, macadamizing, paving, piling and capping any street, or portion thereof and of all curbs thereon, and of all work done on sidewalks, shall be assessed upon the lands within the block or blocks adjacent thereto as herein provided, except where by an assessment district it may be provided otherwise.

Third—The expense of all work on such portion of any street required by law to be kept in order by any person, company or corporation, having railroad tracks thereon, shall be borne and paid for by such person, company or corporation, and shall be included in the assessment hereinbefore provided for.

No assessment shall be levied upon any property, which, together with all assessments for street improvements that may have been levied upon the same property during the year next preceding, will amount to a sum greater than fifty per centum of the value at which said property was assessed upon the last preceding assessment book of the city.

Section 228. Subdivision One—Except where the expense incurred for the street work and improvement authorized herein is to be assessed upon a district as hereinafter provided, such expense, other than that to be paid by a person, company or corporation having tracks on the street where such work and improvement has been done, shall be assessed upon the lots and lands fronting thereon, except as hereinafter specifically provided: each lot or portion of a lot being separately assessed in proportion to the frontage at a rate per front foot sufficient to cover the total expense of the work.

Subdivision Two—The expense of all improvement except such as is done by contractors under the provisions of section sixteen of this article, until the streets, avenues, street crossings, lanes, alleys, places or courts are finally accepted, as provided in section twenty-three of this article, shall be assessed upon the lots and lands as provided in this section according to the nature and character of the work.

Subdivision Three—The expense of the work done on main street crossings shall be assessed at a uniform rate per front foot on the quarter blocks and irregular blocks adjoining and cornering upon the crossings, and separately upon the whole of each lot or portion of a lot having any frontage in the said blocks fronting on said main streets, half way to the next main street crossing, and all the way on said blocks to a boundary line of the city where no such crossing intervenes, but only according to its frontage in said quarter blocks and irregular blocks.

Subdivision Four—Where a main street terminates in another main street, the expense of the work done on one-half of the width of the street, opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main street, and the expense of the other half of the width of said street upon the lot or lots fronting on the latter half of the street at such termination.

Subdivision Five—Where any alley or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all lots or portions of lots half way on said alley or subdivision street to the next crossing or intersection, or to the end of such alley or subdivision street if it does not meet another.

Subdivision Six—The expense of work done on alley or subdivision street crossings shall be assessed upon the lots fronting upon such alley or subdivision streets on each side thereof, in all directions, half way to the next street, place, or court, on either side respectively, or to the end of such alley or subdivision street, if it does not meet another.

Subdivision Seven—Where a subdivision street, avenue, lane, alley, place, or court, terminates in another street, avenue, lane, alley, place or court, the expense of the work done on one half the width of the subdivision street, avenue, alley,

place, or court opposite the termination shall be assessed upon the lot or lots fronting on such subdivision street or avenue, lane, alley, place or court so terminating, according to its frontage thereon, half way on each side, respectively, to the next street, avenue, lane, alley court or place, or the end of such street, avenue, lane, alley, place or court, if it does not meet another, and the other one half of the width upon the lots fronting such termination.

Subdivision Eight—Where any work mentioned in this article, manholes, cess-pools, culverts, crosswalks, piling, and capping excepted, is done on either or both sides of the center line of any street for one block or less, and further work opposite to the work of the same class already done is ordered to be done to complete the unimproved portion of said street the assessment to cover the total expense of said work so ordered shall be made upon the lots or portions of the lots only fronting the portions of the work so ordered. When sewerage or resewering is ordered to be done under this sidewalk or only on one side of a street for any length thereof, the assessment for its expense shall be made only upon the lots and lands fronting nearest upon that side, and for intervening intersections only upon the two quarter-blocks adjoining and cornering upon that side.

Subdivision Nine—Any owner or owners of lots or lands fronting upon any street, the width and grade of which have been established by the trustees, may perform at his or their own expense (after obtaining permission from the board of public works so to do, but before said board has passed its resolution of intention to recommend grading inclusive of this) any grading upon said street, to its full width, or to the center line thereof, and to its grade as then established, and thereupon may procure at his or their own expense, a certificate from the city engineer setting forth the number of cubic yards of cutting and filling made by him or them in said grading, and the proportions performed by each owner, and that the same is done to the established width and grade of said street, or to the center line thereof, and thereafter may file said certificate in the office of the board. Said certificate shall be recorded in a properly indexed book kept for that purpose in the office of the board. Whenever thereafter the trustees order the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been done, the bids and contract must express the price of the cubic yard for cutting and filling in grading, and such owner or owners, and his or their successors in interest, shall be entitled to credit on the assessment upon his or their lots and lands fronting on said street for grading thereof, to the amount of the cubic yards of cutting and filling set forth in his or their said certificate, at the prices named in the contract for said cutting and filling; or, if the grade meanwhile has been legally changed, only for so much of said certified work as would be required for grading to the grade as changed. Such owner or owners shall not be entitled to any credit that may be in excess of the assessment for grading upon the lots and land owned by him or them, and proportionately assessed for the whole of said grading. The board shall include in the assessment for the whole said grading upon the same grade the number of cubic yards of cutting and filling set forth in any and all certificates so recorded in his office, or for the whole of said grading to the changed grade so much of said certified work as would be required for grading thereto, and shall enter corresponding credits, deducting the same as payments upon the amounts assessed against the lots and lands owned respectively by said certified owners and their successors in interest: but he shall not include any grading quantities or credit any sums in excess of the proportionate assessments for the whole of the grading which are made upon any lots and lands fronting upon said street and belonging to any such certified owners, or their successors in interest. When any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do any work, except grading, on such street, in front of any block, at his or their own expense, and the trustees shall subsequently order any work to be done of the same class in front of the same block, the work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done, as provided in subdivision ten of this section: but the work so done at the expense of such owner or owners shall be upon the official grade, and in condition satisfactory to the board of public works at the time said order is passed.

Subdivision Ten—The board of public works may include in the resolution of intention any of the different kinds of work mentioned in this article, and it may except therefrom any of said work already done upon the street to the official grade. The lots and portions of lots fronting upon said accepted work already done shall not be included in the frontage assessment for the class of work from which the exception is made; but this shall not be construed so as to affect the special provisions as to grading contained in subdivision nine of this section.

Subdivision Eleven—When the resolution of intention declares that the expense of the work and improvement is to be assessed upon a district, immediately after the contractor has fulfilled his contract to the satisfaction of the board of public works or to the satisfaction of the trustees on appeal, the board of public works shall proceed to estimate upon the lands, lots, or portions of lots within said assessment district, as shown by the diagram provided for in section five of this article, the benefits arising from such work, and to be received by each such lot, portion of such lot, piece or subdivision of land, and shall thereupon assess upon and against said lands in said assessment district the total amount of the expense of such proposed

work, and in so doing shall assess said total sum upon the several pieces, parcels, lots or portions of lots, and subdivisions of land in said district benefited thereby, to wit: Upon each respectively in proportion to the estimated benefits to be received by each of said several lots, portions of lots, or subdivisions of land. In other respects the assessment shall be as provided in this article.

Section 229.—If at any time there shall be any street work or improvement done, and none of the methods hereinbefore provided are legally sufficient to authorize the board of public works to make an assessment to pay for the expense thereof then said board shall, before it passes a resolution of its intention to recommend the ordering of said work or improvement, establish by resolution a method by means of which such assessment shall be made; and on the completion of the work or improvement to the satisfaction of said board, or to the satisfaction of the trustees on appeal, said board shall make an assessment to pay the expense thereof according to the method established by said resolution.

Section 230.—In making all assessments the board of public works shall act as a board, and the assessment shall be authenticated by the signatures of all the members thereof.

Section 231.—To said assessment shall be attached a warrant which shall be signed by the president of the board of public works and countersigned by the secretary thereof. Said warrant shall be substantially in the following form:

By virtue hereof the board of public works of the City of Vallejo, by the authority vested in it, does authorize and empower (name of contractor) his (or their) agents, or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be his (or their) warrant for the same.

(Date) _____ (Name of President of Board of Public Works).

Countersigned by _____ (Name of Secretary of Board of Public Works).

Said warrant, assessment and diagram, shall be recorded in the office of the board. When so recorded the several amounts assessed shall be a lien upon the lands, lots or portions of lots assessed, respectively for the period of two years from the date of said recording, unless sooner discharged; and from and after the date of said recording of any warrant, assessment and diagram, all persons interested in said assessment shall be deemed to have notice of the contents of the record hereof.

After said warrant, assessment and diagram are recorded, the same shall be delivered to the contractor, or his agent or assigns, on demand, but not until after the payment to the board of the incidental expenses not previously paid by the contractor or his assigns. By virtue of said warrant said contractor, or his agents or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contracts and assessments.

When it shall appear by the final judgment of any court in this state having jurisdiction to render such judgment, that any suit brought to foreclose the lien of any assessment for street work made under this article, or in the recording thereof, has been defeated by reason of any defect, error, informality, omission, irregularity, or illegality, thereof or therein, or in the return on the warrant issued pursuant to any such assessment, or in the recording of any such warrant any person interested therein may, at any time within seven months after the entry of said final judgment, apply to the board for another assessment to be issued in conformity to law; and the board shall, within sixty days after the time of said application, make and deliver to said applicant a new assessment, diagram and warrant in accordance with law, and sign, record and authenticate the same as above provided. Such assessment shall be a lien upon the lots of land set out herein for the period of two years from the date of its recording, and suit may be brought to enforce said lien as provided in this article. Should such final judgment be that of the Superior Court of the County of Solano and an appeal therefrom to the Supreme Court of the State has been taken, no such other assessment shall be made until said appeal has been determined.

Section 232.—The contractor, or his assigns, or some person on his or their behalf, shall call upon the person assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made, the contractor, his assigns, or some person on his or their behalf, shall receipt the same upon the assessment in the presence of the person making such payment, and shall also give a receipt if demanded. When the person so assessed, or their agents, can not conveniently be found, or when the owner of the lot is stated as "unknown" upon the assessment, then said contractor or his assigns, or some person on his or their behalf, shall publicly demand payment on the premises assessed.

The warrant shall be returned to the board of public works within thirty days after its date with a return indorsed thereon, signed by the contractor or his assigns, or some person on his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid in whole or in part, and the amount thereof. Thereupon the secretary of the board shall record the return so made in the margin of the record of the warrant and assessment.

The board can at any time receive the amount due upon any assessment and warrant issued by it and give a good and sufficient discharge therefor; but no such

payment so made after suit has been commenced shall operate, without the consent of the plaintiff in the action, as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff.

The board may release any assessment upon the books of its office on the payment to it of the amount of the assessment with interest, against any lot or on the production to it of the receipt of the party or his assigns to whom the assessment and warrant were issued. If any contractor shall fail to return his warrant within the time and in the form provided in this section he shall thenceforth have no lien upon the property assessed; but if any warrant is lost, upon proof of such loss, a duplicate may be issued, upon which a return may be made with the same effect as if the original had been so returned. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of seven per centum per annum until paid.

Section 233.—The owners, whether named in the assessment or not, the contractor or his assigns, and all other persons directly interested in any work provided for in this article, or in the assessment, feeling aggrieved by any act or determination of the board of public works in relation thereto, or who claim that the work has not been performed, according to the contract, in a good and substantial manner, or having or making any objection to the correctness or legality of the assessment or other act, determination, or proceedings of the board, shall, within thirty days after the date of the warrant appeal to the trustees, by briefly stating their objections in writing, and filing the same with the clerk of the trustees. Notice of the time and place of hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts, determinations or proceedings objected to or complained of, shall be published for five days. Upon such appeal the trustees may remedy and correct any error or informality in the proceedings, and revise and correct any of the acts or determinations of the board relative to said work, may confirm, amend, set aside, alter, modify, or correct the assessment in such manner as to them shall seem just; and require the work to be completed according to the directions of the trustees, and may at their option direct the board of public works to correct the warrant, assessment or diagram, in any particular or to make and issue a new warrant, assessment and diagram to conform to the decisions of the trustees in relation thereto.

All the decisions and determinations of the trustees upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities and irregularities, which the trustees might have remedied and avoided; and no assessment shall be held invalid, except upon appeal to the trustees, as provided in this section, for any error, informality or other defect in the proceedings prior to the assessment, or in the assessment itself, where the board of public works has acquired jurisdiction to make the same.

Section 234.—At any time after the period of thirty-five days from the day of the date of the warrant, or if an appeal has been taken to the trustees, then, at any time after five days from the decision of the trustees on such appeal, or after the return on the warrant, after the same may have been corrected, altered, or modified, as herein provided, but not less than within thirty-five days from the date of the warrant, the contractor or his assignee may sue in his own name the owner or the mortgagee of the land, lots, or portions of lots assessed on the day of the date of the recording of the warrant, assessment and diagram, or any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining unpaid, with interest thereon at the rate of seven per centum per annum until paid.

In all cases of recovery under the provisions of this article the plaintiff shall recover the sum of fifteen dollars in addition to the taxable costs, as attorney's fees, but not any percentage upon said recovery. When suit has been brought, after a personal demand has been made and a refusal to pay such assessment so demanded, the plaintiff shall also be entitled to have and recover said sum of fifteen dollars as attorney's fees in addition to all taxable costs, notwithstanding that the suit may be settled or a tender be made before a recovery in said action, and he may have judgment therefor.

Said warrant, assessment and diagram, with the affidavit of demand and non-payment, shall be held prima facie evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the board of public works and of the trustees upon which said warrant, assessment and diagram are based, and like evidence of the right of the plaintiff to recover in the action. The court in which said suit shall be commenced shall have power to adjudge and decree a lien against the lots of land assessed, and to order such premises, to be sold on execution as is in other case of the sale of real estate by the process of said courts. In all actions brought to enforce the lien of assessments made pursuant to the provisions of this article the proceedings therein shall be governed and regulated by the provisions of this article, and, when not in conflict herewith, by the codes of this state.

Section 235.—When any portion of the roadway of any street, avenue, lane, alley, court, or place, or any portion of any sidewalk in the city, none of which has been accepted by the trustees as in this article provided, shall be so out of repair as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof, the board of public works shall require the owners or occupants of lots or portions of lots fronting on said portion of said street, avenue,

alley, lane, court, or place, by a notice in writing, to be delivered to them or their agents personally, to repair forthwith said portion of said street, avenue, lane, alley, court or place, to the center line thereof, in front of the property of which he is the owner or tenant, or occupant. The board shall particularly specify in said notice what work is required to be done and what material shall be used in said repairs. If said repairs be not begun within five days after notice given as aforesaid and diligently and without interruption prosecuted to completion, the board may make such repairs, or enter into contract with any suitable person, at the expense of the owner, tenant, or occupant, after the specifications for the doing of said work shall have been conspicuously posted by it in its office for three days, inviting bids for the doing of said work. Said bids shall be delivered to it at its office on or before the second day after the completion of said posting, and opened by it on the next day following, whereupon the contract shall be awarded to the lowest responsible bidder.

All of said bids shall be preserved in the office of the board, and shall be open at all times after the letting of the contract, to the inspection of all persons; and such owner, tenant, or occupant, shall be liable to pay said contract price. Such work shall be commenced within twenty-four hours after the contract shall have been signed, and completed without delay to the satisfaction of the board. Upon the completion of such repairs by the contractor as aforesaid to the satisfaction of the board, it shall make and deliver to the contractor a certificate to the effect that such repairs have been properly made by said contractor to the grade, and that the charges for the same are reasonable and just, and that the board of public works has accepted the same.

Section 236.—If the expense of the work and material for the repairs provided for in the last preceding section be not paid on demand to the contractor so employed, or his agent or assignee, said contractor, or his assignee, shall have the right to sue such owner, tenant or occupant for the amount contracted to be paid; and the certificate provided for in said section shall be prima facie evidence of the amount claimed for said work and materials, and of the right of the contractor to recover for the same in such action. Said certificate shall be recorded by the board of public works in a book kept by it in the office for that purpose, properly indexed, and the sum contracted to be paid shall be a lien as in case of other assessments provided for in this article.

Section 237.—In addition to the remedies above given the trustees may prescribe the penalties that shall be incurred by any owner or person neglecting or refusing to make repairs when required, as hereinbefore provided. Such penalties shall be enforced for the use of the city by prosecution in the name of the people of the State of California in the court having jurisdiction thereof and may be applied in the case of fines, to the payment of expense of any such repairs not otherwise provided for.

Section 238.—The person owning the fee, or the mortgage of such fee, or the person who, on the day the action is commenced, appears by deed duly recorded in the county recorder's office of the County of Solano, to have the legal title to the land, or the person in possession of lands, lots, portions of lots or buildings under claim, or exercising acts of ownership over the same for himself, or as executor, administrator or guardian of the owner, shall be regarded, treated, and deemed to be the "owner" for all the purposes of this article. And in case of property leased, the possession of the tenant or lessee holding and occupying under such person shall be deemed to be the possession of such owner.

Section 239.—Any tenant or lessee of any lot of land on which has been imposed an assessment under the provisions of this article may pay said assessment, or he may discharge any liability imposed thereon by virtue of the provisions of this article, or he may redeem the property within the time prescribed by law, if legally sold on execution, and may deduct the amount so paid from the rents due and to become due from him; and he shall have a lien upon, and may retain possession of, said lots until the amount so paid and advanced with legal interest thereon, be satisfied from accruing rents or by payment by the owner.

Section 240.—The records kept by the board of public works shall have the same force and effect as other public records, and duly certified copies therefrom may be used in evidence with the same effect as the originals. Said records shall, during all office hours, be open, free of charge, to the inspection of any citizen wishing to examine them.

Section 241.—Notices in writing required to be given by the board may be served by any person over the age of twenty-one years, and the fact of such service may be verified by the oath of the person making it. Such oath may be taken before the secretary of said board or before any member thereof.

Section 242.—When any street or portion of a street has been or shall hereafter be fully constructed to the satisfaction of the board of public works and of the trustees, and is in good condition throughout and a sewer, gas pipes, and water pipes are properly laid therein the same shall be accepted by the trustees by ordinance; and thereafter such street or portion of a street shall be kept in repair and improved by the city. The trustees shall not accept any portion of a street less than the entire width of the roadway, including the curbing, and one block in length, or one entire crossing; but they may partly or conditionally accept any street, without sewer, or gas pipes, or water pipes therein, if the ordinance of

acceptance expressly states that they deem such sewer, or gas pipes, or water pipes to be then unnecessary. In such case the lots of land previously or at any time assessable for the cost of constructing a sewer shall remain and be assessable for such cost and for the cost of repairs and restoration of the street damaged in said construction, whenever the trustees shall deem a sewer to be necessary and shall order it to be constructed. The board of public works shall keep in its office a register of all streets accepted by the trustees under this section, which register shall be indexed for easy reference thereto.

Section 243.—The board of public works may at any time, without any application therefor, recommend to the trustees to order the paving or macadamizing of the portion of any street required by law to be paved or macadamized by the person, company or corporation having railroad tracks thereon. Upon such recommendation the trustees shall by ordinance order said work to be done and direct said board to notify said person, company, or corporation of the fact of the passage of such ordinance.

The secretary of said board shall thereupon forthwith in writing notify said passage of said ordinance; and if said person, company or corporation shall not within ten days after receiving said notice commence in good faith to do said work and prosecute the same diligently to completion, the board shall invite sealed proposals for doing said work in the manner provided in this article; and all the provisions of this article in regard to such proposals, to the awarding of contracts, to the execution of contracts, and to the doing of public work, shall apply to all similar proceedings taken under this section. On the completion of the work to the satisfaction of the board the contractor shall be entitled to recover from such person, company or corporation, the contract price for the expense of said work, together with incidental expenses, in an action instituted in a court of competent jurisdiction. On the trial of such action, the certificate of the board on completion of said work to its satisfaction shall be prima facie evidence of the regularity of all the proceedings prior thereto and of plaintiff's right to recover in said action.

Section 244.—Except as otherwise in this article specifically provided, no ordinance for the improvement of any street other than for sewers, sidewalks or curbs, except for the improvement of the streets constituting or lying along the water front of the city, and except for such work as is provided for in the next preceding section shall be passed by the trustees without extending said improvement throughout the whole width of such street.

Section 245.—Wherever in this article the word "street" occurs, it shall be held to include all streets, lanes, alleys, places and courts which have been, or may be hereafter, dedicated and open to public use, and whose grade and width have been legally established; and the grade of all intermediate or intersecting streets in any one block shall be deemed to conform to the grades as established at the crossings of the main streets.

The word "improvement" shall be held to include grading, paving, planing, macadamizing, piling, and capping; and the construction and repairs of sewers, cess-pools, manholes, culverts, drains, sidewalks, and curbs.

The term "main street" shall mean such street or streets as bound a block, and the term "street" shall include crossing.

The word "block" shall mean the blocks known or designated as such upon the maps and books of the Assessor.

The term "quarter block" as used in this article as to irregular blocks, shall be deemed to include all lots or portions of lots, having any frontage on either intersecting street half way from such intersection to the next main street, or, when no main street intervenes, all the way to a boundary line of the city.

The word "paved" shall include any pavement of stone, iron, wood, or other material which the trustees may by ordinance order to be used; but no patented pavement shall be ordered during the existence of the patent therefor, until the owner of such patent shall have transferred to the city all right to the use of the same therein, with the privilege to any person to manufacture and lay the same upon its streets under any contract that may be awarded to him, or entered into by him with the city.

The term "expense" shall include the price at which the contract was awarded, and the term "incidental expenses" shall include all expenses incurred in printing and advertising the work contracted for, and all expenses for surveying, measuring and inspecting the work.

All notices and resolutions required in this article to be published shall be published daily, legal holidays excepted, in a newspaper published in said city.

All notices herein required to be served, whether by delivery, mailing or posting, may be so served by any male citizen of the age of twenty-one years, and his affidavit thereof shall be prima facie evidence of such service. The affidavit by the publisher of the newspaper, or his clerk, of the publication of any notice required in this article to be published, shall be prima facie evidence of such publication.

Section 246.—When the owners of all the lands fronting upon any street which is less than sixty feet in width, for the entire distance of said street, or for the distance of one or more entire blocks, shall petition the board of public works that the said street or that portion thereof upon which said lands front, be closed, the board may pass a resolution recommending that the same be closed. Before passing such resolution the board shall cause a notice of the application to be published in

a newspaper, in said city, and shall fix a time and place at which it will consider the same and hear objections thereto. Upon such hearing it shall determine whether it will recommend that the street be closed; and if it shall so determine, it shall transmit such recommendation to the trustees. Thereupon the trustees may pass an ordinance that the street be closed; and the same shall not thereafter be, or be deemed to be, a public street, or subject to any public expense or improvement; and the land theretofore included within the roadway and sidewalks of said street shall thereafter be the property of the city. No such ordinance shall be passed until the petitioners shall have paid all the expenses of said proceedings.

Section 247.—The board shall annually invite proposals for cleaning and sprinkling such of the streets of the city as the board shall determine should be cleaned and sprinkled at the public expense. Before causing notice for such proposals to be published, the board shall divide the city into such number of districts as in its judgment will best induce competition for bids, and secure the cleaning and sprinkling of the streets at the lowest cost. The secretary of the board shall, under its direction, on the first Monday in May of each year, cause to be published for a period of ten days a notice inviting proposals for cleaning and sprinkling each of said districts specifying in said notice the streets of each district which are to be cleaned and sprinkled, the number of times a week that they are to be cleaned and sprinkled, and the amount of security to be given with each contract. Bids shall be made for each district separately. All the provisions of this charter, in relation to the making and opening of bids, awarding of contracts, and entering into and performance of contracts, shall be applicable to said contracts.

The board may, at the time it invites proposals for said cleaning and for said sprinkling, also invite proposals for said cleaning separately and for said sprinkling separately, and may award such contracts accordingly as may be for the best interest of the city.

The board may also, with the consent of the trustees expressed by ordinance, purchase one or more machines for sweeping the streets and may enter into contracts for sweeping the streets with said machines; but the board must give the preference to hand-sweeping so far as it can do so with reference to the proper sweeping of the streets and to the funds at its disposal.

And WHEREAS, The said proposed amendments to the charter of the City of Vallejo, so ratified as aforesaid and as hereinbefore set forth, are now submitted to the Legislature of the State of California for approval or rejection as a whole, without power of alteration or amendment, in accordance with Section 8 of Article XI of the Constitution of the State of California,

SEC. 10. Any member of any such corporation may withdraw at any time by surrendering his policy or certificate of insurance to the corporation, and giving thirty days written notice of his intention to withdraw and by paying his share of all losses which shall have accrued by the end of the time specified in the notice, and all assessments, due, accrued, or pending at the time of his withdrawal, but the company may retain the rate usually charged by standard insurance companies for a short term policy; *provided, also*, that the corporation shall have power to cancel or determine any policy by giving the insured five days written notice to that effect, and returning to the insured his pro rata of the unearned premium.

3. A sufficient sum to pay all losses reported, or in course of settlement, and all liabilities for expenses and taxes.

SEC. 12. Nothing in this Act shall be construed to restrict or affect the provisions of "An Act to provide for the organization and management of county fire insurance companies," approved April 1, 1897.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were taken up and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 2, 1907.

To the Senate of the State of California:

I respectfully return to you, without my approval, Senate Bill No. 427, entitled "An Act to declare the highway commencing at Pine Grove, in Amador County, and running thence via Hope Valley, to connect at Osgood's Place, in El Dorado County, with the Lake Tahoe wagon road, and via Markleeville, in Alpine County, to connect at Junction, in Mono County, with the Sonora and Mono road, a State highway."

The entire absence of the verb in the first sentence of Section 1 makes the Act meaningless. I presume it was the intention of the Legislature to declare the road described in the Act to be henceforth a State highway.

In the absence of this defect in the phraseology of the bill, I consider it most unwise for the State to accept any road as a State highway until there has been a full and complete investigation of the road by the Commissioner of Highways, both to determine its present condition as well as its future usefulness.

From the limited opportunity I have had to investigate this particular road, I am led to believe that a considerable portion of it exists only in the imagination. To complete the same and make it serviceable would require the expenditure of a vast sum of money with little benefit to the people of the State.

J. N. GILLET,
Governor of the State of California.

The question being, "Shall the bill become a law, notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto to Senate Bill No. 427 sustained by the following vote:

AYES—Senator Caminetti—1.

NOES—Senators Anderson, Anthony, Bates, Belshaw, Black, Boynton, Keane, Leavitt, Mattos, McCartney, Muentner, Nelson, Price, Reily, Rolley, Rush, Sanford, Savage, Walker, Weed, Wolfe, and Wright—22.

Also:

COMMITTEE SUBSTITUTE FOR SENATE BILL No. 801.

An Act establishing a Board of State Harbor Commissioners for a part of the Bay of San Francisco lying in front of the City of Oakland, to be known as the Board of State Harbor Commissioners for the City of Oakland, and defining its jurisdiction, powers and duties.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. A board, to be known as "The Board of State Harbor Commissioners for the City of Oakland," is hereby established, constituted as hereinafter set forth, with the powers and duties hereinafter prescribed, and such other powers and duties as may be granted to and imposed on the same by law.

Said board shall consist of the Governor of the State, the Mayor of the City of Oakland, and three persons appointed by the Governor of the State. At least two of the persons so appointed shall be citizens of the City of Oakland. The persons who for the time being are filling the offices respectively of Governor of the State and Mayor of the City of Oakland shall ex officio during the terms of their respective offices be members of said board. The other members of said board shall hold their offices for the term of two years and until their successors are appointed and qualified. A majority of said board shall constitute a quorum for the transaction of business. The board shall appoint a secretary, and such other officers and employés as from time to time may be deemed necessary. Such officers and employés shall hold for a term of two years from the date of their respective appointments, but may be removed by the board at any time, after due investigation, for causes affecting their official character or competency. The order for such removal, stating the grounds or causes therefor, must be entered on their minutes. In case of a vacancy in such offices, or any of them, by the expiration of a term, or for any other cause, the board must fill the same by an appointment for two years.

The secretary and the other officers and employés of the board shall perform such duties as the board may require and shall enforce and carry into effect such rules and regulations, as the board may from time to time adopt. The secretary shall safely keep and be responsible for all moneys paid into the office, and for all the books and papers of the board, attend their meetings and keep a perfect record of their proceedings, with the names of the commissioners present thereat. He must keep in proper books an account of all moneys received and paid, and on or before the fifth day of each month must send to the State Controller a statement thereof,

under oath, for the preceding month, showing the dates and sources from which such moneys were received, and the purposes for which they were paid, and must also report to the Controller the amount paid to the State Treasurer for the month covered by such statement. When money is received from any source, he must retain a stub corresponding in number, date and amount with the receipt given therefor, and he must require the person paying it to sign said stub. He must record at length all contracts and agreements made by the board, and keep a record of all personal property purchased, and its cost; and in case any be sold, the name of the purchaser, date of sale, and the price received therefor. Before entering on the duties of his office, he must give an official bond in the sum of ten thousand dollars, and take and subscribe an official oath. Said bond must be approved by the board by written endorsement thereon, and be filed with such oath in the office of the Secretary of State. The board may require any of its officers or employees to take and subscribe an official oath, and give such official bond as the board may require, subject to their approval, to be endorsed thereon. Said bond and oath must be filed in the office of the board. The board may when necessary employ an engineer, at a per diem not to exceed fifteen (15) dollars for each day actually employed.

SEC. 2. Said board shall have jurisdiction, possession and control, for the purposes set forth in this Act, and none other, of so much and such parts of the Bay of San Francisco, or the lands constituting the bed of the same, whether now submerged or reclaimed by natural or artificial causes, as may be owned by the State of California, in the County of Alameda, and within the following described boundaries, to wit:

That part of the Bay of San Francisco, bounded on the eastern side by the line of ordinary low tide as the same existed on May 1, 1852; on the western side by the pier-head line as the same is now or shall hereafter be lawfully established by or under the authority of the Government of the United States; on the southern end by the north jetty or training wall of San Antonio Estuary, and on the northern end by a line drawn parallel with and fifty feet north of the long wharf of Central Pacific Railway Company as the same is now located.

The jurisdiction of said board shall be for the following purposes to wit: the sole and exclusive possession, management and control of said lands and of the waters covering them and of all wharves and other structures thereon and of all rights, easements and appurtenances connected therewith or appertaining thereto, for the purposes herein mentioned and for such purposes only, saving and reserving, however, to all persons who occupy or exercise control over any such lands, wharves, or other structures under valid grants thereof, or of any right to occupy or use the same, whether indefinitely or for a fixed term, all rights so acquired or held, whether the same be derived through or from the State or the City of Oakland or by prescription against the State or said city.

SEC. 3. The commissioners may, by and with the consent and advice of the Attorney-General, institute and prosecute to final judgment actions in the name of the people of the State of California, for the possession of any and all parts of the lands and premises described in this Act, or for the enforcement of any agreement, lease or contract entered into by the commissioners in behalf of the State, by virtue hereof or of any general or special law, or for the collection of any money due, or that may become due by virtue of such general or special law or of this Act; and the commissioners may also institute and prosecute to final judgment, actions for the removal of all unlawful obstructions in or upon said premises, or for the removal of all or any unlawful obstructions in or upon the streets leading to or running upon or through the said premises. They may also remove any unlawful obstructions thereon after the owner, possessor, or occupant of such obstructions shall have five days' notice, in writing, to remove the same, either served on such owner, possessor, or occupant or posted upon said obstruction by the secretary of said board.

The board shall have power by and with the consent and advice of the Attorney-General, to begin and prosecute to final judgment in the name of the people of the State of California, actions in the proper courts against any and all persons claiming any lands, wharves, structures or easements within the boundaries herein specified, or maintaining any wharves, docks or other structures or obstructions therein, requiring such persons to set forth the nature and extent of their rights and interests; and said rights and interests may be determined by the judgment of the court rendered in such actions, in the same manner and to the same extent as in the case of actions brought under the provisions of the Code of Civil Procedure to determine adverse claims to real property; and said board generally to have power in like manner to commence and maintain in the name of the people of the State of California, all actions which may be necessary and proper to the execution of the powers and duties of said board, and to be entitled to all remedies allowed by law for the enforcement of any judgment recovered in any action brought under the provisions of this section.

SEC. 4. Within the area described in Section 2 of this Act the said board shall make leases of portions of said land, upon the terms and conditions and in the manner hereinafter stated, to any company or corporation owning or operating or bona fide engaged in constructing a railroad in whole or in part within the State of California, for the purposes of terminals and for other railroad and shipping purposes;

provided, that no such lease shall be made for a period of more than fifty years; *and provided further*, that not more than one thousand (1,000) feet of said land fronting upon the Bay of San Francisco within the said area shall be leased to or be held or occupied by any company or corporation owning or operating railroad lines wholly within the State of California, and that not more than twenty-five hundred (2,500) feet of the frontage of said land on the Bay of San Francisco shall be granted to or be held or occupied by any company or corporation owning or operating or incorporated for the purpose of owning and operating an interstate line of railway; *and provided further*, that no lease shall be granted to any company or corporation for a frontage of said lands upon said bay which, together with any frontage thereon then occupied or held by it under any claim of right, shall exceed the maximum for such corporation hereinbefore prescribed, but such company or corporation may, if it so elect, include such premises so claimed by it within its application for any such lease, and the acceptance of such lease including such premises by such company or corporation, shall not be deemed a waiver or surrender by it of any right of occupancy or use of such premises then validly held by it; *and provided further*, that no lease hereunder shall be made to any corporation whose road is leased in whole or in part to, or is operated or to be operated under agreements or otherwise by, another company or corporation which enjoys under this Act the extent of water frontage hereinbefore mentioned under any lease made by said board, or to any corporation in which a majority of the stock is owned or otherwise controlled by another corporation enjoying the said extent of water frontage hereunder, or in which a majority of the stock is owned or otherwise controlled by persons owning or controlling another corporation enjoying under the provisions of this Act such water frontage to the extent hereinbefore mentioned. Any lease which is made in violation of the terms of this Act shall be void, and the said board shall have the right of re-entry upon the premises leased.

The rental to be reserved in all leases made under the provisions of this section shall be at the rate of not more than one dollar per front foot per annum of the water frontage of the premises leased. No dockage, wharfage or tolls shall be imposed or collected by the State or the City of Oakland for the use of any dock, wharf or pier on any lands that may be leased pursuant to the terms of this Act during the term of any such lease; *provided* such dock, wharf or pier shall be or shall have been constructed and shall be maintained at the cost and expense of the railway company securing the said lease, or at the cost and expense of its predecessor in interest.

By "water frontage" or "frontage" in this Act is meant frontage on the Bay of San Francisco, within the boundaries above described, and all water frontage so leased under the provisions of this Act shall be measured on a line running due north from the west end of the north jetty or training wall of San Antonio Estuary as the same now exists.

SEC. 5. Said board shall have power to direct surveys to be made of any lands within said area, and may require any railroad company or corporation that may apply for any frontage or area of land to pay the costs of any survey of the lands embraced within the application of such railroad company or corporation, before final action is taken in the matter of such application.

SEC. 6. Before any lease for the purpose of terminals, or other railroad purposes, shall be made covering any part of said lands, an application shall be filed with the secretary of said board by the applicant desiring to lease such lands, verified by an officer of said corporation, setting forth the name of the applicant; the purposes for which it is incorporated; the number of miles of railroad owned and operated by it in the State of California and elsewhere; the number of miles which are in actual course of construction in the State of California and elsewhere; the amount and general description of the water frontage on said bay owned, held or enjoyed by it; the purposes and time for which the lease is desired; and a general description of the particular lands desired to be leased; and said application shall also contain a statement that the applicant has not leased and does not intend to lease in whole or in part, its railroad to any corporation already enjoying water frontage under this Act, and that a majority of its stock is not controlled, directly or indirectly, by any other corporation which already enjoys such frontage or by any person or persons who control such corporation already enjoying such frontage, with the further statement that the applicant does not enjoy (either through ownership, lease, license, agreement or otherwise, by itself or through other railroad corporations of which it has the management or the control, or which are managed or controlled by the same persons who manage or control the applicant, directly or indirectly) frontage on the Bay of San Francisco granted under the provisions of this Act to the maximum extent above mentioned.

SEC. 7. Upon receipt of said application the said board shall at its first meeting thereafter, fix a time and place for the hearing of said application, and shall direct notice of the time and place of said hearing to be given by the secretary by publishing in at least three papers of general circulation in the State of California in which legal notices may be published, one of which shall be a newspaper published in the City and County of San Francisco, and one of which shall be a newspaper published in the City of Oakland, for at least once a week for the period of thirty days, a notice of the time and place of hearing such application. Any persons may file objections to the granting of said lease, setting forth briefly the grounds of such

objections, at any time before the day of hearing set as aforesaid. Upon the day set for hearing or at any time to which the hearing may be continued, the board may hear the application and receive evidence relative to the said application and any objections urged against the same, and shall make the said lease on such terms as it may designate in accordance with the provisions of this section. The costs of all advertising and notices shall be paid by the applicant, and the secretary before filing any application shall demand such sum as he deems advisable to cover the necessary costs of such advertising and notice and shall refuse to file the same unless such costs are paid in advance.

Sec. 8. Priority of application shall not give priority in right in case of any application for a lease. If conflicting applications are made, the existing terminal facilities of the several companies shall be considered by the board, and preference shall be given to the company whose necessities for the facilities applied for shall be the greater, reasonable regard being had to the interests of the public as well as to the interests of the applicant, and preference in such case shall also be given to any corporation owning or operating railroads in more than one State as part of an entire system, or incorporated for the purposes of operating and owning railroads in more than one State as part of an entire system and either actually operating such interstate railroad or bona fide engaged in constructing such interstate railroad.

Sec. 9. No lease hereunder of any of the lands hereinbefore described shall be made to any corporation, unless the same is actually operating a line of railroad in the State of California of at least 50 miles in length, or unless such corporation has bona fide in course of construction at least one hundred miles of railroad in the State of California.

The board shall make no lease of any such land except for actual occupancy and use; such occupancy and use must be for railway terminal and ferry shipping purposes, and the lease shall be so conditioned; and if the land is not used for such purposes the lease may be forfeited by such board.

So long as any lessee hereunder shall in good faith comply with the terms and conditions of its lease and of this Act, it shall have the exclusive and undisturbed possession and control of the premises covered by its said lease.

All leases that may be made pursuant to the terms of this Act shall be subject to the condition that the improvements shall be of such nature as will not conflict with the paramount authority of the United States Government over the navigable waters of the bay.

Said board shall have power to lease a less frontage and area than may be prayed for by any applicant, or if several applicants shall make application for the same parcel of land, said board shall have power to apportion such area and frontage by making leases to said applicants in such manner as it may deem proper and for the best interests of commerce, subject to the provisions hereinbefore contained.

Sec. 10. Every lease made pursuant to the provisions of this Act shall be signed by a majority of the members of the board and attested by the secretary of the board.

Sec. 11. Every lessee of lands under this Act shall within six months from the date of its lease proceed to improve the premises leased for the purposes therein prescribed, and shall proceed with reasonable diligence to construct said improvements, and in the event of failure to so begin the improvement of the same and to proceed with reasonable diligence to construct said improvements, said lease shall be forfeited.

Sec. 12. All moneys collected under the provisions of this Act shall be paid into the State treasury, and be credited to a fund to be known as the "Oakland Harbor Improvement Fund," at least once each month, except so much thereof as may be necessary to pay the salaries of officers, office rent, cost of office furniture, books, stationery, lights, fuel, and other incidental expenses.

Sec. 13. The commissioners shall take vouchers for all sums of money by them expended under the authority of this Act, and safely keep the same on file in the office of the board. For all sums of money going into, and to be drawn from, the State treasury, under the authority of this Act, drafts shall be drawn by said board on the Controller of State, countersigned by the secretary of the board, and the Controller of State shall draw his warrant on the State Treasurer, who shall pay the same out of any money in said treasury credited to the Oakland Harbor Improvement Fund. No warrant shall be drawn by the Controller upon the Treasurer of the State, as provided in this section, unless the order bears the signature of three commissioners, and of the secretary of the board.

Sec. 14. The commissioners shall, on or before the first day of November, A. D. nineteen hundred and eight, and every two years thereafter, make to the Governor a full report of all moneys by them received or disbursed, stating, specifically, for what the same was received and for what purpose expended.

Sec. 15. All official bonds required to be given by the authority of this Act shall be to the people of the State of California.

Sec. 16. The board shall procure and adopt a seal.

Sec. 17. The commissioners shall act without compensation. The secretary shall receive a salary of two thousand dollars (\$2,000) per annum. The board shall fix the compensation of all other employes. Nothing herein contained shall be construed as creating the office of engineer, nor shall his employment extend beyond the particular service for which he is employed.

SEC. 18. The Attorney-General shall act as the attorney for said board; and said board or the Attorney-General shall have the power to begin and prosecute actions to enforce forfeitures and all other actions hereunder. All actions in which said board is an interested party shall be brought in the name of the people of the State of California.

SEC. 19. Except as to the appropriation provided for in Section 20 hereof, no greater amount of money shall be expended or contracted for in any one year than the income received for such year under the provisions of this Act.

SEC. 20. The sum of ten thousand dollars is hereby appropriated out of any funds belonging to the State coming to or remaining in the General Fund and not otherwise appropriated, in order to carry into effect the provisions of this Act, and said sum shall forthwith upon the passage of this Act be transferred by the State Treasurer to the Oakland Harbor Improvement Fund from any funds coming to or remaining in the General Fund and not otherwise appropriated. And thereafter such moneys so transferred or any moneys accruing to said Oakland Harbor Improvement Fund shall be used exclusively for the purposes of this Act, or in such other manner as may hereafter be provided by law, and shall be paid out of said fund, in the manner above provided concerning moneys in said Oakland Harbor Improvement Fund, upon drafts signed by a majority of the commissioners drawn on the Controller of State and countersigned by the secretary of said board, and upon the warrant of said Controller of State upon the State Treasurer corresponding in amount to such draft, or to so much thereof as there shall be funds in said improvement fund to meet.

The State of California shall in nowise be responsible for any moneys or funds except such only as shall come into and become part of said Oakland Harbor Improvement Fund.

SEC. 21. All Acts and parts of Acts in conflict herewith are hereby repealed.

SEC. 22. This Act shall take effect from and after its passage.

The members of said board shall each receive for his services six hundred dollars (\$600.00) per annum, and actual expenses shall be paid from the treasury. Each member of said board shall be a qualified elector from the county from which he is chosen and an experienced wool-grower within the State, and must reside during his term of office within the State. Said board must hold their meetings quarterly, and oftener, if so requested by any member of the board.

SEC. 3. The board shall elect one of its members president, and the board shall appoint a secretary, prescribe his duties, and fix his salary, which shall not exceed one thousand dollars per annum. The board shall maintain an office. The maintenance of such office and the secretary's salary shall be paid from the State treasury in the same manner as the salaries and expenses of State officers. The board shall audit all bills of salaries and expenses incurred in the enforcement of this Act that may be payable from the Sheep Inspection Fund, and if found correct, shall certify the same to the Board of Examiners. The board shall make an annual report to the Governor on or before the fifteenth day of December in each year, giving a statement of the transactions of the board and facts relating to the condition of the sheep industry in this State. The board shall have power to order an inspection for quarantine of any sheep in the State, compel dipping at such times and as often as it deems necessary to insure the eradication of "scab," and divide the State into such districts as may be necessary for the enforcement of this Act. The board shall have power to make, adopt, and enforce such rules and regulations (not in conflict with the provisions of the State Constitution or the laws of this State) as the board may deem necessary for the enforcement of the provisions of this Act. It shall be the duty of the State Board of Sheep Commissioners to furnish, on or before the first Monday in September of each year, to the board of supervisors of each county in this State, an estimate of the amount of money in the Sheep Industry Fund, and the estimated value of the sheep in each county, and the estimated rate of tax on each one hundred dollars of such valuation necessary to raise sufficient funds for paying the expenses to be incurred under the provisions of this Act during the next year.

Said tax shall be levied and collected in the same manner as State and county taxes, and the county treasurer of each county shall report the same to the State Controller and pay the same into the State treasury in the same manner and at the same time as State taxes are reported and paid. The said taxes shall be kept in the State treasury as a separate fund to be known as "The Sheep Inspection Fund."

SEC. 5. The county auditor must on or before the first Monday in August of each year prepare from the assessment book of each year, as corrected by the board of supervisors of each county and the State Board of Equalization, a statement showing the total number of all sheep assessed and the valuation of the same. The county treasurer must notify the State Board of Sheep Commissioners of all moneys forwarded to the State treasury belonging to the State Sheep Inspection Fund at the time said moneys are forwarded to the State treasury. Also, make final report to the said board at the time he makes settlement with the State Controller.

SEC. 6. The board shall have charge of the enforcement of the provisions of this Act, and of all rules and regulations made and adopted by it. The board shall employ such inspectors as may be necessary, and said inspectors shall file a bond in the sum of

one thousand dollars (\$1,000.00), payable to the State, and conditioned for the faithful performance of their duties, and said bond shall be approved by the board. Such inspectors shall receive five dollars (\$5.00) per diem for each day's work actually performed, to be paid from the Sheep Inspection Fund. The board must keep a book, to be known as "The Inspection Book," in which they must enter their official acts. Such records must show, every flock of sheep inspected, and the number contained therein, the time when and the place where the same was inspected.

SEC. 7. The inspectors, and any member of the board, shall have the right at all times to enter any premises, farm, field, pen, slaughterhouse, building, or car where any sheep are quartered for the purpose of examining them, in order to determine whether they are affected with the disease known as scabies. The board shall have the power to quarantine any corral, pen, slaughterhouse, building, or car where sheep may have been or are being handled, and compel the cleaning and disinfecting of the same when deemed necessary for the purposes of this Act. When owners or persons in charge of such places shall after forty-eight hours' written notice refuse to clean or disinfect them, the inspector shall have the right to take charge of such places, cause the same to be cleaned and disinfected, and the expense of such cleaning and disinfection must be paid by the person in charge, or the owner, and shall be a lien upon such premises, corrals, pens, slaughterhouse, buildings, cars, etc., until such expense is paid.

SEC. 8. Inspectors shall report to the board in writing and as often and at such times as may be requested by such board.

SEC. 9. Each inspector must inspect all the sheep within the district assigned to him, when so ordered by the board, and must make and issue a certificate or bill of health for all sheep whose owners have complied with the law and the orders, rules and regulations made and adopted by the board, describing the sheep, giving the number, together with the marks and brands thereon, which will entitle the owner or agent in charge to pass with such sheep from one district to another in this State. The inspector shall immediately file with the board in duplicate all certificates issued by him.

SEC. 10. When sheep are found affected with scabies they must be quarantined where found, and the inspector must define the place, the limits within which such sheep may be grazed, herded or driven, and such sheep must be held in quarantine until pronounced cured from such disease by the State Board of Sheep Commissioners. The expense of dipping, hand-dressing, spotting, feeding, and taking care of all sheep quarantined under the provisions of this Act, must be paid for by the owner or agent in charge of such sheep; and such expense shall be a lien upon such sheep until paid.

SEC. 11. All sheep in the State affected with or exposed to "scabies" must be dipped at such time or times as may be ordered by the board; such dipping shall be done under the supervision of an inspector, and the dip used in all such cases must be one approved by the State Board of Sheep Commissioners; *provided, however*, that ewes due to lamb within thirty days shall not be subject to the provisions of this section.

SEC. 12. When any owner or person in charge of sheep shall bring such sheep into this State, upon entering from an adjoining state or territory for the purpose of grazing, he shall notify the board or an inspector, in writing, of such fact immediately after entering the State, stating the time when, the place where such sheep did enter, and the number of such sheep; *provided, however*, that the owner or person in charge of sheep in transit on the car shall not be required to give notice unless they shall remain in the State, or are unloading to feed or rest for a longer period than forty-eight hours.

SEC. 13. In no case shall any sheep affected with scabies be moved along the public highway or across the lands of another without a written permit from the board or an inspector.

SEC. 14. Any person owning or having charge of any public dipping vat, or vessel in which sheep are dipped and every owner of sheep or agent in charge of them, who shall refuse or neglect after notice in writing to dip all sheep in the manner prescribed in the preceding sections, or who shall willfully and intentionally fail to observe any and all rules and regulations made and adopted by the board in accordance with the provisions of this act, shall be guilty of a misdemeanor and shall be punished by a fine of not less than fifty (50) dollars.

SEC. 15. All claims for salaries of the members of the board shall be paid out of the Sheep Inspection Fund at the same time and in the same manner as the salaries of State officers are paid. All other claims and expenses authorized by this Act shall be executed, approved, audited, allowed, and paid at the same time and in the same manner as other claims against the State.

EXPLANATION OF VOTE.

Senator Mattos, in explanation of his vote on Senate Bill No. 811, addressed the Senate, as follows:

MR. PRESIDENT: I desire to explain my vote on Senate Bill No. 811, the so-called County Government Bill.

Two years ago the salaries were adjusted by the Legislature, as was supposed, to be the salaries until January 1, 1911, so far as the same relate to counties of the third class, which applies exclusively to the County of Alameda.

There is no doubt in my mind that in all of the offices the work has increased a great deal. Especially is such the case in a marked degree in the office of the recorder, where the work has almost doubled, due to the disaster of April 18, 1906, in San Francisco, and the consequent increase of population and transfers in the County of Alameda since that time. But in most cases the increase in the salary list in Senate Bill No. 811, relating to the counties of the third class, is, in my judgment, entirely out of proportion to the actual needs. The county clerk explained to me that some of the increase in his office is really not an increase; that it is putting under his control several copyists that have heretofore been employed by the board of supervisors in his office. The sheriff states that, owing to the building of a new jail, he needs additional help to watch the prisoners, and that his office is short of help now.

The last Republican Convention of the County of Alameda, held in the City of Oakland on the 8th day of September, 1906, had in its platform the following plank:

"Resolved, That we hereby pledge the candidates nominated at this convention to the highest efficiency in their respective offices, and the greatest economy possible to efficient public service.

"Resolved, That we condemn the needless extravagance of paying to a county assessor a salary equal to that of other officials and in addition thereto large commissions on poll tax and personal property tax collections unsecured by real property.

"Resolved, That we pledge our legislative delegation to amend the County Government Act reducing said commissions."

The law as it stands now, which went into effect on January 7, 1907, and the proposed salary list in each office, as per Senate Bill No. 811, is in the aggregate the yearly salary expense in each office, as follows:

	Present Law.	Proposed Law.
County clerk.....	\$20,800 00	\$31,900 00
Biennial registration.....	2,350 00	6,750 00
Sheriff.....	20,500 00	28,600 00
Recorder and actual expense of copying documents.....	12,100 00	15,700 00
Auditor.....	8,800 00	14,400 00
Treasurer.....	6,600 00	7,800 00
Tax collector.....	12,500 00	13,800 00
Additional work (new duties).....		3,200 00
Assessor.....	29,125 00	39,025 00
Also 15% on all poll taxes and 6% on all personal property taxes collected.		
District attorney.....	14,100 00	17,600 00
Superintendent of schools.....	5,400 00	7,300 00

I wish to do justice to the gentlemen holding these offices, but the increase in many of the different salary lists seems so much higher than I am in conscience justified in voting for, that in justice to my constituents and in accordance with the above, I am compelled to vote "no" on the passage of said Senate Bill No. 811.

QUESTION OF PERSONAL PRIVILEGE.

Senator Willis, arising to a question of personal privilege, addressed the Senate, as follows:

MR. PRESIDENT: In its issue of Saturday, March 2, 1907, the "Sacramento Bee," in its published report of the debate on the equal suffrage constitutional amendment in the Senate, quoted me as uttering the words following:

"A clubwoman is not the woman we want to see at our fireside."

I desire to say with all the emphasis possible that I did not utter such language, nor anything that could be construed into any resemblance to it. To think such a thought concerning clubwomen, much less to utter it, would be a distinct insult to them, and I submit to my fellow-Senators and others who know me, whether I am that kind of a man who would so wantonly insult some of the best women of our land.

Mr. President, a clubwoman sits in the cosy corner of my own fireside; and surely that should be sufficient proof to those who did not hear my remarks, that I did not utter such an unmanly, unkind and untrue thought as the "Bee" attributes to me.

PETITION.

The following petition was presented by Senator Lukens, and ordered printed in the Journal:

To His Excellency James N. Gillett, Governor of California, and to the Senate, and to the Assembly of the State of California.

We, the undersigned citizens of California, send greeting:

And we hereby earnestly petition your favorable action in passing at the present session of the Legislature remedial legislation on the subject of divorce substantially as set forth in Senate Bills Nos. 402, 403, 404, 405 and 406; providing (1) for divorce from bed and board, and personal service on defendant whether within or without the State, and for restriction of migratory divorces; (2) for requiring the district attorney to appear in all divorce proceedings in his county in behalf of the State to prevent collusion or fraud, or a one-sided presentation of default cases; (3) for making it a misdemeanor crime to be guilty of any of the acts or omissions that constitute a ground for divorce, or to be guilty of collusion or fraud in divorce proceedings; (4) providing for service of summons and all other papers in divorce cases on the district attorney, and giving the co-respondent in adultery cases notice and right to intervene.

And in support of our petition we recite the significant facts: (1) That the number of divorces has increased to an alarming extent, illustrated by the fact that in Los Angeles County, in 1905, one divorce case was filed to every four marriage licenses issued; (2) Judges estimate that in ninety per cent (90%) of divorce cases there is no appearance by defendant; (3) More than one half the divorces granted in California are for trivial causes, such as desertion and failure to provide; (4) The best thought and civic conscience of our entire nation is now being aroused to a recognition of the alarming growth of the divorce evil, a fact recognized by the President of the United States in his last annual message to Congress.

We plead (1) for a more practical and more just system of sifting out the right and wrong in divorce cases; (2) for the right to demand legal separation only, where the injured one in marital troubles has conscientious scruples against absolute divorce;

(3) for the appropriate punishment of those who wilfully violate the solemn obligations of the sacred marriage vow; (4) for the more adequate protection of the sacred marriage relation; and (5) for the stability and permanence of the home, because the home is the rock upon which both the State and the nation are founded, and if the home decays, both State and nation must crumble and fall.

CONSIDERATION OF BILL—(OUT OF ORDER).

Senator McCartney asked for and was granted unanimous consent to have Senate Bill No. 793 taken up for the purpose of amendment.

Senate Bill No. 793—An Act to authorize the United States of America to sue the State of California.

During second reading of bill, the following substitute was submitted by committee:

COMMITTEE SUBSTITUTE FOR SENATE BILL NO. 793.

An Act to authorize the settlement of an existing controversy between the United States of America and State of California, and making an appropriation to carry out the provisions of said Act.

WHEREAS, The Federal Government claims that certain mistakes have been made in the past wherein and whereby the State of California has received and there has been listed to the State 40,000 acres, or thereabouts, of the public domain in excess of the just amount of lands that the State of California was entitled to under the grant in lieu of sixteenth and thirty-sixth sections, and that the State of California should restore to the United States an area equal to such excess listings to be taken from the sixteenth and thirty-sixth sections within forest reservations; and

WHEREAS, The State maintains that such claim is barred by the provisions of the Act of Congress of March 1, 1877, found in Volume 19 of the United State Statutes, page 267, confirming the title of the State to selections listed prior thereto, and also by the Act of Congress of March 3, 1901, found in Volume 26 of the United States Statutes, page 1095, limiting the time within which the United States can begin suits to vacate and annul patents; now, therefore,

The people of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Surveyor-General of the State of California is hereby authorized to enter into a stipulation with the Secretary of the Interior of the United States of America which shall provide that the question, as to whether or not the United States is now entitled under the laws of the United States, to claim anything of the State of California by virtue of such previous listings, shall be submitted to the Attorney-General of the United States for his opinion, and if the opinion of that official is rendered in favor of the contention of the State of California that then and in that event such opinion shall be final, and shall be binding upon the United States of America.

SEC. 2. If, on the other hand, the opinion of the Attorney-General of the United States shall be adverse to the contention of the State of California, either in whole or in part, and in that event the Surveyor-General of the State of California is hereby empowered to make a report of the facts concerning said controversy to the Governor of the State of California and to the Attorney-General of the State of California, and present with such report a copy of the opinion of the Attorney-General of the United States; thereafter the Surveyor-General of the State of California and the Governor of the State of California and the Attorney-General of the State of California, are authorized and directed to make such examination of law and the facts as will enable them to determine whether the opinion of the Attorney-General of the United States is well founded in whole or in part; then the Surveyor-General, as Register of the State Land Office, shall prepare a patent in the name of the State of California in favor of the United States of America to such portion of the sixteenth and thirty-sixth sections contained in the San Jacinto Forest Reserve as will equal in area the number of acres so ascertained and determined to have been unlawfully listed, and said patent shall be executed by the same officers and in the same manner as other patents are executed, and the Register of the State Land Office shall record said patent in his office, and thereafter shall cause the same to be delivered to the Secretary of the Interior at Washington, in the District of Columbia.

SEC. 3. Until such controversy is determined in whole or in part all of the provisions of Chapter I, Title VIII, Part III, of the Political Code, are hereby suspended as to all of the lands embraced in the said San Jacinto Forest Reserve, for which application to purchase had not been accepted and filed prior to February 14, 1907. In the event that the said opinion of the Attorney-General of the United States is rendered in favor of the contention of the State of California, then this section shall immediately cease to be operative. In the event that the opinion of the Attorney-General of the United States is unfavorable to the contention of the State of California, either in whole or in part, and said controversy is thereafter considered by the State officials as herein set forth, and any patent is thereafter executed conveying to the United States of America certain lands, then all the provisions of this section shall cease to be operative when said patent is recorded in the office of the Register of the State Land Office.

SEC. 4. For the purpose of carrying out the provisions of this statute the sum of \$5,000.00 is hereby appropriated out of any money in the State treasury not otherwise appropriated, and the State Controller is hereby authorized to draw his warrant therefor, and the State Treasurer is hereby authorized and directed to pay said warrant.

SEC. 5. This Act shall take effect immediately.

Substitute read and adopted.

Bill read second time, and ordered to print, engrossment, and third reading.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State by amending Section 1 of Article IV thereof, relating to the legislative power and to certain reservations thereof by the people.

The Legislature of the State of California, at its regular session, commencing on the seventh day of January, nineteen hundred and seven, two thirds of all the members elected to each of the houses of said Legislature voting in favor thereof, hereby proposes that Section 1 of Article IV of the Constitution of the State of California, be amended so as to read as follows:

SECTION 1. The legislative power of this State shall be vested in a Senate and Assembly, which shall be designated the Legislature of the State of California, but the people reserve to themselves power to propose laws and amendments to the laws and to enact or reject the same at the polls, independent of the Legislature, and also reserve power at their option to approve or reject at the polls any Act of the Legislature. The first power reserved by the people is the initiative, and not more than eight per cent of the legal voters shall be required to propose any measure by petition, and every such petition shall include the full text of the measure so proposed. Initiative petitions shall be filed with the Secretary of State not less than four months before the election at which they are to be voted upon. The second power reserved is the referendum, and it may be ordered (except as to laws necessary for the immediate preservation of the public peace, health, or safety,) either by petition signed by five per cent of the legal voters, or by the Legislature, as other bills are enacted. Referendum petitions shall be filed with the Secretary of State not more than ninety days after the final adjournment of the session of the Legislature which passed the bill on which the referendum is demanded. This section shall not be construed to deprive any member of the Legislature of the right to introduce any measure. The whole number of votes cast for _____ at the regular election last preceding the filing of any petition for the initiative or for the referendum shall be the basis on which the number of legal voters necessary to sign such petition shall be counted. Petitions and orders for the referendum shall be filed with the Secretary of State, and in submitting the same to the people, he, and all other officers, shall be guided by the general laws and the Act submitting this amendment, until legislation shall be especially provided therefor.

REPORT OF SPECIAL COMMITTEE—(OUT OF ORDER).

The following report of special committee was received and read:

ON PRISON LEGISLATION AND REFORM.

To the Senate of the State of California:

Your committee appointed by the President of the Senate on the 10th day of March, 1905, in pursuance of a resolution adopted by the Senate on the 7th day March, 1905, as follows:

"WHEREAS, There have been a number of bills passed by this Legislature carrying large sums of money for the purpose of enlarging and increasing the capacity of our State prisons; and

"WHEREAS, The best modern authorities on penology advise the classification of prisoners in order that reformation of convicts may be accomplished; and

"WHEREAS, Our present prison facilities do not permit of this desired reformation of persons convicted of crime; therefore, be it

Resolved, That a committee of three hold-over Senators be appointed by the President of the Senate to act in conjunction with the State Board of Prison Directors for the purpose of considering and reporting on the matter of the construction of a new penitentiary and the selection of a suitable site therefor and that the members of the said committee shall be allowed their actual and necessary expenses payable out of the Contingent Fund of the Senate" beg leave to submit the following report:

In compliance with the provisions of the above resolution, your committee met with the State Board of Prison Directors at San Quentin on the 8th day of December, 1906, and carefully took up the matters appertaining to the erection of further penal institutions for the purpose of putting into effect what is known as the "segregate system" in our State prisons. It appeared to the committee, from the evidence adduced, that in accordance with the most approved plan for penological reformation, it is advisable to segregate the prisoners into not less than three, and possibly five classes.

We learned from the State Board of Prison Directors that they had in contemplation, for a number of years, the adoption of the "segregate system" for the prisons; but owing to the present crowded condition at the two State prisons, they were unable to put this system into operation; that, with the money appropriated at the last session of the Legislature, it was their intention, and the work had already been started to erect additional cells, with the idea in view of having a separate cell for each prisoner.

It further appeared to the committee that it is advisable to provide for an intermediate prison for the reformation of prisoners wherein they may be taught trades and useful occupations. With this end in view, the committee took under consideration the adaptation of the buildings at the Preston School of Industry for such an institution; and to obtain information thereon, at the request of this committee, the State Board of Prison Directors passed the following resolution:

Resolved, That the engineer of the board submit, at his earliest convenience, a report as to the character and general plan required for an intermediate prison, including therein a report as to the feasibility of adapting the Preston School of Industry to such purpose; and further, that the probable cost of such a prison to accommodate two hundred and fifty inmates be included in said report."

Pursuant to this resolution, Mr. W. R. Eckart, the engineer of the State Board of Prison Directors, visited the Preston School of Industry at Lone and, after a careful study of the buildings, grounds, and other conditions and circumstances, submitted a report of his investigation to the State Board of Prison Directors, a copy of which, with the exception of the maps and photographs accompanying said report, is hereto attached and made a part hereof.

As will be seen from Mr. Eckart's report, he advises, for good and sufficient reasons, against the tentative plan of adapting the Preston School of Industry for the purposes of an intermediate prison, and your committee is of the same opinion.

It will be noted that Mr. Eckart goes very thoroughly into the matter of plans and estimates of cost for an intermediate prison. Without taking into consideration the cost of land for the prison, he estimates that it will require \$555,000 for the erection of buildings necessary for a complete institution of this character. However, he suggests that if the buildings actually necessary, such as cell buildings, kitchen, and dining-room, administration building, commissary buildings, officers' and guards' quarters, and warden's residence, be erected by contract, and the remaining buildings, consisting of a stable, the hospital, the trades buildings, the officers' residences and also the wall, be erected by prison labor, the first appropriation need only be \$255,000, as the latter buildings and wall could be erected by prison labor.

As a conclusion, your committee urgently recommends that the necessary appropriations for the erection and equipment of an intermediate prison should be made at once, and that a commission consisting of the Governor and State Board of Prison Directors, should be instructed and empowered to purchase a proper site for the needs of this institution.

COPY OF REPORT OF W. R. ECKART, ENGINEER OF THE STATE BOARD OF PRISON DIRECTORS.

The Honorable State Board of Prison Directors, San Francisco, California.

GENTLEMEN: At a meeting of the State Board of Prison Directors, held at San Quentin, December 8, 1906, upon request of the Senate Committee, the following resolution was passed:

"That the engineer of the board submit, at his earliest convenience, a report as to the character and general plan required for an intermediate prison, including therein a report as to the feasibility of adapting the Preston School of Industry to such purpose, and further that the probable cost of such a prison to accommodate 250 inmates be included in said report."

Pursuant to this resolution, I beg to offer the following:

Character of an intermediate prison.

An intermediate prison should undoubtedly be modeled along the lines of the modern reformatory, and among penological experts there seems to be an almost unanimous opinion as to the methods and requirements for such an institution, which briefly stated are, that the criminals to be confined are young men, generally between the ages of 16 and 30 years, who have not been previously convicted of a felony.

The sentence should in all cases be what is known as the "Indeterminate Sentence." Upon this subject there seems to be no divergence of opinion.

The discipline should be of the strictest, and in many of the institutions considered as models it is of the military type. The division into three classes is a prominent feature and essential. All prisoners are received into the second class and are held there until they have earned recognition by their conduct and application to work, whereupon they are promoted to the first class. Incurability, attempts to escape, or lack of application, etc., will cause a transfer to the third or lowest grade. No absolute discharge is given direct from the reformatory, but the men are sent out on probation or parole, and absolute discharge is given only when the paroled man has made good. No parole is made except from the first grade, and continuation in the third class may be cause for transfer to one of the penitentiaries.

General plan required.

The institution, confining as it does men convicted of serious crimes, requires all the features of a prison, and essentially a high surrounding wall, cells providing separate accommodation for each prisoner (although in some cases the first grade men are taken care of either in dormitories or in rooms with three or four men in a room). Besides the wall and cell house, the following buildings are required: dining-room, kitchen, commissary store-house, hospital, power-house, administration building, trades school building, stable, laundry.

Residences for general superintendent and other officers should be provided.

The laundry and power-house could be taken care of in the trade school building, which should provide shops and school rooms where the men can be taught all the principal trades, and the equivalent of a common school education given to those who are deficient in this respect. Also, either in this building or elsewhere, should be provided an assembly hall, suitable for use as a chapel and general lecture room, an adjunct of which might be a library.

The arrangement of the different buildings and disposition of department rooms, as mentioned above, must necessarily depend, in a great measure, upon the location and contour of the prison site selected.

The cost of construction, including labor and material to be had and used in the buildings, the making of them fireproof and otherwise safe for the confinement of prisoners, will be governed materially by local conditions and surroundings.

Also, the continued cost of fuel, freight rates, and abundant supply of pure water for domestic and factory purposes, are other important factors to be taken into consideration in connection with the intermediate prison wherever located.

In view of the foregoing considerations, and your instructions, several days were spent in investigating the "feasibility of adapting the Preston School of Industry, at Ione, to an intermediate prison."

(The following reference is to maps accompanying the original report of Mr. Eckart to the State Board of Prison Directors, which do not accompany the report of your committee.)

On the blue print, marked "D," attached, which is a contour map of the grounds in the vicinity of the main building, will be found the location of the principal buildings now erected and in use at the school. It will be seen that the Administration Building (print A) is located on the apex of a knoll some 40 feet higher than the dormitories (marked east and west cottages) and at a distance averaging over 500 feet in each direction from the same, while the Trades School Building (print B), and power-house, are on a still lower elevation, and at a slightly greater distance from the Administration Building.

In the interior arrangement, construction, and location of these buildings, it is everywhere apparent that they were only intended for the confinement of persons under the age of manhood, where prison bars, armed guards, and enclosure walls are not necessary or desirable. The east and west dormitories are each arranged for housing two companies (fifty boys to each company), or say, two hundred inmates, besides the matrons and care-takers. In the Administration Building, besides the Superintendent's living room, and the quarters of other officers, there are additional dormitories capable of housing say fifty more inmates. The dining-room, located in the latter building (over the kitchen) is of scant capacity for seating the present number of boys, say 220.

The Trades School Building (print B) contains, on the ground floor, a carpenter shop and laundry. The floor above is not occupied at present, as the building has just been rebuilt, after being partially destroyed by fire. An addition to this building has recently been erected out of concrete blocks, in a creditable manner, by the boys belonging to the school. This addition will contain the machine shop, blacksmith shop, and other departments.

Water supply and system. (Print F.)

The main car and domestic supply is derived from Sutter Creek by means of diverting dam and ditches, and certain times of the year it is necessarily restricted in quantity

and inferior in quality, requiring storage and settling reservoir to render it fit for use, and at best it is not potable. The drinking water at present is dependent upon springs developed on the Preston School tract since the main water supply rights were purchased by the State. It is not over sufficient for the present daily wants.

To adapt the Preston School for use as a reformatory to accommodate 250 men would require:

First—Other accommodations to be provided for over two hundred boys, well housed and provided for in buildings suited and well located for their requirements at present.

Second—The erection of a cell building for 250 men, built with all the modern requirements for prison life, allotting one cell to each person confined.

Third—The erection of a prison enclosure wall of sufficient height to prevent the escape of prisoners from the reformatory. The rolling nature of the ground adjacent to the main building, and the scattered locations of the dormitories and Trades School Building would require an excessive length of wall over what would be required under more favorable conditions.

Fourth—The water supply will have to be carefully conserved to meet even the present requirements of the Preston School, and further expenditure to provide a sufficient quantity and quality for an intermediate prison with its additional trades capacity would be necessary.

Fifth—The remodeling of the present buildings and dormitories to make them suitable for the changed conditions would be necessary. The present dining-room is located over the kitchen, as an annex to the Administration Building, and is barely of capacity for 220 persons. Any administration building, or building for officers, should be on the outside of any prison wall, and the prison dining-room and kitchen must necessarily be on the inside, which would necessitate entirely new buildings for those purposes, including a store-house and refrigerator building.

In view of the foregoing considerations, and the fact that the present purposes of the Preston School are well served by these buildings and their location, I am moved to advise against any tentative plan of adapting the Preston School of Industry to the purposes of an intermediate prison.

General plan for an intermediate prison.

In attempting to comply with that part of your instructions calling for a "general plan for an intermediate prison," including the "probable cost of such a prison for 250 inmates," nothing more than a tentative one can be submitted in advance of some knowledge of the prison site to be selected, as the disposition of all buildings in relation to each other, as previously stated, will depend, in a great measure, upon the contour of the ground, power and heat supply to the required buildings, and sanitary arrangements as to ventilation and disposal of sewage, while cost of construction is governed by material to be had and used in the buildings, and the labor market, at a place yet indeterminate.

Print marked ¹⁰⁸⁷ L.P. is a general outline ground plan for confining and housing 250 inmates, with administration building and officers' quarters. The cell building, as arranged, is for 250 single cells, arranged in cell block inside of the main cell building. All cells are spaced and arranged on the utility corridor system, with separate lavatory and round hopper closet prison outfit. Ventilating and lavatory piping enters the utility corridor back of each row of cells; all cells to have open gratings for fronts, and building arranged for hot-air heating.

The dining-room and kitchen are one-story buildings, so as not to obstruct light from the cell building, while being conveniently located to the cells, and being arranged as wing buildings to the connecting passage ways, additional dining-room could be added for 250 more prisoners, if desirable, and still retain the convenient arrangement for segregating and handling prisoners in dining-rooms where the ventilation would be of the best.

The Trades School Building would be two stories in height. In the basement the power and boiler-room for heating all buildings could be provided for, while on the ground floor and second story would be the trades and educational departments, all arranged as has been found desirable in the Eastern reformatories. Space has been provided for a second trades building, convenient to the first, in case of enlargement of the prison.

Other buildings, such as hospital and commissary department, are laid out on the plan.

The main enclosure wall is 2,252 feet, including gates, but excluding the frontage covered by the main cell building. It is laid out for a height of 20 feet, which can be raised to 25 feet, if desirable. The total ground enclosure within the wall is 7.4 acres. This enclosure has been taken as sufficient for an increase of prison capacity to 1,000 prisoners.

While the cell building and dining room are laid out for 250 men, it seems likely, in view of past experience with prison work, that future requirements would demand greatly increased capacity, say, up to 1,000 prisoners. Therefore, the general plan has been arranged to admit of a symmetrical increase in capacity to that number as will be found tabulated, in the accompanying memoranda of approximate costs.

MEMORANDA OF APPROXIMATE COSTS.

Building.	Remarks.	Estimated Cost.
Wall	Area enclosed suitable for prison of ultimate capacity of 1,000 men	\$111,500 00
Cell building	Capacity 256 single cells, space provided for additional cell blocks up to 1,000 cells	105,000 00
Dining-room	Seating capacity 250 men, ground space provided for increase up to 1,000 men	16,000 00
Kitchen	Ample space for cooking for 1,000 men	21,500 00
Commissary building	Will take care of 1,000 men, depending upon convenience of supply center	7,500 00
Administration building	Size practically independent of capacity of prison, depends on organization	40,000 00
Officers and guards' building	Probably ample for prison of capacity up to 1,000, further extensions should be in the form of individual cottages for married employés. Depends on convenience to town	42,500 00
Warden's residence	Independent of prison capacity	22,500 00
Deputy warden's residence	Independent of prison capacity	12,000 00
Officers' residences	Six provided, probably sufficient up to prison capacity of 1,000, depends on organization, proximity to town, etc.	24,000 00
Stable	Size and cost dependent upon acreage farmed, and prison requirements, distance from station, etc.	7,500 00
Hospital	Ample for prison of 1,000 men under ordinary conditions	35,000 00
Tradeschool	Probably ample for prison capacity up to 500 men, depends upon attention paid to agriculture and similar pursuits	110,000 00
Total erected by contract		\$555,000 00

If only the buildings actually necessary were built by contract, cell building, kitchen and dining-room, administration building, commissary building, officers and guards' quarters, warden's residence, which would leave the wall, the stable, the hospital, trades building and officers' residences to be erected by prison labor, the first appropriation need be only \$255,000.00. This would make a large saving on the labor item in the last named buildings, besides furnishing useful work for the inmates for several years.

Respectfully submitted.

W. R. ECKART.

February 5, 1907.

Any lease which is made in violation of the terms of this Act shall be void, and the said board shall have the right of re-entry upon the premises leased.

The rental to be reserved in all leases made under the provisions of this section shall be at the rate of not more than one dollar per front foot per annum of the water frontage of the premises leased. No dockage, wharfage or tolls shall be imposed or collected by the State or the City of Oakland for the use of any dock, wharf or pier on any lands that may be leased pursuant to the terms of this Act during the term of any such lease; *provided* such dock, wharf or pier shall be or shall have been constructed and shall be maintained at the cost and expense of the railway company securing the said lease, or at the cost and expense of its predecessor in interest.

By "water frontage" or "frontage" in this Act is meant frontage on the Bay of San Francisco, within the boundaries above described, and all water frontage so leased under the provisions of this Act shall be measured on a line running due north from the west end of the north jetty or training wall of San Antonio Estuary as the same now exists.

SEC. 5. Said board shall have power to direct surveys to be made of any lands within said area, and may require any railroad company or corporation that may apply for any frontage or area of land to pay the costs of any survey of the lands embraced within the application of such railroad company or corporation, before final action is taken in the matter of such application.

SEC. 6. Before any lease for the purpose of terminals, or other railroad purposes, shall be made covering any part of said lands, an application shall be filed with the secretary of said board by the applicant desiring to lease such lands, verified by an officer of said corporation, setting forth the name of the applicant; the purposes for which it is incorporated; the number of miles of railroad owned and operated by it in the State of California and elsewhere; the number of miles which are in actual course of construction in the State of California and elsewhere; the amount and general description of the water frontage on said bay owned, held or enjoyed by it; the purposes and time for which the lease is desired; and a general description of the particular lands desired to be leased; and said application shall also contain a statement that the applicant has not leased and does not intend to lease in whole or in part, its railroad to any corporation already enjoying water frontage under this Act, and that a majority of its stock is not controlled, directly or indirectly, by any other corporation which already enjoys such frontage or by any person or persons who control such corporation already enjoying such frontage, with the further statement that the applicant does not enjoy (either through ownership, lease, license, agreement or otherwise, by itself or through other railroad corporations of which it has the management or the control, or which are managed or controlled by the same persons who manage or control the applicant, directly or indirectly) frontage on the Bay of San Francisco granted under the provisions of this Act to the maximum extent above mentioned.

SEC. 7. Upon receipt of said application the said board shall at its first meeting thereafter, fix a time and place for the hearing of said application, and shall direct notice of the time and place of said hearing to be given by the secretary by publishing in at least three papers of general circulation in the State of California in which legal notices may be published, one of which shall be a newspaper published in the City and County of San Francisco, and one of which shall be a newspaper published in the City of Oakland, for at least once a week for the period of thirty days; a notice of the time and place of hearing such application. Any persons may file objections to the granting of said lease, setting forth briefly the grounds of such objections, at any time before the day of hearing set as aforesaid. Upon the day set for hearing or at any time to which the hearing may be continued, the board may hear the application and receive evidence relative to the said application and any objections urged against the same, and shall make the said lease on such terms as it may designate in accordance with the provisions of this section. The costs of all advertising and notices shall be paid by the applicant, and the secretary before filing any application shall demand such sum as he deems advisable to cover the necessary costs of such advertising and notice and shall refuse to file the same unless such costs are paid in advance.

SEC. 8. Priority of application shall not give priority in right in case of any application for a lease. If conflicting applications are made, the existing terminal facilities of the several companies shall be considered by the board, and preference shall be given to the company whose necessities for the facilities applied for shall be the greater, reasonable regard being had to the interests of the public as well as to the interests of the applicant, and preference in such case shall also be given to any corporation owning or operating railroads in more than one State as part of an entire system, or incorporated for the purposes of operating and owning railroads in more than one State as part of an entire system and either actually operating such interstate railroad or bona fide engaged in constructing such interstate railroad.

SEC. 9. SEC. 59. The council shall institute all suits necessary to remove persons from office for cause and for the enforcement of all proper penalties, but this shall not be construed to prevent any citizen bringing any proper suit to remove from office any officer for any sufficient cause specified in law or this charter, or construed to limit the power of the mayor in making removals and suspensions and preferring charges, given elsewhere in this charter, and it shall be the duty of the mayor to remove from office any appointive officer violating any of the provisions of this chapter or this charter.

Each mayor taking office under this charter shall cause a careful investigation to be made of the exact condition of all franchises theretofore granted by the city, and of the respective rights and obligations of the parties, and the performance of the same, and shall report the results thereof in his next annual message or report, or at such other times as he may deem proper.

SEC. 79. Such record copy with said certificate shall be prima facie evidence of the contents of the ordinance and of the passage and publication of the same and shall be admissible as such evidence in any court or proceeding. Such records shall not be filed in any case but shall be returned to the custody of the clerk. Nothing herein contained shall be construed to prevent the proof of the passage and publication of ordinances in the usual way. He shall, in separate books, also record all contracts to which the city or any officer thereof in his official capacity is a party, similarly attested, and all official bonds or other bonds given to or for the benefit of said city or in which it is interested. Chapter 3. The City Auditor.

SECTION 94. SEC. 98. He shall keep a complete set of books, in which he shall set forth in a plain and business-like manner, as hereinafter provided, every money transaction of the city, so as to show at all times the state of each fund, from what source the money was derived, for what purpose any money was expended, and also all collections made and paid into the treasury by each officer or any other person, so that he can tell at any time the exact condition of the city finances. He shall receive and preserve in his office all accounts, books, vouchers, documents and papers relating to the accounts and contracts of the city, its debts, revenues and other financial affairs.

SEC. 99. The city auditor shall act as the general accountant and fiscal agent of the city and shall exercise a general superintendence over all the officers and employes of the city charged in any manner with the receipt, collection or disbursement of the city revenues, and shall examine their accounts and books at least once in each month and if they be found incorrect, he shall at once notify the mayor in writing. To this end the board is authorized to employ expert advice, if thought wise by them, to incur other necessary expenses and to order the proper books, blanks and supplies. All expenses shall be certified to, and allowed by, the council elected under this charter and such bills shall be allowed and paid by the auditor and treasurer. The said board shall submit to said council a duly certified report of such system of accounts, books, records, reports, vouchers, receipts and blanks and such duties prescribed for such officers and employes. Said report shall be spread on the book of ordinances by the city clerk and shall thereafter have the full force and effect of a duly enacted ordinance of the city, requiring compliance by all departments, officers and employes of the city. Thereafter such system of accounts, books, reports, vouchers, blanks and receipts shall be changed only by a duly enacted ordinance of the council approved by the mayor, except as otherwise provided in Article XVI, Section 246 of this charter. 19. To appoint a superintendent of schools, prescribe his powers and duties from year to year and fix his salary.

20. To determine annually the amount of money necessary to be raised by taxation for the maintenance of the public schools, in addition to the amount of money to be received from the State and county; and the board shall, on or before the first day of August of each year, submit in writing to the board of supervisors of Riverside County, a careful estimate of all money to be received from the State and county and the amount required to be raised by taxation in addition thereto, and said county board of supervisors shall, and they are hereby authorized and directed so to do, in each year when fixing the annual tax rate, levy and assess as a school tax

for the support and maintenance of the school department, such amount as the board of education shall report necessary for that purpose; *provided*, that the aggregate of the amount to be thus levied for school purposes shall not exceed thirty cents on each one hundred dollars valuation of property appearing on the assessment roll of the Riverside city school district; *provided further*, that the limit herein mentioned shall not be construed as including any money to be raised by taxation for the payment of bonds and the interest thereon for the Riverside city school district. The estimate of the board of education submitted to the county board of supervisors, as above specified, shall show the amount of money estimated to be received from the State for high school purposes and the amount needed for such purposes in addition thereto; and this amount when assessed and collected as above stated, shall be paid into the county treasury and placed to the credit of the high school fund and shall be used for high school purposes. All school moneys shall be paid out by the county treasurer in accordance with the methods of the general school laws, when not inconsistent with the provisions of this charter.

21. To establish regulations for the just and equitable disbursement of all money belonging to any fund of the Riverside school district.

22. And generally, to do and perform such other acts as may be necessary and proper to carry into force and effect the powers conferred on said board and to increase the efficiency of the public schools in said city.

SEC. 135. The board of education may, prior to the fifteenth day of August in any year when in their judgment it is advisable, call an election and submit to the electors of the district the question whether a tax shall be levied to furnish additional school facilities for the district or to maintain any school in such district or for building one or more school houses or for any or all of these purposes. Such election shall be called and money employed in accordance with the general laws of the State governing elections for district school tax.

SEC. 136. The board of education shall, at the same meeting at which it elects its president in each year, appoint a clerk, who may, or may not, be one of their own number, and shall prescribe the duties and fix the salary of such clerk.

SEC. 138. The board of education shall be the judge of the qualifications of teachers in all departments in the Riverside city school district, and said board may provide for special examinations for any or all positions in said schools. In the selection of teachers the board shall in all cases advise with the city superintendent, and in so far as possible they shall select teachers who by education and natural ability are best fitted for the positions; but said board shall in no case employ any teacher who does not, when so requested by the board, present a certificate of good health from the city health department, or from some reputable and known physician.

Any order for supplies in excess of two hundred dollars shall be advertised for and purchased in same manner as outlined in this section.

SEC. 141. In all matters not specifically provided for in this charter the board shall be governed by the provisions of the general law relative to such matters.

All accounts of property, money, receipts and expenditures shall be kept by the auditor of said city.

SEC. 150. The board, by a majority vote of all its members to be recorded on its minutes with ayes and noes, shall have power:

15. To do and perform any and all other acts and things necessary or proper to fully carry out the intent of this charter in establishing and maintaining a public library and reading room;

16. To control and order the expenditure of all money at any time in the library fund, and order the drawing and payment of all moneys out of said fund for such expenditures or liabilities as are herein authorized, subject to the general provisions for the payment of demands on the city treasury, contained in Article XVI.

The board shall, as specified in Article XV, Section 228, submit to the council a careful estimate of the amount of expenditure required for the coming fiscal year, specifying in detail the object thereof. A duplicate of said report and estimate shall be sent to the auditor.

SEC. 152. the levy of which is permitted in the municipality: *provided*, said levy for library purposes shall not be less than five cents, nor more than twenty cents on each hundred dollars of value of all real and personal property in the city as assessed for city purposes.

All money received for such library from any source, except as herein otherwise provided for, shall be deposited in the treasury of the city to the credit of the library fund and shall be kept separate and apart from all other moneys of the city, and shall be disbursed only for library purposes herein authorized and only upon the order of the board of directors of the public library as hereinbefore provided.

SEC. 153. No indebtedness exceeding the funds available for library purposes during such year, shall be incurred in any one year: *provided*, that this limitation shall not be construed to prevent the incurring of indebtedness for permanent improvements, to be liquidated by the proceeds of municipal bonds issued by the City of Riverside, in accordance with the provisions of this charter or of the general laws of the State, for the purpose of defraying the cost of such improvements; *and provided*, that the contracts for such improvements, the construction of the same and the allowing of demands in payment therefor shall be under the control of the board of directors of the public library, subject to the general provisions herein contained relating to the allowance of demands.

ARTICLE VIII.

DEPARTMENT OF PUBLIC UTILITIES AND ELECTRICAL DEPARTMENT.

SECTION 158. There is hereby created a department of public utilities which shall be under the control and management of a board of public utilities, consisting of five commissioners, four of whom shall be appointed by the mayor immediately after his qualification and thereafter as their terms expire as hereinafter provided. Each of the four thus appointed shall be at least twenty-five years of age and shall have been a qualified elector of the city for the three years next preceding the day of his appointment. The fifth member of the board shall be the mayor who shall be the presiding officer of the board. Those members first appointed under this charter shall so classify themselves by lot at their first meeting that one shall go out of office on the second Monday in January, 1909, one at the end of one year thereafter, one at the end of two years thereafter, and one at the end of three years thereafter; and thereafter their successors shall hold office for four years until their successors are appointed and have qualified: *provided*, the mayor may at any time remove from office members of said board and thereupon shall file with the council a written message giving the names of the members removed and the reasons therefor. Such removals shall not need the approval of the council. The members shall serve without compensation. Unless otherwise provided by ordinance, the city clerk shall act as secretary of said board and keep the minutes and records thereof and shall, whenever required so to do, certify such proceedings under his hand, the same to be authenticated by seal if a seal is adopted and provided by said board for that purpose.

SEC. 159. The board shall hold regular meetings at least once in every month at such times and place as it may determine by resolution. Special meetings may be called at any time by the mayor or by any two members: *provided*, written notice is served as herein provided for, and that no business shall be transacted at any special meeting except that mentioned in the call, unless five members consent thereto. Three members shall constitute a quorum for the transaction of business but a less number may adjourn from time to time.

SEC. 160. The board of public utilities shall have the exclusive control and management of all electric and other light and power works, gas works, telegraph

or telephone systems, water works, ice works or other systems of providing and distributing refrigerating means, materials, and service, and all other public utilities that now belong to, or that may hereafter be acquired by the city; the acquisition, construction, extension, maintenance, operation and improvements of such works and systems; the management, rental, use, sale and distribution of the electricity, light, power, gas, fuel, water, ice or other products, merchandise or service therefrom; the collection of the rates and payment for the same and the general charge thereof; by ordinance of the council, the board may be given charge of the fire and police telegraph and alarm systems.

SEC. 161. The board may appoint, transfer, remove, discharge, suspend or require bonds of superintendents, engineers, laborers and all other persons employed in or by said department or in connection therewith in whatever capacity, and may prescribe their duties, compensation and authority, except as otherwise provided herein for the city auditor, his deputies and clerks.

SEC. 162. The rates to be charged for the use, rental and sale of electricity, light, power, heat, gas, water, telephone or telegraph service, or for any other service supplied by such department for which it is practicable to establish fixed rates, shall be fixed by the board of public utilities annually, or oftener if desired, but must be approved by the council. Said rates should preferably, but not necessarily, yield a reasonable profit and interest on the investment to the city, but must not be less than the actual cost of providing such service or utility, including all repairs, maintenance, operating expenses and the depreciation hereinafter provided for in Section 173 of this article, unless approved by two thirds of all the qualified electors voting on such proposition at any election, and further provided, that the board shall have power by a vote of four members, approved by a vote of five members of the council, and by the mayor, when, in their judgment such would be for the best interests of the city as a whole, to make special and discriminating rates and contracts which may or may not be less than the said cost.

SEC. 163. The board shall have authority to purchase all machinery, material, fuel, merchandise and supplies for the use of the department, and such purchase may be made in the open market for the best advantage of the city, and bids shall not be required except at the option of the board, notwithstanding any other provision to the contrary contained in this charter elsewhere. The board is authorized to acquire and take by purchase, condemnation or otherwise, in the name of the city, any and all property, including water and water rights, situated within or without the limits of the city, that may be necessary or convenient for the construction, operation, maintenance or extension of any of the said works or public utilities.

SEC. 164. Said board shall have the power to contract or to extend contracts for power, electric current, gas, fuel, or similar commodity; if said contracts or extensions are for a period exceeding one year and shorter than five years they shall require the approval of the council; if longer than five years they must, in addition, be ratified by a majority of the qualified voters voting on such proposition at any election, before they shall be binding on the city. The board may, however, subject to the approval of the council, make such contracts or make leases of machinery or apparatus for a longer term than five years if such contracts or leases provide for the acquisition by the city of the machinery or apparatus so leased, or provide for the acquisition of the machinery or apparatus producing the electric current, power, gas or other product so contracted for by the city.

SEC. 165. The city through its department of public utilities shall have the right to sell, lease, rent or furnish any of the commodities, merchandise or service herein provided for, to persons or corporations using the same outside of the city limits; *provided*, the same does not interfere with the proper service of the inhabitants of the city, and any contracts must be subject to this provision. The rates so charged shall be fixed by the board, but must be approved by the council.

SEC. 166. The city, through its department of public utilities, shall have power to purchase, acquire by leasing or renting, to sell, to rent or lease out, to install, repair and maintain every kind of electric current, power, fuel, heat, machinery, apparatus, supplies and all other articles of merchandise necessary, convenient or profitable either for its own use in any of the public utilities operated by the city, or for the use of the customers of the city wherever located. Such service to persons outside of the city shall be subject to the provisions of Section 165 of this article. When the board deems it to be to the profit and best interest of the city, it may furnish, free of charge, or give away to its customers, under proper restrictions, apparatus, lamps, and other articles intended to consume or make use of electricity, gas, power or other commodities furnished by the department.

SEC. 167. The board shall have entire charge of the system of street lighting; *provided*, that before any extensions of same are made, the approval of the council shall be necessary. The rate to be charged the city for street lighting shall be determined by the board and approved by the council, but must not be less than the actual cost of same. Bills for same shall be rendered monthly and approved in the same manner as other demands. The auditor shall then credit the electric fund and charge the proper fund with the said amount. Light, power and other

items and supplies furnished other departments of the city shall be treated in like manner.

SEC. 168. The board shall have power, by a resolution adopted by a majority of all its members and recorded at length on the minutes with the ayes and noes, to make and enforce all such reasonable regulations, rules and by-laws as may be necessary for its government, for the administration of the department and for the exercise of the powers conferred by this article. In the event that electric transmission lines have been paid for, in whole or in part, by persons or corporations other than the city, the board may require persons desiring to connect with said lines, to pay a proper proportion of such cost before being allowed to make such connection, and the said payment may be repaid pro rata to the persons originally paying for such lines.

SEC. 169. The board shall, as soon as practicable, cause to be made by the city engineer, a map or maps, showing full details of the distributing system, connections therewith and of all street lights, which maps shall be kept posted up to date or additional maps made as the service increases.

SEC. 170. The city auditor, as provided in Section 99 of Article V, Chapter 3, shall have entire charge and control of all records, books, documents and accounts relating to property and the receipts and expenditures and all accounts of purchases and sales of the department. His department shall also attend to the correspondence of the board or of the superintendent, but this shall be under the control and direction of the board. The board shall allow out of the electric fund the wages of the deputies and clerks so employed in the department, which wages shall be fixed by the council. The auditor shall make, as soon as practicable after the adoption of this charter, with the assistance of the superintendent, a complete detailed list with an inventory at the present value of all property belonging to the department, in order to determine the net value of the city's investment therein. The values in said inventory shall be set by the board, and it may engage a competent person to set same or to assist therein. The auditor shall keep this record posted up to date, and shall annually make a new inventory. A record shall be kept of all property sold, lost, destroyed, worn out or discarded, and a record of all connections and the number of lamps in use. The auditor shall accurately apportion all income and expenditures so that regular operating expenses, repairs, betterments, extensions, replacements, depreciation, cost of operation, power and fuel, the income from various sources, and the net income and real value of the plant can always accurately be told. The board and superintendent shall so conduct the department that this can be done and the auditor is instructed and given power to see that this provision is complied with.

SEC. 171. All money received by the board from the collection of rates or otherwise shall be paid over to the treasurer of the city, daily, unless otherwise provided by ordinance, to the credit of the electric fund, which shall be kept separate and apart from all other moneys of the city, and shall only be drawn from said fund by demands previously approved by a vote of three members of the board taken with the ayes and noes, and spread on the minutes, and the action of said board endorsed on said demands and signed by the mayor as president of the board and by the secretary thereof. All demands must be approved by the superintendent or managing head of the department and by the auditor or his deputy before being presented to the board. In case of emergency the council may transfer money from the general fund to the electric fund. Any moneys raised by issuing the bonds of the city for the use of the department of public utilities shall be expended and controlled by the said board. Money may be temporarily transferred from the electric fund to the general fund by the council, but only with the consent of the board of public utilities, and such money must be returned to the electric fund by the first day of the following May.

SEC. 172. None of the money in the electric fund shall be apportioned and used for any purpose or purposes other than for the following:

1. For the necessary expenses of conducting the electric department, operating the electric plant and making all current and ordinary extensions, betterments and repairs;

2. For the extraordinary improvement and betterment to the plant, property, equipment and system of supply and distribution of the electric department, including purchase of necessary lands, water rights and other properties;

3. Any unused balance in the electric fund, after deducting for the depreciation sinking fund as provided in Section 173 of this article, may with the approval of both the board and the council, be used for payment of principal and interest of any electric department bonds outstanding;

4. After all expenditures have been made that are required in the first, second, and third subdivisions of this section, the profit, if any there be, remaining in the electric fund at the end of the fiscal year, from the operation

of the plant for such year, may, with the consent of both the council and the board of public utilities, be transferred, in whole or in part, into the general fund for the use of said fund.

SEC. 173. At the end of each fiscal year the auditor shall take the total value of property belonging to the electric department as obtained from the inventory and property record; he shall deduct not less than 5 per cent therefrom, which shall represent the estimated depreciation of the whole plant and system for the year. Said per cent shall thereupon be transferred from the electric fund to the credit of the fund to be known as the "depreciation sinking fund." He shall then charge to such sinking fund and credit to the electric fund the amount expended during the year in actual replacements of wornout machinery and plant, but must not include therein amounts expended in betterments, extensions, changes and repairs. The balance remaining in the depreciation sinking fund shall then be invested by the treasurer, subject to the approval of the council, in United States, state, school or municipal bonds, or deposited in savings banks organized under the laws of California, at interest, and the interest thereon shall accrue to said fund. If the per cent deducted from the electric fund in any one year shall not be sufficient to offset the expenditures for said actual replacements for such year as above specified, then sufficient bonds from the depreciation sinking fund shall be converted into cash, or cash withdrawn from said savings banks, and said cash transferred to the electric fund to make up such deficiency; but this shall be done only on the recommendation of the auditor and approved by the said board and the council. The depreciation sinking fund shall otherwise remain inviolate except as authorized by a two-thirds vote of the qualified electors voting on such proposition at any election: *provided*, that the said board by a four-fifths vote of all the members, approved by the council by a vote of five-sixths of all the members and by the mayor, shall have the power to instruct the treasurer and auditor to convert sufficient of said bonds into cash or withdraw said deposits, and thereupon to temporarily transfer the proceeds and to use same for betterments and extensions of said plant, or to acquire any other public utility elsewhere provided for in this charter, but must not use the same for repairs or operating expenses. Said temporary transfers must be repaid to said sinking fund by the electric fund or other fund, as the case may be, in annual installments not less than ten in number, with five per cent interest on same, computed semi-annually, and the auditor is authorized and instructed to make such transfer and the council must provide the funds therefor if the balances in such fund be insufficient. Annual reports in detail must be made by the auditor and the treasurer of all increments, changes, conversions, investments, interest, loans from and repayments to said depreciation sinking fund.

The auditor may take expert advice other than that of the electric department, as to the proper per cent of depreciation to be charged to the electric fund and credited to the depreciation sinking fund, as above provided; if, from such advice he believes five per cent to be too small, he shall make use of such per cent as he believes conservative and safe. If the money in the electric fund be insufficient to provide the amount of the depreciation charge the auditor shall create a deficit in the electric fund and if said deficit be not balanced at the time the next annual tax levy is made, the council must, by levy or otherwise, provide the money to balance the said fund. Said per cent shall not be less than five per cent unless approved by a majority of the electors voting on such proposition at any election.

SEC. 174. The board shall present to the council a monthly report showing expenditures for operating expenses, fuel, power, wages, repairs, replacements, betterments and extensions; also all income and net profit itemized into proper classes, and also an annual report showing in addition to these items the nature and condition of the property under their control with such information and suggestions as it may deem of general interest. If funds be needed for extensions, improvements, repairs or other expenditures, too great to be paid out of the estimated current income of the department, the board shall, as provided in Section 228, Article XV, make an itemized statement of the same to the council and the council may make such proper tax levy to provide such funds, and said taxes shall, when collected, be credited to the electric fund. Duplicates of all reports shall be filed in the auditor's office.

SEC. 175. It shall be the duty of the council to pass such ordinances as may be necessary to enforce the rules and regulations made by the said board.

SEC. 176. The board shall possess such other powers and perform such other duties as may be necessary to carry any of the powers and duties prescribed in this article into full force and effect, or as may be elsewhere prescribed by this charter or by ordinance.

SEC. 177. It is understood that at the time of the adoption of this charter, the electric department is the only public utility operated by the city. In case any other public utility herein mentioned in Section 160 of this article shall hereafter be acquired and pass under the control and management of the board of public utilities, the said board shall create separate departments therefor, and such departments shall each be subject to all the provisions of this article as far as they can be made applicable, and the accounts thereof shall be kept entirely separate each from the other, and separate and appropriate funds shall be established for each.

SEC. 178. No public utility once acquired and operated by the city shall, nor shall the control of same or the products therefrom, ever be sold, leased, abandoned or otherwise disposed of to any person or corporation except such proposition is approved by a two-thirds vote of all the qualified electors voting on such proposition at any election at which said proposition shall be legally submitted; *provided*, that said prohibition shall not be construed to prevent the ordinary sale of electricity, gas, power, service, merchandise, supplies, materials and unused or abandoned machinery or apparatus to the customers of the city in the regular course of business.

Every officer shall hold office until his successor is elected or appointed, and has qualified.

SEC. 213. The officers elected at a general municipal election shall, after they have qualified as provided in this charter, take office and enter upon the discharge of their duties at ten o'clock A. M., on the second Monday after their election.

SEC. 214. Special elections shall be held for such purposes and at such times as the council may determine, or at such times as are elsewhere provided in this charter, except that no special election shall be held less than thirty days after the passage of an ordinance calling the same. All special elections shall be held and conducted, except as to the date thereof, and the result thereof be made known and declared in the same manner as herein provided for other elections.

SEC. 215. The council shall have power to submit to the electors of said city at any election any question required to be so submitted by the constitution, the law, this charter or by ordinance; *provided*, that in case the question is required by said constitution, law, charter or ordinance to be submitted at a special or other particular kind of election, it shall be so submitted unless otherwise provided herein.

SEC. 222. The present officers of the city, and the school trustees of the Riverside, Palm Avenue, Magnolia and Victoria school districts, and of the Riverside high school district, shall hold, continue to hold and exercise their respective offices until the election or appointment and qualification of the first officers to be elected or appointed under this charter, with the powers and duties vested in and imposed upon them under the laws and the ordinances under which they were elected.

SEC. 223. The board of trustees of the City of Riverside, in office at the time this charter is approved by the legislature, shall provide for the holding of the first general municipal election of officers under this charter, shall canvass the votes, declare the result, and approve the bonds of all officers elected at such election, the amounts of said bonds and the provisions relating thereto to be as herein provided.

If for any reason, the first general municipal election is not held on the day therein provided for, the validity of this charter and of such election is not affected thereby, and the board of trustees of the City of Riverside then in office must provide for the holding of said election as soon as possible thereafter.

SEC. 224. The election returns from each municipal election precinct shall be filed with the city clerk, who shall immediately place them in the safe or vault in the city clerk's office, and no person shall be permitted to handle, inspect, examine or in any manner interfere with the same until canvassed by the council. ARTICLE XV.

REVENUE AND TAXATION.

SECTION 227. All taxes, licenses, fines, penalties and all moneys received from any source, shall constitute the revenue of the city and shall be collected and paid into the city treasury.

SEC. 228. On or before the third Monday in July of each year, unless a different time is fixed by ordinance, the several heads of each department, office, board and commission shall submit to the council an estimate in writing of the amount of expenditure, specified in detail, and stating the object thereof, required in the respective department, office, board and commission during the year. Duplicates of these estimates shall be submitted to the auditor.

SEC. 229. On or before the fourth Monday in July of each year, unless a different time is fixed by ordinance, the auditor shall prepare and transmit to the mayor and council an estimate of the probable financial necessities of the municipal government for the fiscal year, stating the amount required to meet the interest and principal on all bonded or funded indebtedness of the city, together with the amount needed for the salaries and probable wants of all the departments of the municipal government in detail, showing specifically the necessities of each fund in the treasury. The estimate shall also show what amount of income and revenue is likely to be collected from fines, licenses and

all other sources of revenue, exclusive of taxes upon property, and what amount will probably be required to be levied and raised by taxation in order to meet the necessities of each specific fund for such fiscal year.

SEC. 230. The council shall have the power and it shall be their duty to fix by ordinance the amount of money necessary to be raised by taxation upon the taxable property of the city, as a revenue to carry on the various departments of such city for the current fiscal year, not to exceed the limit fixed by this charter, if there be such limit, and to pay the bonded or other indebtedness of said city. The council shall meet for such purpose and shall so ascertain and fix said amount on the first Monday in August in any year when provision has been made by ordinance for the assessment and collection of the city taxes by the county assessor and county tax collector, and in any other year at such time as may be fixed by ordinance.

SEC. 231. During such time as the assessment and collection of city taxes shall be made by the proper officers of said city, the council shall meet at their usual place of holding meetings at 10 o'clock A. M. on the second Monday of August of each year, unless a different time is fixed by ordinance, and sit as the board of equalization, and shall continue in session by adjournment from day to day until all the returns of the assessor have been rectified and the assessment equalized. They shall have power to hear complaints and to correct, modify or strike out any assessment made by the assessor, and may, of their own motion, raise any assessment upon notice to the parties whose assessment is to be raised. The corrected list for each tax shall be the assessment roll of said tax for said year. It shall be certified by the city clerk, who shall act as clerk for the board of equalization, as being the assessment roll for said tax and shall be the assessment roll upon which such tax is to be levied in said year.

SEC. 232. The mayor and council shall have power and it shall be their duty, unless the city taxes are assessed and collected as provided in Section 234 of this Article, to provide by ordinance a system for the assessment, levy and collection of all city taxes and for the sale of property for delinquent taxes, which system shall conform, as nearly as the circumstances of the case may permit, to the provisions of the laws of this State with reference to assessment, levy and collection of State and county taxes and sale of property for delinquent taxes, except as to the times of such assessment, levy and collection and except as to the officers by whom such duties are to be performed. All taxes assessed, together with any percentage imposed for delinquency and the cost of collection, shall constitute liens on the property assessed from and after the date of assessment.

SEC. 233. If there shall be no ordinance in force availing the city of the privilege of having its taxes assessed and collected by the officers of the county, the city clerk shall be ex-officio assessor and the treasurer shall be ex-officio tax collector; and they shall perform respectively the duties and have all the powers prescribed by law or ordinance for assessors and tax collectors. While the city avails itself of the privilege of having its taxes assessed or collected by the county officers, the offices of city assessor and city tax collector shall not exist. The taxes so levied and collected shall be paid by the proper county officers to the city treasurer and be apportioned by the city auditor to the several specific funds.

SEC. 234. The mayor and council shall, during the month of January, nineteen hundred eight, and the month of January, nineteen hundred nine, and may, annually thereafter, pass an ordinance electing to avail the City of Riverside of the provisions relating to the making of assessments and collection of taxes by the assessor and tax collector of the County of Riverside, pursuant to the provisions of an act of the Legislature of the State of California entitled: "An act to provide for the levy and collection of taxes by and for the use of municipal corporations and cities incorporated under the laws of the State of California, except municipal corporations of the first class, and to provide for the consolidation and abolition of certain municipal offices, and to provide that their duties may be performed by certain officers of the county, and fixing the compensation to be allowed for such county officers for the services so rendered to such municipal corporation," approved March twenty-seventh, eighteen hundred ninety-five; *provided*, said act be then in force, and shall cause a certified copy of such ordinance to be filed with the auditor, assessor and tax collector of said County of Riverside. If said act shall be amended or some other law be substituted instead, providing for the assessment and collection of city taxes by county officers, any ordinance passed therefor by the mayor and council shall conform to the provisions of such amended act or such law in order to avail the city of the privilege of having its taxes assessed and collected by such county officers.

SEC. 235. On the first Monday of September in any year when provision has been made by ordinance for the assessment and collection of the city taxes by the

county assessor and county tax collector, the council shall fix the rate of taxes for such year as provided in Section 4 of said act of the legislature referred to in Section 234 of this article, and shall immediately thereafter transmit to the county auditor of said County of Riverside a statement of such rate as fixed by said council.

SEC. 236. The city taxes for the fiscal year 1907-8 shall be assessed by the city clerk and ex officio assessor of the City of Riverside holding office prior to the second Monday after the second Tuesday in May, nineteen hundred seven; said assessor shall continue in office as assessor of the City of Riverside incorporated under this charter until said assessment roll has been completed and shall be entitled to such compensation therefor as may be fixed by the council. Such assessment shall be as valid and binding as if made by the ex officio assessor elected under this charter. This provision shall take precedence over any other provision of this charter in conflict therewith. Said assessment shall be made under the existing ordinances of the City of Riverside, except as to the amount of tax levy which shall be governed by the provisions of this charter.

SEC. 237. No money from bond, interest or sinking funds of the city shall be transferred to other funds, except as provided herein, until the necessity for which such bond, interest or sinking funds were created no longer exists. Ordinances providing for the levying of the taxes mentioned in this article shall not be subject to the provisions of the Referendum referred to in Section 259, of Article XXI.

The council shall not have power to levy a general tax greater than one dollar and thirty-five cents on each one hundred dollars of the assessed valuation of all property within said city. This limit is exclusive of all taxes for the payment of the principal and interest of the bonded indebtedness of the city, all district taxes, special taxes, special assessments and all taxes for library or school purposes. This limit may be changed at any time by an ordinance adopted by a majority vote of all the electors voting on such question at any election and such ordinance may originate in the council or may be proposed by initiative petition.

ARTICLE XVI.

CLAIMS AND DEMANDS.

SECTION 238. Bonds and interest coupons shall be paid by the treasurer and demands shall not be necessary therefor.

SEC. 239. All other payments from the treasury must be made only on demands as herein provided and every demand must specify each date, item and value, be verified under oath and must be approved by the head of the department authorizing or the person having knowledge of the same, and by a majority of all the members of any board over such department.

SEC. 240. All demands on the library fund, the electric or other public utility fund, must be approved by a majority vote of all the members of the board of directors of the Riverside public library or the board of public utilities, respectively, and approved by the auditor. The approval of the mayor and council shall not be necessary, but the mayor may disapprove any such demand and such demand shall be then paid only if approved, as provided in Section 242 of this article.

SEC. 241. All demands except those referred to in Section 240 of this article must be approved by a majority of the finance committee of the council, by a majority vote of all the members of the council, by the mayor and by the auditor.

SEC. 242. The council may approve any demand over the disapproval of the finance committee or of any head of department by a majority vote of all the members. The council or other board specified in Section 240 of this article may approve any demand over the disapproval of the mayor by a vote of five members and four members, respectively. Every such demand must be voted on separately, the aye and no vote recorded and the reason for any disapproval attached to the demand.

SEC. 243. Any demand in the fire or the police departments must be approved by the chief of such department and by the mayor.

SEC. 244. Salaries of elective officers, except those of members of the council, shall not require demands.

SEC. 245. The auditor shall designate the fund out of which any demand shall be paid. His disapproval shall be final, subject to the review of the courts. No demand can be paid by the treasurer unless audited and approved as herein provided. If there are no funds to pay any demand on presentation, the treasurer shall register such demand and thereafter, if there be funds legally applicable to pay such demand, it shall be paid in the order of registration, together with interest from the date of registration at the rate of five per cent per annum.

SEC. 246. The board of city accounting shall prescribe forms, records and duties relating to demands and their approval and payment, and such shall not be changed except on a vote of the electors.

ARTICLE XVII.

BONDED INDEBTEDNESS.

SECTION 247. Bonds of the City of Riverside may be issued under the provisions of the general laws of the state relating to the incurring of bonded indebted-

ness subject to the following provisions which shall take precedence over the provisions in such general laws relating to similar matters:

1. Bonds may be issued by the city to defray expenditures for any purpose for which any of the funds of the city may be lawfully expended.

2. Funds from the sale of bonds issued for school, library or public utility purposes shall be under the exclusive control of, and shall be expended only on demands approved by the board of education, the board of directors of the Riverside public library or the board of public utilities, respectively.

3. The city may issue bonds for a term of years less than forty years, said bonds shall be serial and shall be payable in equal annual installments and the length of said term shall be determined and stated in the ordinance passed by the council submitting the question of incurring said indebtedness and issuing said bonds, to be voted on at an election, and said election may be either a special or a general municipal election.

ARTICLE XVIII.

CONTRACTS.

SECTION 248. The City of Riverside shall not be and is not bound by any contract unless the council shall have first caused notice to be published in a daily newspaper printed and published in the City of Riverside, inviting proposals, and thereafter shall have let said contract to the lowest responsible bidder furnishing adequate security for its performance, satisfactory to the council; *provided*, that the council may reject any and all bids; *and provided*, that any such contract shall be made in writing, and approved and signed as provided in Article III, Chapter 1, Section 9; *and provided further*, that the approval, as to form of such contract, by the city attorney, as required by Section 121 of Article V of this charter, shall be endorsed on the draft thereof before the council shall have power to approve the same; but the council may by resolution authorize any officer, committee or agent of the city to bind the city for the payment of a sum of money not exceeding five hundred dollars without a contract in writing and without any previous publication of notice inviting proposals; *provided*, that contracts made by other boards authorized by this charter to make contracts, shall not be subject to the provisions of this section.

SEC. 249. The council shall not have power to make any contract or lease or to extend any existing contract or lease for a longer period than five years unless said contract, lease or extension be approved and ratified by a majority of the qualified electors of the city voting on such question at any election; *provided*, that a lease, contract or extension for a longer period shall be valid without such approval if said lease or contract provides for the acquisition by the city, at the end of such period, of the real or personal property so leased or contracted for, but such contract, lease or extension shall nevertheless be subject to the provisions of the referendum herein provided for in Section 259 of Article XXI.

SEC. 250. The council shall annually, at some regular meeting held during the month of June, fix the rate to be paid for official advertising and for job printing for the year following, from July first to June thirtieth. Such advertising and job printing may, thereafter during said year, be procured by the council or by any board, officer or employé legally authorized, but in no case shall the price paid exceed, though it may be less than the rate so fixed by the council. At the same price, preference shall be given on orders for job printing to printing establishments located in the City of Riverside, but this shall not be construed as preventing such work being done outside of the city if a lower price, considering quality of work, can be thus obtained.

SEC. 251. If no newspaper published in the City of Riverside will accept advertising at the rate so fixed as provided in Section 250 of this Article, or if for other reasons the council so decides, the said council in lieu of newspaper advertising may issue and publish a bulletin containing such matter as they, or any officer or board of the city are required to publish, and shall cause a copy thereof to be addressed to each of the registered voters of the city, to their addresses as the same shall appear on the last great register of Riverside County, and the same shall be deposited in the United States postoffice with the postage duly prepaid, and shall also post printed copies of such advertisement in three public places in the city. Action shall not be taken in regard to any matters so advertised for such period after such postage and mailing as may be required herein or by law to lapse after regular advertising in the official newspaper, or for five days thereafter if no time is so specified. Such mailing and posting shall be conclusively deemed to be of the same effect as if the advertisement had been fully published the required number of times in such newspaper as may be required by law or this charter. All provisions of this charter are subject to the provisions of this section.

SEC. 252. The council may by ordinance create the position or office of city purchasing agent, and shall prescribe the duties and fix the compensation therefor.

Such position or office may be filled by one of the officers or employes of the city so designated, or a new and separate office or position may be created. The council may provide that all or any designated portion of the purchases and contracts under the jurisdiction of the council must be made by said purchasing agent under rules to be provided therefor; and with the consent of other boards herein given the power to make purchases and contracts, the council may provide that all or a portion of such purchases and contracts may be made by said agent, under similar or different rules. The council may provide that the purchasing agent may make all or any portion of the purchases of the city in the open market at the best prices obtainable and to the best advantage of the city, without advertising for bids, and the provision so made shall take precedence of the provisions of Section 248 of this Article, or of any other provisions of this charter requiring such advertisement for bids and shall take precedence of the provisions in Section 250 of this Article relating to job printing.

ARTICLE XIX.

STREETS AND SEWERS.

SECTION 253. Except as provided herein and unless otherwise provided by ordinance, the general law of the State of California relative to the improvement of, and work upon streets, lanes, alleys, courts, places and sidewalks, including the construction of sewers and providing for the laying out, opening, extending, widening, straightening or closing up in whole or in part of any street, square, lane, alley, court or place within municipalities, and to condemn and acquire any and all land and property necessary and convenient for that purpose; and for providing a system of street improvement bonds to represent certain assessments for the cost of street work and improvements within municipalities, and to provide for the payment of such bonds; and providing for the planting, maintenance and care of shade trees upon streets, lanes, alleys, courts and places within municipalities, and of hedges upon the lines thereof, and for the eradication of weeds within city limits, now in force, or which may hereafter be adopted by the legislature of this State, is hereby made a part of this charter, and shall govern the council in such matters; *provided*, the council is hereby given power to enact ordinances providing for, and having the effect as long as such ordinances shall remain in force, of repealing all, any, or any portion of any such general laws, as far as the same shall relate to the City of Riverside, and substituting in place thereof other measures, provisions and regulations, relating to similar matters; *and, provided*, the council is hereby given power to enact ordinances providing other and different measures, provisions and regulations relating to any, all or any portion of the matters covered in such general laws, and in any proceedings relating to any of said matters to decide and provide in the resolution or ordinance ordering or initiating said proceedings, whether said proceedings or work shall be conducted under said general laws, under said general laws as amended by said ordinances, or entirely under said ordinances. A repeal of any such ordinance will revive the operation of any such general law so repealed in whole or part, with amendments thereto, provided said law be still in force in the State.

SEC. 254. The council shall have power by duly enacted ordinance to provide rules and regulations for having sewers, drains and conduits laid in the streets, alleys and places of the city, under private or public contract, to require that the owner of any property which has not contributed to the payment of the cost and expenses of such construction, must, before being allowed to connect with and use such sewers, drains and conduits, pay into the city treasury or to some designated officer, the proper portion of such cost and expense which such property should have borne had it participated in said payment, with interest thereon to said date, or in lieu thereof a stated sum of money. The ordinance may provide that the money so collected shall be paid into the sewer fund, or returned to the present owners of the property participating in such original cost, *pro rata*.

SEC. 255. The council shall have power to cause an estimate to be made and a bid submitted on behalf of the city by the city engineer and the superintendent of streets on any work provided for in this article. Said bid shall be in regular form but no bond, certified check or other deposit or security shall be required of the city. The contract for said work may be awarded to the city if the bid of said city is the lowest, or to the next highest responsible bidder at the option of the council. No bond shall be required of the city, but the contract shall be signed in regular form. The superintendent of streets shall have charge of the execution of any such contract and careful records of cost must be kept. The city may do any such work on application of a petition signed by the owners of a majority of the frontage of the property fronting on any proposed improvement, even though no bid was submitted by said city, or without said petition if the council deems that the city can do such work at less cost than the lowest bid therefor. Any such work may be done by day labor, or sublet by contract, or both. Assessments for such work shall be collected as designated by the council.

SEC. 256. In all proceedings under the general laws of the state the city engineer and the superintendent of streets, respectively, shall perform the same duties as prescribed in said laws.

ARTICLE XX.

FRANCHISES.

SECTION 257. The council shall have power to designate the terms, conditions and duration of all franchises, *provided* that no exclusive franchise shall ever be granted.

ARTICLE XXI.

THE INITIATIVE.

SECTION 258. Any proposed ordinance may be submitted to the council by a petition signed by qualified and registered electors of the city equal in number to the percentage hereinafter required. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each of such papers shall make oath before an officer qualified to administer oaths, that the statements therein made are true and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition, the city clerk shall examine and from the great register and certificates of registration, ascertain whether or not said petition is signed by the requisite number of qualified and registered electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination.

If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient the clerk shall submit the same to the council without delay.

If the petition accompanying the proposed ordinance be signed by qualified and registered electors equal in number to ten per cent. of the entire vote cast for all candidates for mayor at the last preceding general municipal election, the council must either pass such ordinance without alteration or submit the same to the electorate at the next general municipal election that shall occur at any time after thirty days from the date of the clerk's certificate of sufficiency. But if such petition is signed by qualified and registered electors equal in number to fifteen per cent of said vote and contains a request that such ordinance be submitted to a vote of the people at a special election, then the council must either pass the ordinance without alteration or submit the same to the electorate at a special election to be called within sixty days from the filing of such petition.

The ballots used when voting upon such proposed ordinance shall contain the words: "For the Ordinance;" (stating the general nature of the ordinance) and "Against the Ordinance," (stating the nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city; and any ordinance proposed by petition or which shall be adopted by a vote of the people, cannot be repealed or amended except by a vote of the people obtained in like manner.

Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this section: *provided*, that there shall not be held under this section of the charter more than one special election in any period of twelve months.

THE REFERENDUM.

SECTION 259. No action providing for the sale or lease of any city property exceeding five hundred dollars in value and no ordinance passed by the council (except when otherwise required by the general laws of the state or by the provisions of this charter, respecting street improvements and except an ordinance for the immediate preservation of the public peace, health or safety, which contains a statement of its urgency, and is passed by a vote of five members of the council and approved by the mayor or the unanimous vote of all the members over the mayor's disapproval, but no grant of any franchise shall be construed to be urgency matter), shall go into effect before thirty days from the time of its approval by the mayor or the time of its passage over his veto, as the case may be; and if during said thirty days, a petition signed by electors of the city equal in number to at least ten per cent of the entire vote cast for all candidates for mayor at the last preceding city election at which a mayor was elected, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation and it shall be the duty of the council to reconsider such ordinance and if the same is not entirely

repealed, the council shall submit the ordinance proposed, to the vote of the electors of the city either at the next general municipal election or at a special municipal election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of the first section of this article (the initiative) and shall be examined and certified by the clerk in all respects as therein provided. If the provisions of two or more measures approved and adopted at the same election under the provisions of this charter, conflict, then the measure receiving the highest affirmative vote shall control.

THE RECALL.

SECTION 260. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor for such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by qualified electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty-five per cent of the entire vote for all candidates for the office, the incumbent of which is sought to be removed, cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be filed with the city clerk; provided, that the said petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence giving the street and number. One of the signers of each such paper shall make oath before an officer qualified to administer oaths, that the statements therein made are true and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days after the date of filing such petition the city clerk shall examine and from the great register and certificates of registration ascertain whether or not said petition is signed by the requisite number of qualified and registered electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the city clerk's certificate the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay and the council shall thereupon order and fix a date for holding the said election, not less than thirty days, nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

The council shall make or cause to be made, publication of notice and all arrangements for the holding of such election, and the same shall be conducted, returned and the result thereof declared in all respects as other city elections. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise, in writing, the clerk shall place his name on the official ballot without nomination.

In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the party who receives the highest number of votes shall fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office.

If any special election be ordered, held and conducted, it shall be ordered, held and conducted (except as to date thereof) and the result thereof made known and declared, in the same manner as herein provided for other elections.

SEC. 261. Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election, the city clerk shall cause the ordinance or proposition to be printed and he shall enclose a printed copy thereof in an envelope with a sample ballot and mail the same to each voter at least ten days prior to the election, but the council may order such ordinance or proposition to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition and of the sample ballot as first above provided.

CONSIDERATION OF SPECIAL ORDER.

The hour having arrived for the consideration of the special order heretofore set for this day, being the consideration of the report of a special committee on prison legislation and reform, appointed by the Senate of the thirty-sixth session of the California Legislature, the same was taken up for consideration.

ON PRISON LEGISLATION AND REFORM.

To the Senate of the State of California:

Your committee appointed by the President of the Senate on the 10th day of March, 1905, in pursuance of a resolution adopted by the Senate on the 7th day March, 1905, as follows:

"WHEREAS, There have been a number of bills passed by this Legislature carrying large sums of money for the purpose of enlarging and increasing the capacity of our State prisons; and

"WHEREAS, The best modern authorities on penology advise the classification of prisoners in order that reformation of convicts may be accomplished; and

"WHEREAS, Our present prison facilities do not permit of this desired reformation of persons convicted of crime; therefore, be it

"Resolved, That a committee of three hold-over Senators be appointed by the President of the Senate to act in conjunction with the State Board of Prison Directors for the purpose of considering and reporting on the matter of the construction of a new penitentiary and the selection of a suitable site therefor, and that the members of the said committee shall be allowed their actual and necessary expenses payable out of the Contingent Fund of the Senate"—beg leave to submit the following report:

In compliance with the provisions of the above resolution, your committee met with the State Board of Prison Directors at San Quentin on the 8th day of December, 1906, and carefully took up the matters appertaining to the erection of further penal institutions for the purpose of putting into effect what is known as the "segregate system" in our State prisons. It appeared to the committee, from the evidence adduced, that, in accordance with the most approved plan for penological reformation, it is advisable to segregate the prisoners into not less than three, and possibly five classes.

We learned from the State Board of Prison Directors that they had in contemplation, for a number of years, the adoption of the "segregate system" for the prisons; but owing to the present crowded condition at the two State prisons, they were unable to put this system into operation; that, with the money appropriated at the last session of the Legislature, it was their intention, and the work had already been started, to erect additional cells, with the idea in view of having a separate cell for each prisoner.

It further appeared to the committee that it is advisable to provide for an intermediate prison for the reformation of prisoners wherein they may be taught trades and useful occupations. With this end in view, the committee took under consideration the adaptation of the buildings at the Preston School of Industry for such an institution; and to obtain information thereon, at the request of this committee, the State Board of Prison Directors passed the following resolution:

"Resolved, That the engineer of the board submit, at his earliest convenience, a report as to the character and general plan required for an intermediate prison, including therein a report as to the feasibility of adapting the Preston School of Industry to such purpose; and further, that the probable cost of such a prison to accommodate two hundred and fifty inmates be included in said report."

Pursuant to this resolution, Mr. W. R. Eckart, the engineer of the State Board of Prison Directors, visited the Preston School of Industry at Ione, and, after a careful study of the buildings, grounds, and other conditions and circumstances, submitted a report of his investigation to the State Board of Prison Directors, a copy of which, with the exception of the maps and photographs accompanying said report, is hereto attached and made a part hereof.

As will be seen from Mr. Eckart's report, he advises, for good and sufficient reasons, against the tentative plan of adapting the Preston School of Industry for the purposes of an intermediate prison, and your committee is of the same opinion.

It will be noted that Mr. Eckart goes very thoroughly into the matter of plans and estimates of cost for an intermediate prison. Without taking into consideration the cost of land for the prison, he estimates that it will require \$555,000 for the erection of buildings necessary for a complete institution of this character. However, he suggests that if the buildings actually necessary, such as cell buildings, kitchen, and dining-room, administration building, commissary buildings, officers' and guards' quarters, and warden's residence, be erected by contract, and the remaining buildings, consisting of a stable, the hospital, the trades buildings, the officers' residences, and also the wall, be erected by prison labor, the first appropriation need only be \$255,000, as the latter buildings and wall could be erected by prison labor.

As a conclusion, your committee urgently recommends that the necessary appropriations for the erection and equipment of an intermediate prison should be made at once, and that a commission consisting of the Governor and State Board of Prison Directors, should be instructed and empowered to purchase a proper site for the needs of this institution.

COPY OF REPORT OF W. R. ECKART, ENGINEER OF THE STATE BOARD OF PRISON DIRECTORS.

The Honorable State Board of Prison Directors, San Francisco, California.

GENTLEMEN: At a meeting of the State Board of Prison Directors, held at San Quentin, December 8, 1906, upon request of the Senate Committee, the following resolution was passed:

"That the engineer of the board submit, at his earliest convenience, a report as to the character and general plan required for an intermediate prison, including therein a report as to the feasibility of adapting the Preston School of Industry to such purpose, and further that the probable cost of such a prison to accommodate 250 inmates be included in said report."

Pursuant to this resolution, I beg to offer the following:

Character of an intermediate prison.

An intermediate prison should undoubtedly be modeled along the lines of the modern reformatory, and among penological experts there seems to be an almost unanimous opinion as to the methods and requirements for such an institution, which briefly stated are, that the criminals to be confined are young men, generally between the ages of 16 and 30 years, who have not been previously convicted of a felony.

The sentence should in all cases be what is known as the "Indeterminate Sentence." Upon this subject there seems to be no divergence of opinion.

The discipline should be of the strictest, and in many of the institutions considered as models it is of the military type. The division into three classes is a prominent feature and essential. All prisoners are received into the second class and are held there until they have earned recognition by their conduct and application to work, whereupon they are promoted to the first class. Incurability, attempts to escape, or lack of application, etc., will cause a transfer to the third or lowest grade. No absolute discharge is given direct from the reformatory, but the men are sent out on probation or parole, and absolute discharge is given only when the paroled man has made good. No parole is made except from the first grade, and continuation in the third class may be cause for transfer to one of the penitentiaries.

General plan required.

The institution, confining as it does men convicted of serious crimes, requires all the features of a prison, and essentially a high surrounding wall, cells providing separate accommodation for each prisoner (although in some cases the first grade men are taken care of either in dormitories or in rooms with three or four men in a room). Besides the wall and cell house, the following buildings are required: dining-room, kitchen, commissary store-house, hospital, power-house, administration building, trades school building, stable, laundry.

Residences for general superintendent and other officers should be provided.

The laundry and power-house could be taken care of in the trade school building, which should provide shops and school rooms where the men can be taught all the principal trades, and the equivalent of a common school education given to those who are deficient in this respect. Also, either in this building or elsewhere, should be provided an assembly hall, suitable for use as a chapel and general lecture room, an adjunct of which might be a library.

The arrangement of the different buildings and disposition of department rooms, as mentioned above, must necessarily depend, in a great measure, upon the location and contour of the prison site selected.

The cost of construction, including labor and material to be had and used in the buildings, the making of them fireproof and otherwise safe for the confinement of prisoners, will be governed materially by local conditions and surroundings.

Also, the continued cost of fuel, freight rates, and abundant supply of pure water for domestic and factory purposes, are other important factors to be taken into consideration in connection with the intermediate prison wherever located.

In view of the foregoing considerations, and your instructions, several days were spent in investigating the "feasibility of adapting the Preston School of Industry, at Ione, to an intermediate prison."

(The following reference is to maps accompanying the original report of Mr. Eckart to the State Board of Prison Directors, which do not accompany the report of your committee.)

On the blue print, marked "D," attached, which is a contour map of the grounds in the vicinity of the main building, will be found the location of the principal buildings now erected and in use at the school. It will be seen that the Administration Building (print A) is located on the apex of a knoll some 40 feet higher than the dormitories (marked east and west cottages) and at a distance averaging over 500 feet in each direction from the same, while the Trades School Building (print B), and power-house, are on a still lower elevation, and at a slightly greater distance from the Administration Building.

In the interior arrangement, construction, and location of these buildings, it is everywhere apparent that they were only intended for the confinement of persons under the age of manhood, where prison bars, armed guards, and enclosure walls are not necessary or desirable. The east and west dormitories are each arranged for housing two companies (fifty boys to each company), or say, two hundred inmates, besides the matrons and care-takers. In the Administration Building, besides the Superintendent's living room, and the quarters of other officers, there are additional dormitories capable of housing say fifty more inmates. The dining-room, located in the latter building (over the kitchen) is of scant capacity for seating the present number of boys, say 220.

The Trades School Building (print B) contains, on the ground floor, a carpenter shop and laundry. The floor above is not occupied at present, as the building has just been rebuilt, after being partially destroyed by fire. An addition to this building has recently been erected out of concrete blocks, in a creditable manner, by the boys belonging to the school. This addition will contain the machine shop, blacksmith shop, and other departments.

Water supply and system. (Print F.)

The main car and domestic supply is derived from Sutter Creek by means of diverting dam and ditches, and certain times of the year it is necessarily restricted in quantity and inferior in quality, requiring storage and settling reservoir to render it fit for use, and at best it is not potable. The drinking water at present is dependent upon springs developed on the Preston School tract since the main water supply rights were purchased by the State. It is not over sufficient for the present daily wants.

To adapt the Preston School for use as a reformatory to accommodate 250 men would require:

First—Other accommodations to be provided for over two hundred boys, well housed and provided for in buildings suited and well located for their requirements at present.

Second—The erection of a cell building for 250 men, built with all the modern requirements for prison life, allotting one cell to each person confined.

Third—The erection of a prison enclosure wall of sufficient height to prevent the escape of prisoners from the reformatory. The rolling nature of the ground adjacent to the main building, and the scattered locations of the dormitories and Trades School Building would require an excessive length of wall over what would be required under more favorable conditions.

Fourth—The water supply will have to be carefully conserved to meet even the present requirements of the Preston School, and further expenditure to provide a sufficient quantity and quality for an intermediate prison with its additional trades capacity would be necessary.

Fifth—The remodeling of the present buildings and dormitories to make them suitable for the changed conditions would be necessary. The present dining-room is located over the kitchen, as an annex to the Administration Building, and is barely of capacity for 220 persons. Any administration building, or building for officers, should be on the outside of any prison wall, and the prison dining-room and kitchen must necessarily be on the inside, which would necessitate entirely new buildings for those purposes, including a store-house and refrigerator building.

In view of the foregoing considerations, and the fact that the present purposes of the Preston School are well served by these buildings and their location, I am moved to advise against any tentative plan of adapting the Preston School of Industry to the purposes of an intermediate prison.

General plan for an intermediate prison.

In attempting to comply with that part of your instructions calling for a "general plan for an intermediate prison," including the "probable cost of such a prison for 250 inmates," nothing more than a tentative one can be submitted in advance of some knowledge of the prison site to be selected, as the disposition of all buildings in relation to each other, as previously stated, will depend, in a great measure, upon the contour of the ground, power and heat supply to the required buildings, and sanitary arrangements as to ventilation and disposal of sewage, while cost of construction is governed by material to be had and used in the buildings, and the labor market, at a place yet indeterminate.

Print marked ¹⁰⁸⁷_{I.P.} is a general outline ground plan for confining and housing 250 inmates, with administration building and officers' quarters. The cell building, as arranged, is for 250 single cells, arranged in cell block inside of the main cell building. All cells are spaced and arranged on the utility corridor system, with separate lavatory and round hopper closet prison outfit. Ventilating and lavatory piping enters the utility corridor back of each row of cells; all cells to have open gratings for fronts, and building arranged for hot-air heating.

The dining-room and kitchen are one-story buildings, so as not to obstruct light from the cell building, while being conveniently located to the cells, and being arranged as wing buildings to the connecting passage ways, additional dining-room could be added for 250 more prisoners, if desirable, and still retain the convenient arrangement for segregating and handling prisoners in dining-rooms where the ventilation would be of the best.

The Trades School Building would be two stories in height. In the basement the power and boiler-room for heating all buildings could be provided for, while on the ground floor and second story would be the trades and educational departments, all arranged as has been found desirable in the Eastern reformatories. Space has been provided for a second trades building, convenient to the first, in case of enlargement of the prison.

Other buildings, such as hospital and commissary department, are laid out on the plan.

The main enclosure wall is 2,252 feet, including gates, but excluding the frontage covered by the main cell building. It is laid out for a height of 20 feet, which can be raised to 25 feet, if desirable. The total ground enclosure within the wall is 7 $\frac{1}{2}$ acres. This enclosure has been taken as sufficient for an increase of prison capacity to 1,000 prisoners.

While the cell building and dining room are laid out for 250 men, it seems likely, in view of past experience with prison work, that future requirements would demand greatly increased capacity, say, up to 1,000 prisoners. Therefore, the general plan has been arranged to admit of a symmetrical increase in capacity to that number as will be found tabulated, in the accompanying memoranda of approximate costs.

MEMORANDA OF APPROXIMATE COSTS.

Building.	Remarks.	Estimated Cost.
Wall	Area enclosed suitable for prison of ultimate capacity of 1,000 men	\$111,500 00
Cell building	Capacity 256 single cells, space provided for additional cell blocks up to 1,000 cells	105,000 00
Dining-room	Seating capacity 250 men, ground space provided for increase up to 1,000 men	16,000 00
Kitchen	Ample space for cooking for 1,000 men	21,500 00
Commissary building	Will take care of 1,000 men, depending upon convenience of supply center	7,500 00
Administration building	Size practically independent of capacity of prison, depends on organization	40,000 00
Officers and guards' building	Probably ample for prison of capacity up to 1,000, further extensions should be in the form of individual cottages for married employes. Depends on convenience to town	42,500 00
Warden's residence	Independent of prison capacity	22,500 00
Deputy warden's residence	Independent of prison capacity	12,000 00
Officers' residences	Six provided, probably sufficient up to prison capacity of 1,000, depends on organization, proximity to town, etc.	24,000 00
Stable	Size and cost dependent upon acreage farmed, and prison requirements, distance from station, etc.	7,500 00
Hospital	Ample for prison of 1,000 men under ordinary conditions	35,000 00
Trades school	Probably ample for prison capacity up to 500 men, depends upon attention paid to agriculture and similar pursuits	110,000 00
Total erected by contract	\$555,000 00

If only the buildings actually necessary were built by contract, cell building, kitchen and dining-room, administration building, commissary building, officers and guards' quarters, warden's residence, which would leave the wall, the stable, the hospital, trades building and officers' residences to be erected by prison labor, the first appropriation need be only \$255,000.00. This would make a large saving on the labor item in the last named buildings, besides furnishing useful work for the inmates for several years.

Respectfully submitted.

W. R. ECKART.

February 5, 1907.

On motion of Senator Belshaw, the above report was adopted.

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 6, 1907.

To the Senate of the State of California:

I return herewith my approval of Senate Bill No. 850 providing for the removal of the seat of government from Sacramento to Berkeley.

I am constrained to sign this bill because of the very large and overwhelming vote received by it in both Houses, and because I believe that the amending of our Constitution in any particular should be decided by the members of the Legislature, and by the people themselves voting directly thereon, and not by the Governor.

The people have the right to decide, under the Constitution, where the seat of government shall be, and when their representatives in the Legislature, by a two-thirds vote, as required by the Constitution, move to have the seat of government changed, either by a bill or resolution, then it seems to me that there is only one course for the Executive to pursue, and that is to give the bill his approval, and let the matter go directly to the people for their decision, no matter what his personal views may be.

In passing on the question of removing the seat of government from the City of Sacramento to Berkeley, I trust that none but fair and legitimate arguments will be used, and that nothing will be said or done that can in any sense tend to injure the great Sacramento Valley, which is destined to be one of the most populous and prosperous parts of our State, and a section that all California will be proud of.

J. N. GILLET,
Governor of California.

PETITIONS.

The following petitions were presented and ordered printed in the Journal:

By Senator Mattos:

To His Excellency, James N. Gillett, Governor of California, and to the Senate, and to the Assembly, of the State of California:

We, the undersigned citizens of California, send greeting:

And we hereby earnestly petition your favorable action in passing at the present session of the Legislature remedial legislation on the subject of divorce substantially as set forth in Senate Bills Nos. 402, 403, 404, 405, and 406; providing (1) for divorce from bed and board, and personal service on defendant, whether within or without the State, and for restriction of migratory divorces; (2) for requiring the district attorney to appear in all divorce proceedings in his county in behalf of the State to prevent collusion or fraud, or a one-sided presentation of default cases; (3) for making it a misdemeanor or crime to be guilty of any of the acts or omissions that constitute a ground for divorce, or to be guilty of collusion or fraud in divorce proceedings; (4) providing for service of summons and all other papers in divorce cases on the district attorney, and giving the co-respondent in adultery cases notice and right to intervene.

And in support of our petition we recite the significant facts: (1) That the number of divorces has increased to an alarming extent, illustrated by the fact that in Los Angeles County in 1905 one divorce case was filed to every four marriage licenses issued; (2) Judges estimate that in ninety per cent (90%) of divorce cases there is no appearance by defendant; (3) More than one half the divorces granted in California are for trivial causes such as desertion and failure to provide; (4) The best thought and civic conscience of our entire nation is now being aroused to a recognition of the alarming growth of the divorce evil, a fact recognized by the President of the United States in his last annual message to Congress.

We plead (1) for a more practical and more just system of sifting out the right and wrong in divorce cases; (2) for the right to demand legal separation only, where the injured one in marital troubles has conscientious scruples against absolute divorce; (3) for the appropriate punishment of those who willfully violate the solemn obligations of the sacred marriage vow; (4) for the more adequate protection of the sacred marriage relation; and (5) for the stability and permanence of the home, because the home is the rock upon which both the State and the nation are founded, and if the home decays, both State and nation must crumble and fall.

SENATE JOINT RESOLUTION No. 12.

WHEREAS, The mining industry is annually adding nearly two billions of dollars to the wealth of the United States, and is furnishing employment to more than half a million men directly engaged in the mining industry, as well as furnishing the material absolutely necessary to the employment of a still larger additional number of men, and

WHEREAS, The loss of life (being 3.53 per 1000 in coal mining operations in the United States as against 1.35 per 1000 in England) through a lack of proper precautions in mining operations, over which but little, if any, supervision is exercised, is a disgrace to the government, from which the man is supposed to have greater consideration than the dollar, and

WHEREAS, The product of the mine, when exhausted, cannot be replaced, and

WHEREAS, The enormous waste of metal resources, through the application of unscientific methods of mining and treatment, and the enormously extravagant waste of fuel, through both carelessness and unscientific methods, is a menace to our future industrial growth, and

WHEREAS, The United States is the only English speaking nation in which this important industry receives relatively such small consideration.

Therefore, be it resolved by the Senate and Assembly of the State of California, concurring jointly, That we urge upon the Congress of the United States the importance of the creation of a department of mines, with its head a member of the President's Cabinet, through which human life may receive protection, and the mineral resources may be conserved, and production increased through governmental control and the application of scientific methods, and

Be it further resolved, That a copy of these resolutions be forwarded to the Senate and the House of Representatives of the United States, and to each of our Representatives in the United States Congress, and that the Governor of this State be instructed to communicate with the President of the United States, requesting his cooperation in bringing about the creation of a Department of Mining, through which the mining industry may receive that governmental recognition and assistance to which it is entitled as one of the two great productive industries of this country.
